SUPPLEMENTARY INFORMATION: The 2,722-acre North Platte National Wildlife Refuge is located in the Nebraska Panhandle, within the Central Flyway and Kansas/Platte Rivers ecosystem, about eight miles north of the city of Scottsbluff, NE. This Refuge is superimposed over or adjoining three Bureau of Reclamation reservoirs consisting of Lake Minatare, Winters Creek Lake, and Lake Alice. The North Platte NWR was established by Executive Order in 1916 as a “preserve and breeding ground for native birds.” Since the Refuge is superimposed over Bureau lands, it remains subordinate to “Reclamation service uses.” Management of the North Platte NWR will be guided by its purpose to provide a preserve and breeding ground for migratory birds as well as to provide for the life requirements of other species of wildlife, subject to Bureau uses, and to provide compatible, high quality environmental education and wildlife-oriented recreational opportunities.

John A. Blankenship,
Regional Director, Denver, Colorado.

Emergency Closure of Public Lands

AGENCY: Bureau of Land Management, Interior.

ACTION: Emergency closure of public lands for access on all roads, trails and cross country travel to mechanized vehicles (motorized vehicles of all types) on public lands administered by BLM in Elmore County, Idaho, containing 480 acres.

SUMMARY: The operation of all mechanized vehicles (motorized vehicles of all types) on public lands administered by BLM on the S1/2, Section 19, and N1/2N1/2, Section 30; T. 1 S., R. 5 E., Boise Meridian, Elmore County, Idaho is hereby prohibited. The emergency access closure is intended to protect special status plant species, and their habitats, from further degradation and demise. Also, due to the unauthorized road excavation over an existing petroleum pipeline this unauthorized activity has made the pipeline dangerously close to the surface putting the public’s health, safety and well-being at extremely high risk. The closure will go into effect immediately and will expire October 4, 2003. Exceptions to this closure may include vehicle use for administrative and emergency purposes. Under special circumstances, the authorized officer may issue a permit allowing vehicle access into the area for specific purposes.

Definitions: (a) “Public lands” means any lands or interests in lands owned by the United States and administered by the Secretary of the Interior through the Bureau of Land Management. (b) “Authorized Officer” means any employee of the Bureau of Land Management who has been delegated the authority to perform the duties described in this order. (c) “Emergency vehicles” means any fire or law enforcement vehicle use for emergency purposes. (d) “Administrative vehicles” refers to any vehicles used by an employee, agent or designated representative of the federal government, or one of its contractors, in the course of their employment, agency or representation.

EFFECTIVE DATE: This Emergency Access Closure Order is effective immediately through October 4, 2003.
