publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301)–443–1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

**Proposed Project: State-by-State Self Assessment of Trauma Care Systems—(NEW)**

The Health Resources and Services Administration (HRSA) proposes to collect baseline data from the 56 States and Territories on their current trauma care systems and self-identified unmet needs to achieve minimum standards for a comprehensive statewide trauma care program. This information will be used to establish a national strategy to assist in future grant opportunities to the States to improve or enhance their basic systems infrastructure in trauma care. The survey includes an assessment of trauma care systems, readiness to participate in disaster relief efforts, and infrastructure development needs. HRSA’s Maternal and Child Health Bureau (MCHB) and the Office of Rural Health Policy and the Department of Transportation’s Emergency Medical Services Division are jointly administering this project. HRSA has included national performance measures for Trauma/EMS for this project in accordance with the requirements of the “Government Performance and Results Act (GPRA) of 1993” (Public Law 103–62). This act requires the establishment of measurable goals for Federal programs that can be reported as part of the budgetary process, thus linking funding decisions with performance.

The estimated response burden is as follows:

<table>
<thead>
<tr>
<th>Type of form</th>
<th>Number of respondents</th>
<th>Responses per respondent</th>
<th>Burden hour per response</th>
<th>Total burden hours</th>

**Fish and Wildlife Service**

**Availability of Draft Comprehensive Conservation Plan and Environmental Assessment for Seedskadee National Wildlife Refuge, Green River, WY**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of Availability.

**SUMMARY:** Pursuant to the Refuge Improvement Act of 1997, the U.S. Fish and Wildlife Service has published the Draft Seedskadee National Wildlife Refuge Comprehensive Conservation Plan and Environmental Assessment. This Plan describes how the FWS intends to manage the Seedskadee NWR for the next 10 to 15 years.

**DATES:** Submit written comments by November 30, 2001. All comments need to be addressed to: Carol Damberg, Refuge Manager, U.S. Fish and Wildlife Service, Seedskadee National Wildlife Refuge, P.O. Box 700, Green River, WY 82935

**ADDRESSES:** A copy of the Draft Plan may be obtained by writing to U.S. Fish and Wildlife Service, Seedskadee NWR, P.O. Box 700, Green River, WY 82935 or from http://www.r6.fws.gov/larp/.

**FOR FURTHER INFORMATION CONTACT:** Carol Damberg, U.S. Fish and Wildlife Service, Seedskadee NWR, P.O. Box 700, Green River, WY 82935, phone 307/875–2187; fax 307/875–4425; E-mail: carol_damberg@fws.gov.

**SUPPLEMENTARY INFORMATION:** The 26,382-acre Seedskadee National Wildlife Refuge is located within the Central Flyway, the Upper Colorado River Ecosystem, and the Green River Basin in southwestern Wyoming, about 37 miles northwest of the city of Green River, WY. Seedskadee NWR was established in 1965 through the Colorado River Storage Project Act of 1956. Section 8 of this Act provided for the establishment of wildlife habitat development areas to offset the loss of wildlife habitat resulting from reservoir development in the Colorado River Drainage. The Seedskadee Reclamation Act of 1958 specifically authorized acquisition of lands for Seedskadee NWR. Seedskadee NWR’s purpose is defined by two pieces of Federal enabling legislation. The principal purpose of Seedskadee NWR is to provide for the conservation, maintenance, and management of wildlife resources and its habitat including the development and improvement of such wildlife resources (Fish and Wildlife Coordination Act 16 U.S.C. 664). Additionally, the Refuge is charged to protect the scenery, cultural resources, and other natural resources and provide for public use and enjoyment of compatible wildlife-dependent activities (Colorado River Storage Act 43 U.S.C. 620g). Besides these, the 35th legislature of the State of Wyoming passed enrolled Act No. 54 in 1959 “providing consent of the State of Wyoming to the acquisition by the United States where approved by the Wyoming Game and Fish Commission and the State Land Board, of lands for the establishment of migratory bird refuges.” All efforts leading to the preparation of this draft CCP were undertaken to provide the Refuge with a vision for the future, guidelines for wildlife and habitat management over the next 15 years to ensure progress is made toward attaining the mission and goals of Seedskadee NWR and the Refuge System, and to comply with Congressional mandates stated in the National Wildlife Refuge System Improvement Act of 1997. The CCP will be used to prepare step-down management plans and revise existing plans. It also will be used to prepare budgets which describe specific actions to be taken by the Refuge over the next...

Notice of Receipt of Applications for Permit

Endangered Species

The public is invited to comment on the following application(s) for a permit to conduct certain activities with endangered species. This notice is provided pursuant to section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, et seq.). Written data, comments, or requests for copies of these complete applications should be submitted to the Director (address below) and must be received within 30 days of the date of this notice.

Applicant: Fred H. Palmer, Kremmling, CO, PRT-0468683.

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (Damaliscus pygargus dorcas) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: John A. Blankenship, Deputy Regional Director, Denver, Colorado.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Yakima River Basin Conservation Advisory Group

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of renewal.

SUMMARY: This notice is published in accordance with section 9(a)(2) of the Federal Advisory Committee Act of 1972 (Public Law 92–463). Following consultation with the General Services Administration, notice is hereby given that the Secretary of the Interior is renewing the Yakima River Basin Conservation Advisory Group (CAG).

The purpose of the Committee is to provide assistance and recommendations to the Secretary of the Interior and the State of Washington on the structure and implementation of the Yakima River Basin Water Conservation Program. In consultation with the State, the Yakima Nation, Yakima River basin irrigators, and other interested and related parties, six members and a facilitator are appointed to serve on the Yakima River Basin Water Conservation Advisory Group (CAG).

The basin conservation program is structured to provide economic incentives with cooperative Federal, State, and local funding to stimulate the identification and implementation of structural and nonstructural cost-effective water conservation measures in the Yakima river basin. Improvements in the efficiency of water delivery and use will result in improved streamflows for fish and wildlife and improve the reliability of water supplies for irrigation.

FOR FURTHER INFORMATION CONTACT: Jim Esget, Manager, Yakima River Basin Water Enhancement Program, telephone (509) 575–5848, extension 267.

The certification of renewal is published below:

Certification

I hereby certify that renewal of the Yakima River Basin Conservation Advisory Group is in the public interest in connection with the performance of duties imposed on the Department of the Interior.

Gale A. Norton,
Secretary of the Interior.
