SUPPLEMENTARY INFORMATION: On August 13, 1999, we published a notice (64 FR 44231) to describe the MCAC, which provides advice and recommendations to us about clinical issues. This notice announces the following public meeting of the MCAC.

Current Panel Members

Meeting Topic

The Panel will hear and discuss presentations from interested persons regarding electrostimulation for the treatment of wounds the first day and sacral nerve stimulation for the treatment of refractory urinary urge incontinence and refractory urgency-frequency syndrome in adults the second day.

Procedure and Agenda

This meeting is open to the public. The panel will hear oral presentations from the public for approximately 2.5 hours each day of the meeting. The Panel may limit the number and duration of oral presentations to the time available. If you wish to make formal presentations, you must notify the Panel in writing at least 10 days prior to the meeting date and request that you be given the opportunity to present a presentation. Each oral presentation shall be limited to no more than 20 minutes. After the public presentation, we will make a presentation to the Panel. After our presentation, the Panel will deliberate openly on the topic. Interested persons may observe the deliberations, but the Panel will not hear further comments during this time except at the request of the chairperson. Each day, the Panel will allow approximately a 30-minute open public session for any attendee to address issues specific to the topic. At the conclusion of each day, the members will vote and the Panel will make its recommendation.

Receipt of Applications for INCIDENTAL PERMITS AND AVAILABILITY OF AN ENVIRONMENTAL ASSESSMENT ASSOCIATED WITH AN AMENDMENT TO THE OCEAN TRAILS HABITAT CONSERVATION PLAN, CITY OF RANCHO PALOS VERDES, LOS ANGELES COUNTY, CA

AGENCY: Fish and Wildlife Service.

ACTION: Notice of availability.

SUMMARY: Ocean Trails, L.P. and the City of Rancho Palos Verdes (Applicants) have applied to the Fish and Wildlife Service for approval of an amendment to the Ocean Trails Habitat Conservation Plan and for issuance of incidental take permits pursuant to section 10(a)(1)(B) of the Endangered Species Act, 1973, as amended (Act). In 1997, the Service issued incidental take permit PRT–799348 to the Palos Verdes Land Holdings Company and the Zuckerman Building Company for incidental take of the threatened coastal California gnatcatcher (Polioptila californica californica) and other species associated with the Ocean Trails Project in Rancho Palos Verdes, California.

Subsequently, the original permittees formed the Ocean Trails, Limited Partnership, a new legal entity that proposes to assume the responsibilities of the original permittees. Since permit issuance, a landslide and road damage have occurred within habitat areas that were established as mitigation for the Ocean Trails Project. Both Applicants now seek permits for a period of 10 years that would authorize incidental take of the coastal California gnatcatcher associated with landslide and road repair proposed under the amendment to the Habitat Conservation Plan. In addition, Ocean Trails, L.P. seeks to transfer permit PRT–799348 to itself and to add the endangered Palos Verdes blue butterfly (Glauropsyche lygdamus palosverdesensis) to this amended permit in the event that this species colonizes the planning area.

The Service seeks public comment on the permit applications, which include an Assumption Agreement for Ocean Trails L.P., as well as amendments to the original Habitat Conservation Plan and to the Implementation Agreement that defines the responsibilities of the parties under the Plan. We also seek comment on an amendment to the Environmental Assessment for our proposed permit actions. All comments will become part of the administrative record and may be released to the public.
