

HUD for suitability for possible use to assist the homeless.

EFFECTIVE DATE: June 6, 2002.

FOR FURTHER INFORMATION CONTACT:

Mark Johnston, Department of Housing and Urban Development, Room 7262, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988 court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: May 31, 2002.

John D. Garrity,

Director, Office of Special Needs Assistance Programs.

Fish and Wildlife Service

Endangered and Threatened Species Permit Application

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of application.

The following applicant has applied for scientific research permit to conduct certain activities with endangered species pursuant to sections 10(a)(1)(A) and 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, *et seq.*).

Permit Number TE004812-1

Applicant: Timothy J. Krynak, Rocky River Nature Center, North Olmsted, Ohio.

The applicant requests a permit amendment to take (capture, handle, and harass) Indiana bat (*Myotis sodalis*) throughout Summit, Cuyahoga, and Medina Counties in Ohio. The scientific research is aimed at enhancement of survival of the species in the wild.

Permit Number TE057462

Applicant: Mark D. Yates, Columbia, Missouri.

The applicant requests a permit amendment to take (capture, handle, and harass) Indiana bat (*Myotis sodalis*) and gray bat (*Myotis grisescens*) in Missouri. The scientific research is aimed at enhancement of survival of the species in the wild.

Written data or comments should be submitted to the Regional Director, U.S. Fish and Wildlife Service, Ecological Services, 1 Federal Drive, Fort Snelling, Minnesota 55111-4056, and must be received within 30 days of the date of this publication.

Documents and other information submitted with this application are available for review by any party who requests a copy from the following office within 30 days of the date of publication of this notice: U.S. Fish and Wildlife Service, Ecological Services, 1 Federal Drive, Fort Snelling, Minnesota 55111-4056, *peter_fasbender@fws.gov*, telephone (612) 713-5343, or FAX (612) 713-5292.

Dated: May 23, 2002.

Charles M. Wooley,

Assistant Regional Director, Ecological Services, Region 3, Fort Snelling, Minnesota.

Endangered and Threatened Wildlife and Plants; Annual Notice of Recycled Petition Finding for the Slender Moonwort

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of review.

SUMMARY: In this notice of review, we announce our recycled petition finding, as required in section 4(b)(3)(C)(i) of the Endangered Species Act of 1973, as amended, for *Botrychium lineare* (slender moonwort). When, in response to a petition, we complete a 12-month finding that listing a species is warranted but precluded, we must make a new 12-month finding each year until we publish a proposed rule or make a determination that listing is not warranted. These subsequent 12-month findings are referred to as recycled petition findings.

Information contained in this notice of review is based on our review of the current status and threats to this species that is the subject of an outstanding warranted but precluded finding. Based

on our review, we find that *Botrychium lineare* continues to warrant listing, but this activity is precluded by listing activities of higher priority.

We request additional status information that may be available for this species. We will consider this information in preparing listing documents and future recycled petition findings. This information will help us in monitoring changes in the status of *Botrychium lineare* and in conserving this species.

DATES: We will accept comments on this recycled petition finding at any time.

ADDRESSES: Submit your comments to the Supervisor, U.S. Fish and Wildlife Service, Snake River Basin Office, 1387 S. Vinnell Way, Room 368, Boise, Idaho 83709. Written comments and materials received in response to this notice will be available for public inspection, by appointment, during normal business hours at the Snake River Basin Office.

FOR FURTHER INFORMATION CONTACT: Robert Ruesink, Supervisor (see **ADDRESSES** section) (telephone 208/378-5243; facsimile 208/378-5262).

SUPPLEMENTARY INFORMATION:

Background

The Endangered Species Act of 1973, as amended (Act) (16 U.S.C. 1531 *et seq.*), provides two mechanisms for considering species for listing. First, the Act places on the Service the duty to identify and propose for listing those species which we find require listing under the standards of section 4(a)(1). We implement this through the candidate assessment program. Candidate species are those taxa for which we have on file sufficient information on biological vulnerability and threats to support proposals to list them as endangered or threatened. Issuance of proposed rules for these species is precluded, at present, by other higher priority listing actions. Second, the Act provides a mechanism for the public to petition us to add a species to the Lists of Threatened and Endangered Wildlife and Plants. Under section 4(b)(3)(A), when we receive such a petition, we must determine within 90 days, to the maximum extent practicable, whether the petition presents substantial information that listing is warranted (a "90-day finding"). If we make a positive 90-day finding, under section 4(b)(3)(B), we must make one of three possible findings within 12 months of the receipt of the petition (a "12-month finding").

The first possible 12-month finding is that listing is not warranted, in which case we need take no further action on the petition. Second, we may find that
