The applicant requests authorization to harass the red-cockaded woodpecker (Picoides borealis) while surveying population occurrence and conducting management activities for this species throughout Louisiana, Mississippi, and Texas.

Applicant: Jeffrey Walters, Department of Biological Sciences, Virginia Tech, Blacksburg, Virginia, TE070846

The applicant requests renewal of existing authorization to monitor nests, capture, band, radio-tag, collect blood, construct cavities, and translocate red-cockaded woodpeckers for the purposes of banding juveniles and adults, monitoring populations and nest cavities, and various research projects throughout the species range in Florida, South Carolina, and North Carolina.

Applicant: Michael Keys, North Florida Wildlife, Crawfordville, Florida, TE0834056

The applicant requests renewal of existing authorization to capture, band, and release red-cockaded woodpeckers for the purposes of banding juveniles and adults and monitoring populations and nest cavities throughout the species range in Arkansas, Florida, Georgia, South Carolina, North Carolina, Alabama, Louisiana, Mississippi, Virginia, Oklahoma, and Texas.

Applicant: Shaun Williamson, Forest Supervisor, National Forests in Mississippi, Jackson, Mississippi, TE020890

The applicant requests renewal of existing authorization to harass red-cockaded woodpeckers for the purposes of constructing and monitoring artificial nest cavities and restrictors; for capturing, banding, and translocation of birds; and for monitoring populations and nest cavities throughout the species range in Mississippi.

Applicant: Charles Rabolli, CCR Environmental, Inc., Atlanta, Georgia, TE096132

The applicant requests renewal of existing authorization to harass red-cockaded woodpeckers while conducting presence/absence surveys, constructing artificial nest cavities, controlling vegetation, and monitoring activities in clusters throughout the species range in Virginia, Arkansas, Florida, Georgia, South Carolina, North Carolina, Alabama, Louisiana, Mississippi, and Tennessee.

Applicant: Curtis Gorrioch, Pittsboro, North Carolina, TE179329

The applicant requests authorization to capture, identify, photograph, temporarily hold, and release the Saint Francis Satyr butterfly (Neonympha mitchellii francisci) while conducting presence/absence surveys for this species throughout North Carolina and Virginia.

Applicant: Eric Hoffman, Department of Biology, University of Central Florida, Orlando, Florida, TE179312

The applicant requests authorization to capture, examine, draw blood, collect hairs, and release the Lower Keys marsh rabbit (Sylvilagus palustris hefneri) to assess genetic diversity in Monroe County, Florida.

Applicant: Chris Isaac, Appalachian Technical Services, Inc., Wise, Virginia, TE009638

The applicant requests authorization to amend an existing permit to capture, handle, radio-tag, and release Indiana bats, gray bats, Virginia big-eared bats, and blackside dace (Phoxinus cumberlandensis) for presence/absence surveys and scientific research aimed at recovery of the species throughout the species ranges in Georgia, North Carolina, Alabama, Mississippi, Kentucky, Tennessee, Ohio, Indiana, Pennsylvania, Virginia, and West Virginia.

Applicant: Brian Estes, Jordan, Jones, and Goulding, Inc., Norcross, Georgia, TE087127

The applicant requests authorization to conduct certain activities with bats, gray bats, Virginia big-eared bats, Virginia hairy bats, and southern flying squirrel (Glaucomys volans) for presence/absence surveys for this species throughout the species ranges in Georgia.

Applicant: John Alford, Ecological Solution, Inc., Roswell, Georgia, TE070800

The applicant requests authorization to harass the Carolina heelsplitter (Lasmigona decorate) for presence/absence surveys throughout the species range in North Carolina and South Carolina.

Applicant: John Alford, Ecological Solution, Inc., Roswell, Georgia, TE070800

The applicant requests authorization to amend an existing permit to harass all threatened and endangered fish, mussel, and snail species native to Georgia and Alabama for presence/absence surveys.

Applicant: Julie Lockwood, North Brunswick, New Jersey, TE075916

The applicant requests authorization to amend an existing permit to capture, band, collect blood samples, release, and monitor nests of the Cape Sable seaside sparrow (Ammodramus maritimus mirabilis) while conducting demographic studies in Everglades National Park and Big Cypress National Preserve, Monroe and Miami-Dade Counties, Florida.

Cynthia K. Dohner, Acting Regional Director.

[FR Doc. E8–11292 Filed 5–19–08; 8:45 am]
BILLING CODE 4310–55–P

Summary:
The public is invited to comment on the following applications to conduct certain activities with endangered species and/or marine mammals.

DATES:
Written data, comments or requests must be received by June 19, 2008.

ADDRESSES:
Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 212, Arlington, Virginia 22203; fax 703/358–2281.

For further information contact: Division of Management Authority, telephone 703/358–2104.

Supplementary information:
Endangered Species

The public is invited to comment on the following applications for a permit to conduct certain activities with endangered species. This notice is provided pursuant to Section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.). Written data, comments, or requests for copies of these complete applications should be submitted to the Director (ADDRESSES above).

Applicant: Dr. M.K. Gonder, University at Albany, SUNY, Albany, NY, PRT–180709

The applicant requests a permit to import hair and fecal samples collected from chimpanzee (Pan troglodytes) sleep nests in the wild in Cameroon for the purpose of scientific research. This notification covers activities to be conducted by the applicant over a 3-year period.

Applicant: James M. Falco, Phoenixville, PA, PRT–179951

The applicant requests a permit to import one male bontebok (Damaliscus pygargus pygargus) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Tyler D. Hutt, Dallas, TX, PRT–162777

The applicant requests a permit to import the sport-hunted trophy of one male scimitar-horned oryx (Oryx damaa) culled from a captive herd in the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Earl D. Robinson, Rancho Santa Fe, CA, PRT–161751

The applicant requests a permit to import the sport-hunted trophy of one scimitar-horned oryx (Oryx damaa) culled from a captive herd in the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: John S. MacDonnell, Arcadia, CA, PRT–181059

The applicant requests a permit to import the sport-hunted trophy of one female scimitar-horned oryx (Oryx damaa) culled from a captive herd in the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Applicant: Timothy D. Akers, Richmond, KY, PRT–182065

The applicant requests a permit to import the sport-hunted trophy of one male scimitar-horned oryx (Oryx damaa) culled from a captive herd in the Republic of South Africa, for the purpose of enhancement of the survival of the species.

Endangered Marine Mammals

The public is invited to comment on the following applications for a permit to conduct certain activities with endangered marine mammals. The applications were submitted to satisfy requirements of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.) and the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.), and the regulations governing endangered species (50 CFR part 17) and marine mammals (50 CFR part 18). Written data, comments, or requests for copies of the complete applications or requests for a public hearing on these applications should be submitted to the Director (address above). Anyone requesting a hearing should give specific reasons why a hearing would be appropriate. The holding of such a hearing is at the discretion of the Director.

Applicant: Terrie M. Williams, Center for Ocean Health, University of California, Santa Cruz, CA, PRT–045447

The applicant requests a permit to take up to 24 captive-held southern sea otters (Enhydra lutris nereis) annually for the purpose of scientific research on the physiology of and metabolic demands on southern sea otters related to energetics, diving, and thermoregulation. This notification covers activities to be conducted by the applicant over a five-year period.

Concurrent with the publication of this notice in the Federal Register, the Division of Management Authority is forwarding copies of the above applications to the Marine Mammal Commission and the Committee of Scientific Advisors for their review.

Lisa J. Lierheimer,
Senior Permit Biologist, Branch of Permits, Division of Management Authority.

Bureau of Land Management

[MT–922–08–1310–FI–P; NDM 95197]

Notice of Proposed Reinstatement of Terminated Oil and Gas Lease NDM 95197

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: Per 30 U.S.C. 188(d), LoneTree Energy & Associates, LLC timely filed a petition for reinstatement of oil and gas lease NDM 95197, Divide County, North Dakota. The lessee paid the required rental accruing from the date of termination.

No leases were issued that affect these lands. The lessee agrees to new lease terms for rentals and royalties of $10 per acre and 16 2/3 percent or 4 percentages above the existing competitive royalty rate. The lessee paid the $500 administration fee for the reinstatement of the lease and $163 cost for publishing this Notice.

The lessee met the requirements for reinstatement of the lease per Sec. 31 (d) and (e) of the Mineral Leasing Act of 1920 (30 U.S.C. 188). We are proposing to reinstate the lease, effective the date of termination subject to:

• The original terms and conditions of the lease;
• The increased rental of $10 per acre;
• The increased royalty of 16 2/3 percent or 4 percentages above the existing competitive royalty rate; and
• The $163 cost of publishing this Notice.

Dated: May 14, 2008.

Karen L. Johnson,
Chief, Fluids Adjudication Section.
