ACTION: Temporary rule; inseason adjustment; modification to a closure.

FOR FURTHER INFORMATION CONTACT: Jennifer Hogan, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson–Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The fourth seasonal apportionment of the 2007 Pacific halibut bycatch allowance specified for the shallow-water species fishery in the GOA is 150 metric tons (mt) as established by the 2007 and 2008 harvest specifications for groundfish of the GOA (72 FR 9676, March 5, 2007 and revised by 72 FR 13217m March 21, 2007), for the period 1200 hrs, A.l.t., September 1, 2007, through 1200 hrs, A.l.t., October 1, 2007.

NMFS closed directed fishing for species that comprise the shallow-water species fishery by vessels using trawl gear in the GOA under §679.25(c)(2), interested persons are informed that the fourth seasonal apportionment of the 2007 Pacific halibut bycatch allowance specified for the trawl shallow-water species fishery in the GOA will be reached after 48 hours. Consequently, NMFS is prohibiting directed fishing for the shallow-water species fishery by vessels using trawl gear in the GOA, effective 1200 hrs, A.l.t., September 23, 2007.

The species and species groups that comprise the shallow-water species fishery are pollock, Pacific cod, shallow-water flatfish, flathead sole, Atka mackerel, skates and “other species.” This inseason adjustment does not apply to fishing for pollock by vessels using pelagic trawl gear in those portions of the GOA open to directed fishing for pollock. This inseason adjustment does not apply to vessels fishing under a cooperative quota permit in the cooperative fishery in the Rockfish Pilot Program for the Central GOA.

After the effective date of this closure the maximum retainable amounts at §679.20(e) and (f) apply at any time during a trip.
