SUMMARY: CT 620 Partnership, Ltd. (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an incidental take permit pursuant to section 10(a) of the Endangered Species Act (Act). The Applicant has been assigned permit number TE-036095-0. The requested permit, which is for a period of 30 years, would authorize the incidental take of the endangered golden-cheeked warbler (Dendroica chrysoparia). The proposed take would occur as a result of the construction of five residences on 50.08 acres on Hughes Park Road near RR 620, Austin, Travis County, Texas.

The Service has prepared the Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application. A determination of jeopardy to the species or a Finding of No Significant Impact (FONSI) will not be made before 60 days from the date of publication of this notice. This notice is provided pursuant to section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

DATES: Written comments on the application should be received by February 26, 2001.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the “taking” of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Applicant

CT 620 Partnership, Ltd. plans to construct five residences on portions of 50.08 acres on Hughes Park Road near RR 620, Austin, Travis County, Texas. This action will indirectly impact the habitat of the golden-cheeked warbler. The development will eliminate approximately 16 acres of golden-cheeked warbler habitat which may result in the take of one to two golden-cheeked warbler territories. The applicant proposes to compensate for this incidental take of golden-cheeked warbler habitat by providing $304,000 to the Balcones Canyonslands Preserve for the purchase and preservation of golden-cheeked warbler habitat; minimizing habitat destruction; education and encouragement of the homeowners in the use of xeriscaping, clearing only between August 1 to March 1 when the warblers are not present; and prohibition of deer and bird feeders that encourage the growth of populations of species that parasitize, predate or out compete the golden-cheeked warbler or destroy its habitat. Alternatives to this action are not preferred because not developing the subject property with federally listed species present was not economically feasible and alteration of the project design would increase the impacts.

Purpose.

The purpose of this ordinance is to regulate and control the possession and sale of liquor within the Indian Country Otoe-Missouria Tribe of Oklahoma. The enactment of a tribal ordinance governing liquor possession and sale on the Otoe-Missouria Tribe of Oklahoma Indian Country will increase the ability of the tribal government to control the sale, distribution and possession of liquor and will provide an important source of revenue for the continued operation and strengthening of the tribal government and the delivery of tribal government services. Effective date.

This ordinance shall be effective on certification by the Secretary of the Interior and its publication in the Federal Register.

Article I. Declaration of Public Policy and Purpose

(1) The introduction, possession, and sale of liquor in the Otoe-Missouria Tribe of Oklahoma are a matter of special concern to the Otoe-Missouria Tribe.

(2) Federal law forbids the introduction, possession and sale of liquor in Indian Country (18 U.S.C. 1154 and other statutes), except when same is in conformity both with the laws of the State and the Tribe (18 U.S.C. 1161). As such, compliance with this ordinance shall be in addition to, and not a substitute for, compliance with the laws of the State of Oklahoma.

(3) The Otoe-Missouria Tribal Council finds that a complete ban on liquor within the Otoe-Missouria Tribe of Oklahoma Indian Country is ineffective and unrealistic. However, it recognizes that a need still exists for strict regulation and control over liquor transactions within the Otoe-Missouria Tribe of Oklahoma Indian Country because of the many potential problems associated with the unregulated or inadequately regulated sale, possession, distribution, and consumption of liquor. The Otoe-Missouria Tribal Council finds that exclusive tribal control and regulation of liquor is necessary to achieve maximum economic benefit to the Tribe, to protect the health and welfare of tribal members, and to address specific concerns relating to alcohol use on the Otoe-Missouria Tribe of Oklahoma Indian Country. (4) It is in the best interests of the Tribe to enact a tribal ordinance governing liquor sales on the Otoe-Missouria Tribe of Oklahoma Indian Country, which provides for purchase, distribution, and sale of liquor only on tribal lands within the exterior boundaries of the Otoe-Missouria Tribe of Oklahoma Indian Country. Further, the Tribe has determined that said purchase, distribution, and sale shall take place only at a tribally-owned gaming facility complex.

Article II. Definitions

(1) As used in the title, the following words shall have the following meaning unless the context clearly requires otherwise:

(b) Alcoholic Beverage is synonymous with the term liquor as defined in Article III(f) of this Chapter.

(c) Bar means any establishment with special space and accommodations for the sale of liquor by the glass and for consumption on the premises as herein defined.

(d) Beer means any beverage obtained by the alcoholic fermentation of an infusion or decoction of pure hops, or pure extract of hops and pure barley malt or other wholesome grain or cereal in pure water and containing the percent of alcohol by volume subject to regulation as an intoxicating beverage in the state where the beverage is located.
