You may obtain copies of the collection requirement and related forms and explanatory material by contacting the Service’s Information Collection Clearance Officer at the phone number listed below. The Service is soliciting comments and suggestions on the requirement as described below.

DATES: Interested parties must submit comments on or before November 14, 2000.

ADDRESSES: Interested parties should send comments and suggestions on the requirement to Rebecca A. Mullin, Information Collection Officer, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Suite 222, Arlington, VA 22203, (703) 358–2287 or Rebecca Mullins@fws.gov.

SUPPLEMENTARY INFORMATION:

Title of Forms: Summary Information for Ranking National Coastal Wetlands Conservation Grant Program Proposal.

Description and Use: The Service administers the National Coastal Wetlands Conservation Grant program authorized by the Coastal Wetlands Planning, Protection and Restoration Act. The Service uses the information collected to evaluate proposals under this program. This includes summarized information on habitat, coastal barriers, levels of conservation, watershed management, threatened and/or endangered species potentially involved, benefits of the restoration proposed, partners, cost sharing, education/outreach impact, impact on wildlife-oriented recreation and other
benefits and determining if the estimated cost is reasonable.

Service Form Numbers: 3–2179 (Summary Information for Ranking National Coastal Wetlands Conservation Grant Program Proposals).

Supplemental Information: The Service plans to submit the following information collection requirements to OMB for review and approval under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are invited on (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of burden of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) ways to minimize the burden of collection of information on respondents, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Frequency: Generally annually.

Description of Respondents: States, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, the Virgin Islands, and American Samoa.

INSTRUCTIONS FOR SUMMARY INFORMATION FOR RANKING
NATIONAL COASTAL WETLANDS CONSERVATION GRANT PROGRAM PROPOSALS

A. Prepare your grant proposal.

B. Guidance and examples for calculation for question #11.

NOTE TO APPLICANTS AND REVIEWERS: The purpose of this criteria is to increase the amount of match dollars from non-Federal sources. This decreases the need for Federal match dollars, so that Federal dollars can help more projects.

Documentation of each partner’s financial commitment must accompany the proposal to receive points.

If the State itself provides the excess match they should receive credit for reducing the Federal share.

Each 5 percent above the required match would be approximately equal to 1 point.

The following two examples, using both a 50 and 75 percent Federal match share, define a 10 percent increase in a State’s match amount.

EXAMPLE 1 - 50 Percent Federal Match

If the total project costs are: $100,000
Then the required State match share is: $50,000
If the State or a partner provides an additional cash contribution equal to 10 percent of the $50,000*: $5,000

This is defined as a 10 percent increase in the State match

EXAMPLE 2 - 75 Percent Federal Match

If the total project costs are: $100,000
Then the required State match share is: $25,000
If the State or a partner provides an additional cash contribution equal to 10 percent of the $25,000*: $2,500

This is defined as a 10 percent increase in the State match.

* From sources other than Federal agencies. Natural Resource Damage Assessment funds may in some cases be defined as “non-Federal.” See discussion under 50 CFR 84.46 “What are the cost sharing requirements?”
