Health Resources and Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443–1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Web-based Semi Annual Report (SAR): NEW

The Health Resources and Services Administration (HRSA), Bureau of Primary Health Care (BPHC) plans to collect the annual reporting requirements for the primary care grantees funded by BPHC using a web-based Semi Annual Report (SAR). The SAR includes reporting requirements for grantees of the following primary care programs: State Primary Care Associations and State Primary Care Offices. Authorizing legislation is found in Public Law 104–299, Health Center Consolidation Act of 1996, enacting Section 330 of the Public Health Service Act.

BPHC collects data on its programs to ensure compliance with legislative mandates and to report to Congress and policymakers on program accomplishments. To meet these objectives, BPHC requires a core set of information collected semi-annually that is appropriate for monitoring and evaluating performance and reporting on annual trends. The SAR, completed by all grantees, provides data on services, characteristics of populations, leveraged funds, and services that fall within the scope of the grant.

The estimated burden is as follows:

<table>
<thead>
<tr>
<th>Form</th>
<th>Number of respondents</th>
<th>Responses per respondent</th>
<th>Hours per response</th>
<th>Total burden hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>SAR</td>
<td>106</td>
<td>2</td>
<td>18</td>
<td>3816</td>
</tr>
</tbody>
</table>

Dates: Written data, comments or requests must be received by May 3, 2002.

Addresses: Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203; fax 703/358–2281.

For further information contact: Division of Management Authority, telephone 703/358–2104.

Supplementary Information:

Endangered Species

The public is invited to comment on the following application(s) for a permit to conduct certain activities with endangered species. This notice is provided pursuant to Section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, et seq.). Written data, comments, or requests for copies of these complete applications should be submitted to the Director (Addresses above).

Applicant: David Eugene Arledge, Dallas, TX, PRT–053861

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (Damaliscus pygargus dorcas) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Robert E. Miller, Baltimore, MD, PRT–053942

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (Damaliscus pygargus dorcas) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Thomas E. Murphy, Wilmette, IL, PRT–053978

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (Damaliscus pygargus dorcas) culled from a captive herd maintained under the management program of the Republic of South Africa.
for the purpose of enhancement of the survival of the species.

Applicant: Field Museum of Natural History, Chicago, IL, PRT–053039

The applicant requests a permit to import ninety-five specimens of mouse lemurs (Microcebus spp.) and fifty-seven fat-tailed lemurs (Cheirogaleus spp.) removed from wild populations in Madagascar for scientific research.

The U.S. Fish and Wildlife Service has information collection approval from OMB through March 31, 2004, OMB Control Number 1018–0093. Federal Agencies may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a current valid OMB control number.

Dated: March 8, 2002.

Anna Barry, Senior Permit Biologist, Branch of Permits, Division of Management Authority.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Emergency Exemption Issuance of Endangered Species Recovery Permit

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of emergency exemption issuance.

SUMMARY: The following applicant has been issued a scientific research permit to conduct certain activities with an endangered species pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 USC 1531 et seq.).

FOR FURTHER INFORMATION CONTACT: Linda Belluomini, Permits Biologist at 503–231–2063.

SUPPLEMENTARY INFORMATION: The pygmy rabbit has undergone dramatic annual declines since 1998, and the entire wild portion of this population now consists of fewer than 50 individuals from just 1 known colony on State land in Douglas County, Washington. As part of a captive breeding program, initiated by the WDFW during the spring of 2001, an additional 14 individuals from this population are being held in captivity, including 5 offspring born at the holding facility. The capture of additional animals from the wild, throughout the species range, will help to ensure genetic diversity of the species by complementing the genetic profiles and potential breeding scenarios of those already in captivity. Any pygmy rabbits that are not considered essential to the captive breeding program will be left in the wild, and ongoing management to protect this portion of the population will continue.

Pygmy rabbits may experience significant mortality due to increased susceptibility to wild fires if fire breaks located within their habitat are not properly maintained. These firebreaks need to be maintained before reproductive behavior is exhibited and especially prior to young of the year being born as early as mid-April. Delay in the WDFW’s planned activities due to the 30-day public comment period could jeopardize the success of the captive breeding program and, ultimately, the long-term security of the pygmy rabbit.

Dated: March 20, 2002.

Rowan W. Gould, Regional Director, Region 1, Portland, Oregon.

Aquatic Nuisance Species Task Force Northeast Regional Panel Meeting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of meeting.

SUMMARY: This notice announces meeting of the Aquatic Nuisance Species (ANS) Task Force Northeast Regional Panel. The meeting topics are identified in the SUPPLEMENTARY INFORMATION.

DATES: The Northeastern Regional Panel meeting will be held at the Quality Inn and Suites, 1380 Putney Road, Brattleboro, Vermont 05301. Phone 802–254–8701.

FOR FURTHER INFORMATION CONTACT: Susan Snow-Cotter, 617–626–1202 or Sharon Gross, Executive Secretary, Aquatic Nuisance Species Task Force at 703–359–2308.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. I), this notice announces meetings of the Aquatic Nuisance Species Task Force Northeast Regional Panel. The Task Force was established by the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990.

The Northeast Regional Panel was established on July 25, 2001 to advise and make recommendations to the Aquatic Nuisance Species Task Force on issues relating to the Northeast region of the United States. Geographically, the Northeast region is defined to include the jurisdictions of the states of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, and New York. The Northeast Regional Panel will discuss several topics at this meeting including: membership of the Panel, updates from the Coastal and Inland subcommittees, updates from the Aquatic Nuisance Species Task Force and Invasive Species Council on national issues, reauthorization of the National Invasive Species Act, updates on the development of State ANS Plans, findings and management recommendations from the ANS Vector Study, and other topics.

Minutes of the meeting will be maintained by the Executive Secretary, Aquatic Nuisance Species Task Force, Suite 810, 4401 North Fairfax Drive, Arlington, Virginia 22203–1622, and will be available for public inspection during regular business hours, Monday through Friday.

Dated: March 27, 2002.

Cathleen I. Short, Co-chair, Aquatic Nuisance Species Task Force, Assistant Director—Fisheries & Habitat Conservation.
