**Background**

Section 9 of the Act and Federal regulations prohibit the “take” of fish or wildlife species listed as endangered or threatened, respectively. Take of listed fish or wildlife is defined under the Act to mean harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. However, the Service, under limited circumstances, may issue permits to cover incidental take, i.e., take that is incidental to, and not the purpose of, the carrying out of an otherwise lawful activity. Regulations governing incidental take permits for threatened and endangered species are found at 50 CFR 17.32 and 17.22, respectively. Among other criteria, issuance of such permits must not jeopardize the existence of federally listed fish, wildlife, or plants.
