nonimmigrant to apply for suspension of deportation or Special Rule
cancellation of removal. The
information collected on this form is
necessary in order for the USCIS to
determine if it has jurisdiction over an
individual applying for this release as
well as to elicit information regarding
the eligibility of an individual applying
for this release, pursuant to section 203
of the Nicaraguan Adjustment and
Central American Relief Act (NACARA);
Public Law 105–100.
(5) An estimate of the total number of
respondents and the amount of time
estimated for an average respondent to
respond: 55,000 responses at 12 hours
per response.
(6) An estimate of the total public
burden (in hours) associated with the
collection: 660,000 annual burden
hours.
If you have additional comments,
suggestions, or need a copy of the
proposed information collection
instrument with instructions, or
additional information, please visit the
USCIS Web site at: http://uscis.gov/

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–4977–N–10]

Notice of Proposed Information Collection for Public Comment: The Study of Multifamily Building
Conformance With the Fair Housing Accessibility Guidelines: Improving the Methodology (Phase 2)
AGENCY: Office of Policy Development and Research, HUD.
ACTION: Notice.
SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for
review, as required by the Paperwork Reduction Act. The Department is
soliciting public comments on the subject proposal.
DATES: Comments Due Date: February 3, 2006.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Supplement to the Draft Comprehensive Conservation Plan and Environmental Impact Statement for
the Upper Mississippi River National Wildlife and Fish Refuge, Illinois, Iowa, Minnesota, and Wisconsin
AGENCY: Fish and Wildlife Service, Interior.
ACTION: Notice of availability.
SUMMARY: The U.S. Fish and Wildlife Service announces that the Supplement to the Draft Comprehensive
Conservation Plan (CCP) and
Environmental Impact Statement (EIS) is available for Upper Mississippi River National Wildlife and Fish Refuge. The
Supplement to the Draft CCP/EIS was
prepared pursuant to the National
Wildlife Refuge System Improvement
Act of 1997, as amended by the National
Wildlife Refuge System Administration
Act of 1966, and the National
Environmental Policy Act of 1969. Goals
and objectives in the CCP describe how the agency intends to manage the refuge over the next 15 years.

DATES: Written comments on the Supplement to the Draft CCP/EIS will be accepted up to 60 days after publication of this notice in the Federal Register.

ADDRESSES: Copies of the Supplement are available on compact disk or hard copy. You may access and download a copy via the planning Web site http://fws.gov/midwest/planning/uppermiss/index.html or you may obtain a copy by writing to the following address: U.S. Fish and Wildlife Service, Division of Conservation Planning, Bishop Henry Whipple Federal Building, 1 Federal Drive, Fort Snelling, Minnesota 55111.

All comments should be addressed to Upper Mississippi National Wildlife and Fish Refuge, Attention: CCP Supplement Comment, 51 East 4th Street, Room 101, Winona, Minnesota 55987, or direct e-mail to r3planning@fws.gov. Comments may also be submitted through the Service’s regional Web site at: http://www.fws.gov/midwest/planning/uppermiss/index.html.

FOR FURTHER INFORMATION CONTACT: Don Hultman, at (507) 452-4232.

SUPPLEMENTARY INFORMATION: The Upper Mississippi River National Wildlife and Fish Refuge encompasses 240,000 acres along 261 miles of Mississippi River floodplain in Minnesota, Wisconsin, Iowa, and Illinois. The Refuge was established by Congress in 1924 to provide a refuge and breeding ground for migratory birds, fish, other wildlife, and plants. The Refuge is perhaps the most important corridor of habitat in the central United States due to its species diversity and abundance, and is the most visited refuge in the United States with 3.7 million annual visitors.

The Draft CCP/EIS was released for public review May 1, 2005, for a 120-day comment period ending August 31, 2005. The Draft submitted 21 public meetings and workshops attended by 2,900 people. The workshops resulted in 87 group reports with comments or recommendations on major issues. We also received 2,438 written comments including comments from the four states involved, the Corps of Engineers, and 41 conservation or recreation-related organizations, and 6 petitions with more than 3,000 signatures.

In response to the high degree of public interest and comment, in July 2005 we announced through the media the intent to issue a new preferred alternative following the comment period to reflect the input received. This Supplement is the new preferred alternative and is called Alternative E—Modified Wildlife and Integrated Public Use Focus. This new preferred alternative, along with the previous four alternatives, will be included in the Final CCP/EIS.

The Supplement contains both substantive and editorial changes to Alternative D, the initial preferred alternative. Substantive changes were made to several objectives which addressed several issues or topics, including: no hunting zones around some hiking/observation trails, changes to the boundaries and regulations for the Waterfowl Hunting Closed Areas, a 25 daily shotshell limit and 100 yard spacing requirement for waterfowl hunting, a managed hunt to address a waterfowl hunting firing line, changes to camping and other beach-related recreational use, proposed Electric Motor Areas, and boat ramp launch fees.

The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd–668ee et seq.) requires the Service to develop a CCP for each National Wildlife Refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction for conserving wildlife and their habitats, the CCP identifies wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update these CCPs at least every 15 years in accordance with the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, and the National Environmental Policy Act of 1969 and the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd et seq.).

DATES: The draft CCP/EIA will be available for public review and comment for a 45-day period starting with the publication of this notice.

ADDRESSES: Copies of the draft CCP/EIA on compact diskette or in print may be obtained by writing to Nancy McGrigal, U.S. Fish and Wildlife Service, 300 Westgate Center Drive, Hadley, Massachusetts 01035, or e-mail northeastplanning@fws.gov. The document may also be viewed on the Web site at http://library.fws.gov/ccps.htm. We plan to host one evening public meeting in the Town of Shawangunk. We will announce the details at least 2 weeks in advance in local papers and post them at the refuge.

FOR FURTHER INFORMATION CONTACT: Nancy McGrigal, Refuge Planner, U.S. Fish and Wildlife Service, 300 Westgate Center Drive, Hadley, Massachusetts 01035, 413–253–8562 (telephone), 413–253–8562 (FAX), or e-mail Nancy at Nancy_McGrigal@fws.gov.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a CCP for each refuge. The purpose of developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing to the mission of the National Wildlife Refuge System, in conformance with the sound principles of fish and wildlife science, natural resources conservation, legal mandates, and Service policies.
