Draft Candidate Conservation Agreement With Assurances and Application for an Enhancement of Survival Permit for the Lesser Prairie-Chicken in Texas

ACTION: Notice of availability; receipt of application; request for comment.

SUMMARY: The Texas Parks and Wildlife Department (TPWD) (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an enhancement of survival permit pursuant to Section 10(a)(1)(A) of the Endangered Species Act (Act) of 1973, as amended. The permit application includes a draft 20-year Candidate Conservation Agreement with Assurances (CCAA) between the Service and TPWD for the Lesser Prairie-Chicken in 50 Texas counties. We request public comment.

DATES: To ensure consideration, written comments must be received on or before October 23, 2006.

ADDRESSES: Persons wishing to review the application, draft CCAA, or other related documents may obtain copies by written or telephone request to the Field Supervisor, U.S. Fish and Wildlife Service, 711 Stadium Drive, Suite 252, Arlington, Texas 76011, or U.S. Fish and Wildlife Service, Southwest Regional Office, P.O. Box 1306, Room 4012, Albuquerque, New Mexico 87103 (Attn: Luella Roberts, Endangered Species Permits). The application and related documents will be available for public inspection, by appointment only, during normal business hours (8 a.m. to 4:30 p.m.) at the Service’s Arlington Office. Comments concerning the application, draft CCAA, or other related documents should be submitted in writing to the Field Supervisor (address above). Please refer to permit number TE817–1100 when submitting comments. All comments received, including names and addresses, will become a part of the official administrative record and may be made available to the public.

FOR FURTHER INFORMATION CONTACT: Tom Cloud at the U.S. Fish and Wildlife Service Arlington office, 711 Stadium Drive, Suite 252, Arlington, Texas 76011 (817/277–1100), facsimile 817/277–1129, or by e-mail at Tom_Cloud@fws.gov; or Luella Roberts at the U.S. Fish and Wildlife Service Regional office, P.O. Box 1306, Room 4012, Albuquerque, New Mexico 87103 (505/248–6654), facsimile 505/248–6788, or by e-mail at Luella_Roberts@fws.gov.

SUPPLEMENTARY INFORMATION: With the assistance of the Service, TPWD proposes to encourage the implementation of conservation measures on private lands to increase lesser prairie-chicken (Tympanuchus pallidicinctus) (LPC) occupied habitat and improve LPC population performance. The proposed CCAA would be in effect for 20 years in the following Texas counties: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Parmer, Castro, Swisher, Briscoe, Hall, Childress, Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Knox, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Gaines, Dawson, Borden, Scurry, and Andrews. These counties constitute the Agreement’s Planning Area, with Covered Areas being private lands within this Planning Area that provide suitable habitat for LPC or have the potential to provide suitable LPC habitat with the implementation of conservation management practices. We invite the public to review and comment on the permit application and the associated draft CCAA.

Background

The LPC is a distinct species of North American prairie grouse that inhabits sand sagebrush and shinnery oak rangeland to improved pastures and cropland and has been documented as an important factor in the decline of the LPC. Although many acres of former cropland throughout its range have been enrolled in the U.S. Department of Agriculture’s Conservation Reserve Program (CRP) in the northeastern and southwestern Texas panhandle, LPC populations have not exhibited a marked response to the available vegetation types and structure created by CRP. Many CRP acres have been planted using monocultures of introduced grasses, which do not meet food, brood-rearing, or thermal habitat requirements for the LPC. Mixtures of heavily, moderately, and lightly grazed, and ungrazed native rangelands are essential components of LPC habitat, and should occur in a mosaic pattern on a landscape scale. However, in most areas, an insufficient amount of lightly grazed or ungrazed habitat is available to support successful LPC nesting.

Overutilization of rangeland by livestock, to a degree that leaves less than adequate residual cover remaining in the spring, is considered detrimental to LPC populations because grass height is reduced below that necessary for nesting cover, and desirable food plants are markedly reduced. Since the petition to list the LPC under the Act was filed in 1995, a number of management and conservation efforts have been implemented by State, Federal, and private entities throughout Texas. TPWD has worked to implement conservation measures through its Private Lands and Habitat Program (PLHP). The PLHP includes programs and tools such as the development of written Wildlife Management Plans (WMP), the Technical Guidance Program, Landowner Incentive Program, Wildlife Management Tax Valuation assistance, information on private land trusts, and the Lone Star Land Steward Award Program. The PLHP focuses on a diverse array of programmatic responsibilities for wildlife habitat management and development, technical assistance, incentive programs, and conservation of private lands. PLHP biologists and other TPWD personnel provide technical assistance to land managers and landowners upon written request for assistance to develop plans and recommendations for voluntary conservation, enhancement,
and/or development of wildlife habitat. In particular, at the request of landowners, TPWD prepares written WMPs that incorporate recommendations for specific areas and address the conservation goals and objectives of each landowner. In conjunction with the development of landowner-specific WMPs, TPWD proposes to issue Certificates of Inclusion (CI) that provide coverage to individual landowners under the terms of its section 10(a)(1)(A) permit, should one be issued in the future. Each CI will be issued with Service oversight, and will be subject to revocation if the terms of the WMP are not fulfilled. TPWD and the Service feel that this process may preclude or remove any need to list the lesser prairie-chicken, if it is assumed that conservation measures were also to be implemented on other necessary properties, by encouraging private landowners to enroll in the WMP program and undertake the conservation practices prescribed in the CCAA. The proposed CCAA represents a significant milestone in the cooperative conservation efforts for the LPC and is consistent with section 2(a)(5) of the Act, which encourages creative partnerships among public, private, and government entities to conserve imperiled species and their habitats. Consistent with the Service CCAA policy, the proposed CCAA is intended to facilitate conservation actions for the LPC that will remove or reduce the threats to the species. The CCAA is also intended to provide TPWD and those private landowners receiving CIs, under the auspices of TPWD’s permit, regulatory certainty related to normal agricultural practices should the LPC become federally listed as threatened or endangered in the future.

The conservation measures in the CCAA would be implemented by individual non-Federal landowners, under the auspices of a TPWD and Service-approved WMP. These measures will generally consist of prescribed grazing, prescribed burning, rangeland deferment, brush management, CRP and cropland management, range planting, other upland wildlife habitat management practices, and population management techniques. TPWD has committed to guide the implementation of these conservation measures and requests issuance of the permit in order to address the take prohibitions of Section 9 of the Act should the species become listed in the future.

We provide this notice under section 10(c) of the Act (16 U.S.C. 1531 et seq.) and its implementing regulations (40 CFR 17.22), and the National Environmental Policy Act (42 U.S.C. 4371 et seq.) and its implementing regulations (40 CFR 1506.6).

Larry G. Bell,  
Acting Regional Director, Region 2,  
Albuquerque, New Mexico.

[CO–921–06–1320–EL: COC 70164]  
Notice of Invitation for Coal Exploration License Application, Colorado

AGENCY: Bureau of Land Management, Interior.

SUMMARY: Pursuant to section 2(b) the Mineral Leasing Act of February 25, 1920, as amended by Section 4 of the Federal Coal Leasing Amendments Act of 1976, 90 Stat. 1083, 30 U.S.C. 201(b), and to Title 43, Code of Federal Regulations, (CFR), Subpart 3410, all interested qualified parties, as provided in 43 CFR 3472.1 are hereby invited to participate with Ark Land Company on a pro rata cost sharing basis in a program for the exploration of coal deposits owned by the United States of America in the following described lands in Garfield County, Colorado.

T. 7 S., R. 101 W., 6th P.M.  
Sec. 20, S1⁄2, and NE1⁄4;  
Sec. 21, lot 2, SW1⁄4NW1⁄4, and W1⁄2SW1⁄4;  
Sec. 28, W1⁄2W1⁄2;  
Sec. 29, all;  
Sec. 30, Tr. 44, lots 5 through 10, inclusive, and E1⁄2NE4;  
Sec. 31, lots 5 through 8, inclusive;  
Sec. 32, lots 1 through 4, inclusive, NE1⁄4, and N1⁄2NW1⁄4.

T. 7 S., R. 102 W., 6th P.M.  
Sec. 23, lot 1, 4, E1⁄2 NW1⁄4 and E1⁄2SW1⁄4;  
Sec. 24, lots 1 through 4, inclusive, W1⁄2, and W1⁄2E1⁄2;  
Sec. 25, lots 1 through 4, inclusive, W1⁄2, and W1⁄2E1⁄2;  
Sec. 26, all;  
Sec. 35, all;  
Sec. 36, lots 1 through 4, inclusive, W1⁄2, and W1⁄2E1⁄2.

T. 8 S., R. 101 W., 6th P.M.  
Sec. 3, lots 5 through 16, inclusive, and S1⁄2;  
Sec. 4, lots 5 through 16, inclusive, and S1⁄2;  
Sec. 5, lots 5 through 20, inclusive, and S1⁄2;  
Sec. 6, lots 8 through 27, inclusive, and SE4;  
Sec. 7, lots 5 through 8, inclusive, E1⁄2, and E1⁄2W1⁄2;  
Sec. 8, all;  
Sec. 9, all;  
Sec. 10, all;  
Sec. 15, N1⁄2NW1⁄2;  
Sec. 16, N1⁄2NW1⁄2;  
Sec. 17, N1⁄2NW1⁄2;  
Sec. 18, lot 5, N1⁄2NE4, and NE1⁄4NW1⁄4.

T. 8 S., R. 102 W., 6th P.M.  
Sec. 1, lots 5 through 20, inclusive, and N1⁄2S1⁄2.

The area described contains 13,178.47 acres.

DATES: Written Notice of Intent to Participate in Exploration License COC 70164 should be addressed to the attention of both parties whose addresses are provided in the

ADDRESSES section below and must be received by them within 30 days after publication of this Notice of Invitation in the Federal Register.

FOR FURTHER INFORMATION, CONTACT:  
Karen Zurek at (303) 239–3795.

SUPPLEMENTARY INFORMATION: The application for coal exploration license is available for public inspection during normal business hours under serial number COC 70164 at the Bureau of Land Management, Colorado State Office, 2850 Youngfield Street, Lakewood, Colorado 80215, and at the Grand Junction Field Office, 2815 H Road, Grand Junction, Colorado 81506. The proposed exploration program is fully described and will be conducted pursuant to an exploration plan to be approved by the Bureau of Land Management. The authority for this notice is 43 CFR 3410.2–1(c)(1).

Karen Zurek,  
Solid Minerals Staff, Division of Energy, Lands and Minerals.
