the Director, Disclosure and FOIA, http://www.dhs.gov or 1–866–431–0486. In addition you should provide the following:

- An explanation of why you believe the Department would have information on you,
- Specify when you believe the records would have been created,
- If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without this bulleted information the S&T may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.

**RECORD ACCESS PROCEDURES:**
See “Notification procedure” above.

**CONTESTING RECORD PROCEDURES:**
See “Notification procedure” above.

**RECORD SOURCE CATEGORIES:**
S&T RDT&E records include: (1) Records collected directly from the individual; (2) publicly available documents (e.g., articles from newspapers and academic journals); (3) records collected from the individual using sensors (e.g., a heart rate monitor) or technologies (e.g., cameras, audio recorders, infrared thermography or other images, or biometric devices).

**EXEMPTIONS CLAIMED FOR THE SYSTEM:**
None.

**CONTACT PERSON FOR MORE INFORMATION:**
Jennifer Hodges Reynolds, General Counsel, (703) 306–4301.

**SUPPLEMENTARY INFORMATION:**

**DEPARTMENT OF THE INTERIOR**
Fish and Wildlife Service

Archie Carr National Wildlife Refuge, Brevard and Indian River Counties, FL

**AGENCY:** Fish and Wildlife Service, Department of the Interior.

**ACTION:** Notice of availability: final comprehensive conservation plan and finding of no significant impact.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for Archie Carr National Wildlife Refuge (NWR). In the CCP, we describe how we will manage Archie Carr NWR for the next 15 years.

**ADDRESSES:** A copy of the CCP may be obtained by writing to the refuge at: P.O. Box 2683, Titusville, FL 32781–2683. The CCP may also be accessed and downloaded from the Service’s Internet Site: http://southeast.fws.gov/planning.

**FOR FURTHER INFORMATION CONTACT:**
Cheri Erhardt; Telephone: 321/861–2368.

**SUPPLEMENTARY INFORMATION:**

**Introduction**

With this notice, we finalize the CCP process for Archie Carr NWR. We started this process through a notice of intent in the Federal Register on April 24, 2000 (65 FR 21784). For additional information regarding the process, see that notice. We released the draft comprehensive conservation plan and environmental assessment (Draft CCP/EA) to the public, announcing and requesting comments in a notice of availability in the Federal Register on June 26, 2008 (73 FR 36347).

Established in 1991, Archie Carr NWR is located approximately 15 miles northeast of Vero Beach, Florida, in Brevard and Indian River Counties. The 258-acre refuge includes a diversity of habitats consisting of beaches, dunes, coastal strand, maritime hammock, and mangroves. Refuige and partner beaches support the highest nesting concentrations of federally protected loggerhead and green sea turtles in the United States. Furthermore, several other state- and federal-listed species are found in the coastal and other barrier island habitats supported by the refuge. The refuge protects several historical and archaeological sites and, through working with the partners, provides a range of visitor services.

We announce our decision and the availability of the CCP and FONSI for Archie Carr NWR in accordance with National Environmental Policy Act (NEPA) (40 CFR 1506.6(b)) requirements. We completed a thorough analysis of impacts on the human environment, which we included in the Draft CCP/EA.

The CCP will guide us in managing and administering Archie Carr NWR for the next 15 years. Alternative B, as we described in the CCP, is the foundation for the CCP.

**Background**

The National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd–668ee) (Improvement Act), which amended the National Wildlife Refuge System Administration Act of 1966, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Improvement Act.

**Comments**

We solicited comments on the Draft CCP/EA for Archie Carr NWR from June
SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for Mackay Island National Wildlife Refuge (NWR).

The CCP will guide us in managing and administering Mackay Island NWR for the next 15 years. Alternative 2 is the foundation for the CCP. The compatibility determinations for recreational hunting, fishing, wildlife observation, wildlife photography, environmental education and interpretation, trapping of selected fur-bearers for nuisance animal management, forest management, and refuge resource research studies are also available in the CCP.

Background
The National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd–668ee) (Improvement Act), which amended the National Wildlife Refuge System Administration Act of 1966, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPEs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Improvement Act.

Comments
Approximately 100 copies of the Draft CCP/EA were made available for a 30-day review period as announced in the Federal Register on January 17, 2006 (71 FR 2560). Twenty-one comments on the Draft CCP/EA were received. The Draft CCP/EA identified and evaluated three alternatives for managing the refuge over a 15-year period.

Selected Alternative
After considering the comments we received and based on the professional judgment of the planning team, we selected Alternative 2 for implementation. The refuge will develop a habitat management plan and manage all habitats on the refuge. It will survey a wide range of wildlife. The refuge will continue to allow the priority public uses (e.g., hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation) and will have the capacity to increase the number of opportunities for public use.

DEPARTMENT OF THE INTERIOR
Fish and Wildlife Service
Mackay Island National Wildlife Refuge, Currituck County, NC
AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability: final comprehensive conservation plan and finding of no significant impact.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for Mackay Island National Wildlife Refuge (NWR).

ADDRESSES: A copy of the CCP may be obtained by writing to: Mike Hoff, Refuge Manager, Mackay Island NWR, P.O. Box 39, Knotts Island, NC 27950. The CCP may also be accessed and downloaded from the Service’s Web site: http://southeast.fws.gov/planning.
