For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

2. TEMPORARY §165.T07–011 is added to read as follows:

§165.T07–011 Safety Zone: Biscayne Bay one mile North of Julia Tuttle Causeway, Miami Beach, FL.

(a) Regulated area. The Coast Guard is establishing a temporary safety zone encompassing a 400-foot circle surrounding a barge in approximate position 25°49′47″N, 80°10′30″W in Biscayne Bay one mile North of Julia Tuttle Causeway for the Julia Tuttle fireworks display.

(b) Regulations. In accordance with the general regulations in §165.23 of this part, anchoring, mooring or transiting in this zone is prohibited unless authorized by the Coast Guard Captain of the Port, Miami, FL.

(c) Effective dates: This rule is effective from 8 p.m. on March 6, 2003 until 10 p.m. on March 6, 2003.

J.A. Watson, Commander, U.S. Coast Guard, Acting Captain of the Port of Miami.

Subsistence Management Regulations for Public Lands in Alaska

AGENCIES: Forest Service, Agriculture; Fish and Wildlife Service, Interior.

ACTION: Direct final rule.

SUMMARY: We, the U.S. Forest Service and U.S. Fish and Wildlife Service, are amending the regulations governing subsistence use of wildlife in Alaska by clarifying how old a person must be to receive a Federal Subsistence Registration Permit or Federal Designated Harvester Permit and by removing the requirement that Regional Councils must have an odd number of members. These changes are noncontroversial and are designed to ensure that the regulations for the Federal Subsistence Management Program in Alaska are easy for the public to understand and reflect current policies.

DATES: This rule will be effective on April 21, 2003, unless we receive written adverse comments or written notice of intent to submit adverse comments on or before April 4, 2003.

ADDRESSES: Submit written comments to the Office of Subsistence Management, 3601 C Street, Suite 1030, Anchorage, AK 99503. Submit electronic comments to Bill.Kno aer@fws.gov. For electronic comments, please submit as either WordPerfect or MS Word files, avoiding the use of any special characters and any form of encryption.

FOR FURTHER INFORMATION CONTACT: For Forest Service questions, contact Ken Thompson, Regional Subsistence Program Manager, USDA–FS Alaska Region, at (907) 786–3592. For Fish and Wildlife Service questions, contact Thomas H. Boyd at (907) 786–3888.

SUPPLEMENTARY INFORMATION:

Background

On May 7, 2002, we published in the Federal Register (67 FR 30559–30571) a final rule that made certain changes to the regulations. In that final rule, we clarified how old a person must be to receive a Federal Subsistence Registration Permit or Federal Designated Harvester Permit, and we retained, without change, a long-held requirement that Regional Councils must have an odd number of members.

At the request of other agencies, in the final rule, we added language to §_____.6(b) of the regulations to clarify that, “In order to receive a Federal Subsistence Registration Permit or Federal Designated Harvester Permit or designate someone to harvest fish or wildlife for you under a Federal Designated Harvester Permit, you must be old enough to have reasonably harvested the harvest yourself (or under the guidance of an adult).” Since the publication of the final rule, we have determined that this language could be misleading and should be further clarified. Therefore, we are making editorial changes to this paragraph to make it easier to understand.

In addition, in the final rule, we retained, without change, a long-held requirement in §_____.11(b)(1) stating, “The number of members for each Regional Council shall be established by the Board, and shall be an odd number.” We retained the requirement that Regional Councils have an odd number of members to prevent the possibility of a tie during Council votes. Since the publication of the final rule, however, the Deputy Secretary of the Department of the Interior approved a Federal Subsistence Board recommendation to increase the size of Regional Councils to 10 or 13 members. These increases will help achieve better balance, as required by the Federal Advisory Committee Act (5 U.S.C. App.1), in Regional Councils. Further, we have learned that in Regional Council meetings, if a vote count is tied, that motion fails; therefore, our reason for requiring an odd number of members does not apply. In light of this new information, we are revising §_____.11(b)(1) to remove the requirement that Regional Councils must have an odd number of members. This change will bring this paragraph into accord with current policies.

We are publishing this rule without a prior proposal because we view this action as noncontroversial and anticipate no adverse public comment. This rule will be effective, as published in this document, 60 days after the date of publication in the Federal Register unless we receive written adverse comments or written notice of intent to submit adverse comments within 45 days of publication of this rule in the Federal Register. Adverse comments are comments that suggest the rule should not be adopted or that suggest the rule should be changed.

If we receive written adverse comments or written notice of intent to submit adverse comments, we will publish a notice in the Federal Register withdrawing this rule before the effective date. In the event that we do receive any adverse comments, we will engage in the normal rulemaking process to promulgate these changes to the CFR. Therefore, in this issue of the Federal Register, we have published a proposed rule regarding these regulatory changes. We will give the same consideration to comments submitted in response to either this direct final rule or the proposed rule; you do not need to submit comments to both documents. As discussed above, if we receive no written adverse comments or written...
notice of intent to submit adverse comments within 45 days, then this direct final rule will become effective 60 days from today. In that case, we will publish a document in the Federal Register, before the effective date of this direct final rule, confirming the effective date and withdrawing the related proposed rule.

Required Determinations

An economic analysis is not necessary for this rule as it will not have an economic impact on any entities, large or small. This rule is not a significant regulatory action under E.O. 12866 and, therefore, was not reviewed by the Office of Management and Budget.

Unfunded Mandates Reform Act (2 U.S.C. 1501 et seq.)

In accordance with the Unfunded Mandates Reform Act:

(a) This rule will not “significantly or uniquely” affect small governments. A Small Government Agency Plan is not required.

(b) This rule will not produce a Federal mandate of $100 million or greater in any year, that is, it is not a significant regulatory action under the Unfunded Mandates Reform Act.

Takings

In accordance with Executive Order 12630, this rule does not have significant takings implications. A takings implication assessment is not required.

Federalism

In accordance with Executive Order 13132, the rule does not have significant federalism effects. A federalism assessment is not required.

Civil Justice Reform

In accordance with Executive Order 12988, the Office of the Solicitor has determined that the rule does not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of the Order.

Paperwork Reduction Act (44 U.S.C. 3501 et seq.)

This rule does not contain any new information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995.

National Environmental Policy Act

We have determined that an Environmental Assessment and/or an Environmental Impact Statement as defined by the National Environmental Policy Act of 1969 need not be prepared for this rule. This rule does not constitute a major Federal action significantly affecting the quality of the human environment.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Implementation Plans; New Jersey; Motor Vehicle Enhanced Inspection and Maintenance Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by New Jersey, including revisions to the State’s enhanced motor vehicle inspection and maintenance (I/M) program. This revision updates New Jersey’s enhanced I/M performance standard modeling to reflect the State’s plan to extend the current new vehicle inspection exemption from one inspection cycle (2 years) to two inspection cycles (4 years). The State’s evaluation demonstrates that the proposed changes to the enhanced I/M program will not impact the State’s ability to continue to meet its enhanced I/M emission reduction goals for current and future years. The intended effect of this action is to approve New Jersey’s plan to extend the new vehicle emission inspection exemption, and the State’s supporting revised performance standard modeling, which demonstrates that the enhanced I/M program continues to meet EPA’s low enhanced performance standard.

EFFECTIVE DATE: This rule will be effective March 20, 2003.

ADDRESSES: Copies of the state submittal(s) are available at the following addresses for inspection during normal business hours:

Environmental Protection Agency, Region 2 Office, Air Programs Branch, 290 Broadway, 25th Floor, New York, New York 10007–1866.
