purchase, hold, or service FHA insured mortgages may continue to do so.

Loans that closed or were approved before the termination became effective may be submitted for insurance endorsement. Approved loans are (1) those already underwritten and approved by a Direct Endorsement (DE) underwriter employed by an unconditionally approved DE lender and (2) cases covered by a firm commitment issued by HUD. Cases at earlier stages of processing cannot be submitted for insurance by the terminated branch; however, they may be transferred for completion of processing and underwriting to another mortgagee or branch authorized to originate FHA insured mortgages in that area. Mortgagees are obligated to continue to pay existing insurance premiums and meet all other obligations associated with insured mortgages.

A terminated mortgagee may apply for a new Origination Approval Agreement if the mortgagee continues to be an approved mortgagee meeting the requirements of 24 CFR 202.5, 202.6, 202.7, 202.8 or 202.10 and 202.12, if there has been no Origination Approval Agreement for at least six months, and if the Secretary determines that the underlying causes for termination have been remedied. To enable the Secretary to ascertain whether the underlying causes for termination have been remedied, a mortgagee applying for a new Origination Approval Agreement must obtain an independent review of the terminated office’s operations as well as its mortgage production, specifically including the FHA-insured mortgages cited in its termination notice. This independent analysis shall identify the underlying cause for the mortgagee’s high default and claim rate. The review must be conducted and issued by an independent Certified Public Accountant (CPA) qualified to perform audits under Government Auditing Standards as provided by the Government Accountability Office. The mortgagee must also submit a written corrective action plan to address each of the issues identified in the CPA’s report, along with evidence that the plan has been implemented. The application for a new Agreement should be in the form of a letter, accompanied by the CPA’s report and corrective action plan. The request should be sent to the Director, Office of Lender Activities and Program Compliance, 451 Seventh Street, SW., Room B133–P3214, Washington, DC 20410–8000 or by courier to 490 L’Enfant Plaza, East, SW., Suite 3214, Washington, DC 20024–8000.

Information Collection Sent to the Office of Management and Budget (OMB) for Approval; OMB Control Number 1018–0102; Applications for Special Use Permits on National Wildlife Refuges Outside Alaska

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: We (Fish and Wildlife Service) have sent an Information Collection Request (ICR) to OMB for review and approval. The ICR, which is summarized below, describes the nature of the collection and the estimated burden and cost. This ICR is scheduled to expire on January 31, 2008. We may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. However, under OMB regulations, we may continue to conduct or sponsor this information collection while it is pending at OMB.

DATES: You must submit comments on or before March 3, 2008.

ADDRESSES: Send your comments and suggestions on this ICR to the Desk Officer for the Department of the Interior at OMB-OIRA at (202) 395–6566 (fax) or OIRA_DOCKET@OMB.eop.gov (e-mail). Please provide a copy of your comments to Hope Grey, Information Collection Clearance Officer, Fish and Wildlife Service, MS 222–ARLSQ, 4401 North Fairfax Drive, Arlington, VA 22203 (mail); (703) 358–2269 (fax); or hope.grey@fws.gov (e-mail).

Estimated Total Annual Burden Hours: 14,225.

Abstract: The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee) (Administration Act) and the Refuge Recreation Act of 1962 (16 U.S.C. 460k–460k–4) (Recreation Act) govern the administration and uses of national wildlife refuges and wetland management districts. The Administration Act consolidated all of the different refuge areas into a single National Wildlife Refuge System (System). It also authorizes us to permit public accommodations, including commercial visitor services, on lands of the System when we find that the activity is compatible and appropriate with the purpose for which the refuge was established. The Recreation Act allows the use of refuges for public recreation when it is not inconsistent or does not interfere with the primary purpose(s) of the refuge.
In our general refuge regulations, we provide for public entry for specialized purposes, including economic activities such as the operation of guiding and other visitor services on refuges by concessionaires or cooperators under the appropriate legal instrument or special use permits (50 CFR 25.41, 25.61, 26.36, 27.71, 27.91, 27.97, 29.1, 29.2, 30.11, 31.2, 31.13, 31.14, 31.16, and 32.2(1), and 43 CFR 5). These regulations provide the authorities and procedures for allowing permits on refuges outside of Alaska. We will issue special use permits for a specific period as determined by the type and location of the use or visitor service provided. These permits authorize activities such as:

(1) Farming operations (haying and grazing, 50 CFR 29.2).

(2) Beneficial management tools that we use to provide the best habitat possible on some refuges (50 CFR 30.11, 31.14, and 31.16).

(3) Recreational visitor service operations (50 CFR 25.41 and 25.61).

(4) Commercial filming (50 CFR 27.71) and other commercial activities (50 CFR 29.1).

(5) Research and other non-commercial activities (50 CFR 26.36).

We collect the following information in both form (FWS Form 3–1383) and nonform format:

(1) Identifying data (name, organization, address, and telephone number);

(2) Activity for which the permit is being requested (agriculture, commercial, research/monitoring, commercial visitor services, commercial filming, special event, etc.);

(3) Description of the activity including:

(a) Where it will take place (units, trails, roads);

(b) When (seasons, days, hours);

(c) How (methods, techniques, transportation);

(d) Frequency (time, daily, occasionally);

(e) Number of people/vehicles/boats;

(f) Special needs/access.

In addition to the above, we may require researchers to provide a copy of their research proposal. This information helps us to:

(1) Determine if requested activities are compatible and appropriate with the purpose for which the refuge was established.

(2) Ensure that the applicant is eligible for the permit.

Comments: On November 28, 2007, we published in the Federal Register (72 FR 67313) a notice of our intent to request that OMB renew this ICR. In that notice, we solicited comments for 60 days, ending on January 28, 2008. We received one comment. The commenter did not address the information collection requirements, but stated that there should be no economic use on national wildlife refuges and requested a list of all permits granted in the past year. As stated in item 1 above, the Administration Act authorizes us to permit public accommodations, including commercial visitor services, on lands of the System when we find that the activity is compatible and appropriate with the purpose for which the refuge was established. We do not maintain a consolidated list of special use permits. We encouraged the commenter to contact individual refuges to obtain the desired information and provided a website that lists contact information. We did not make any changes to our information collection requirements as a result of this comment.

We again invite comments concerning this information collection on:

(1) whether or not the collection of information is necessary, including whether or not the information will have practical utility;

(2) the accuracy of our estimate of the burden for this collection of information;

(3) ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information, we cannot guarantee that it will be done.

Dated: January 8, 2008

Final Comprehensive Conservation Plan and Environmental Assessment for Bear Butte National Wildlife Refuge, South Dakota

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service) announce the availability of our Final Comprehensive Conservation Plan (Plan), Environmental Assessment (EA) and Finding of No Significant Impact (FONSI) for Bear Butte National Wildlife Refuge (Refuge). This Final Plan describes how the Service intends to manage the Refuge for the next 15 years.

ADDRESSES: A copy of the Plan may be obtained by writing to U.S. Fish and Wildlife Service, Division of Refuge Planning, P.O. Box 25486, Denver Federal Center, Denver, Colorado 80225; or by download from http://mountain-prairie.fws.gov/planning.

FOR FURTHER INFORMATION CONTACT: Michael Spratt, at (303) 236–4366, (303) 236–4792 (fax), or e-mail Michael_Spratt@fws.gov.

SUPPLEMENTARY INFORMATION: This Refuge was established as a Limited-Interest Refuge in the late 1930s with the acquisition of easements from private landowners, the State of South Dakota (State) and the War Department (now transferred to the Bureau of Land Management at Fort Meade), to maintain an area for “migratory bird, wildlife conservation, and other purposes.” The Refuge is 374.20 acres and has no fee title. The easement obtained from the State only applies to lands below the ordinary high-water mark of the lake. A Cooperative Agreement was entered into with the State on July 12, 1967, to administer, operate, and maintain the Refuge pursuant to the rights and interest in real property acquired by the United States, and more particularly described in the easement agreements.

The draft Plan and EA was made available for public review and comment following the announcement in the Federal Register on February 8, 2007 (72 FR 5990). The draft Plan and EA identified and evaluated two alternatives for managing the Refuge for the next 15 years. Under the No Action Alternative (Current Management), the Service would continue to manage the Refuge within the parameters of the Cooperative Agreement with South Dakota Game, Fish and Parks. Existing habitat within the easement and all
