The proposed project would take place on the island of Lehua, Kauai County, Hawaii and would be managed by the Service in cooperation with the DLNR.

The Service is engaging in the proposed Lehua island restoration project under the management authorities granted it by the Endangered Species Act of 1973 as amended (16 U.S.C. 1531–1544), the Migratory Bird Treaty Act of 1918 as amended (16 U.S.C. 703–712) and the Fish and Wildlife Act of 1956 as amended (16 U.S.C. 742a–742j, not including 742 d–l). The DLNR is engaging in this project under the authorities of Hawaii Revised Statutes 183D–4 and 195D–5, which authorize it to manage wildlife sanctuaries and to manage and protect indigenous and endangered species and their associated ecosystems.

The Service and the DLNR are proposing to conduct an environmental review of the Lehua Island Ecosystem Restoration Project and prepare a joint Federal/State environmental document for impacts related to the ecosystem and the human environment. Alternatives for eradication may include the following methods or a combination of these methods: aerial broadcast of bait pellets containing rodenticides, hand broadcast of rodenticide pellets and/or placing rodenticides in bait stations for rat eradication; and shooting and/or trapping for rabbit eradication. Eradications could potentially be followed by monitoring the success of the removal actions and the response of native biota to alien species removal.

The environmental review will analyze the Lehua Island Ecosystem Restoration Project, as well as a full range of reasonable alternatives, and the associated impacts of each alternative. Should information become available during the scoping process that indicates the likelihood of significant environmental impacts from the Lehua Island Ecosystem Restoration Project, the Service will proceed with preparation of an environmental impact statement (EIS). Otherwise, an environmental assessment will be prepared to determine whether an EIS is needed.

The Service and the DLNR are requesting written comments regarding the proposed action from interested individuals, organizations and agencies. Respondents should address concerns regarding potential environmental impacts to the human environment, applicable mitigation and reasonable alternatives they feel could be included in the environmental analysis.

Additional information, including the time and location of the public meeting, any changes to the project scope, and availability of draft documents for review will be sent out via local and regional press releases and direct mailings.

The environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 et seq.), National Environmental Policy Act Regulations 40 CFR (1500–1508), other appropriate Federal laws and regulations, and policies and procedures of the Service for compliance with those regulations.

Carolyn A. Bohan,
Regional Director, Fish and Wildlife Service,
Region 1, Portland, Oregon.

DEPARTMENT OF THE INTERIOR
Fish and Wildlife Service

Issuance of Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of permits for marine mammals.

SUMMARY: The following permits were issued.

ADDRESSES: Documents and other information submitted with these applications are available for review, subject to the requirements of the
Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203; fax (703) 358–2281.

FOR FURTHER INFORMATION CONTACT:
Division of Management Authority, telephone (703) 358–2104.

SUPPLEMENTARY INFORMATION:
Notice is hereby given that on the dates below, as authorized by the provisions of the the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.), the Fish and Wildlife Service issued the requested permit(s) subject to certain conditions set forth therein.

DEPARTMENT OF THE INTERIOR
Minerals Management Service

Minerals Management Service Request for Public Nominations to the Royalty Policy Committee

AGENCY: Minerals Management Service, Interior.

ACTION: Request for nominations.

SUMMARY: The Director of the Minerals Management Service (MMS), an agency of the U.S. Department of the Interior, is requesting nominations for three public representatives to serve on the Department’s Royalty Policy Committee (RPC). These nominations may originate from State and local governments, universities, organizations, or individuals, and they may include self-nominations. Nominees should have the expertise in royalty management issues necessary to represent the public interest. The nomination package must include an updated copy of the nominee’s resume or biography including their mailing and e-mail addresses. The MMS is committed to the Department’s diversity policy, and nominators are requested to consider diversity when making nominations. Members serve without pay but will be reimbursed for travel expenses incurred when attending official RPC meetings. Reimbursements will be calculated in accordance with the Federal Travel Regulations as implemented by the Department.

DATES: Submit nominations on or before June 16, 2004.

ADDRESS: Submit nominations to Gary Fields, Coordinator, Royalty Policy Committee, Minerals Revenue Management, Minerals Management Service, P.O. Box 25165, MS 300B2, Denver, CO 80225–0165.

FOR FURTHER INFORMATION CONTACT: Gary Fields, Program Analysis Office, Minerals Revenue Management, Minerals Management Service, P.O. Box 25165, MS 300B2, Denver, CO 80225–0165, telephone number (303) 231–3102, fax number (303) 231–3194, e-mail gary.fields@mms.gov.

SUPPLEMENTARY INFORMATION: To increase effectiveness, reduce costs, and promote fresh ideas, the MMS created three charter committees under the Federal Advisory Committee Act to advise the Secretary and top Department officials on minerals policy and operational issues. The RPC, the Outer Continental Shelf (OCS) Policy Committee, and the OCS Scientific Committee now fulfill the formal advisory functions previously performed by the Minerals Management Advisory Board, which has been disbanded. The RPC provides advice related to the performance of discretionary functions under the laws governing the Department’s management of Federal and Indian mineral leases and revenues. The RPC reviews and comments on revenue management and other mineral-related policies and provides a forum to convey views representative of mineral lessees, operators, revenue payors, revenue recipients, governmental agencies, and the interested public. The locations and dates of future RPC meetings and other information will be published in the Federal Register and posted on the Internet at http://www.mrm.mms.gov/Laws_R_D/RoyPC/RoyPC.htm. Meetings are open to the public without advance registration, on a space available basis. The public may make statements during the meetings, to the extent time permits, and file written statements with the RPC for its consideration; copies of these written statements should be submitted to Mr. Fields. The RPC meetings are conducted under the authority of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., Appx–1) and the Office of Management and Budget (Circular No. A–63, revised).

All correspondence, records, or information received in response to this Notice are subject to disclosure under the Freedom of Information Act. All information provided will be made public unless the respondent identifies which portions are proprietary. Please highlight the proprietary portions or mark the page(s) that contain proprietary data. Proprietary information is protected by the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1733), the Freedom of Information Act (5 U.S.C. 552(b)(4)), the Indian Minerals Development Act of 1982 (25 U.S.C. 2103) and Department regulations (43 CFR part 2).

Cathy J. Hamilton,
Acting Associate Director for Minerals Revenue Management.
