acquisitions. Equally important acquisition tools to be used include: transfer lands, partnerships with conservation organizations, conservation easements with adjacent landowners, and leases/cooperative agreements with state agencies.

Public comments were requested, considered, and incorporated throughout the planning process. Public outreach included open houses, public meetings, technical workgroups, planning update mailings, and Federal Register notices. During the comment period on the draft document, the Service received a total of 30 comments. All substantive issues raised have been addressed either through revisions of the final comprehensive conservation plan or in responses contained in the appendix dealing with public comments.

Authority: This notice is published under the authority of the National Wildlife Refuge System Improvement Act of 1997, Public Law 105–57.
