Abstract: The Alaska Interest Lands Conservation Act (ANILCA) and regulations at 50 CFR 100 and 36 CFR 242 require that persons engaged in taking fish, shellfish, and wildlife on public lands in Alaska for subsistence uses apply for and obtain a permit to do so and comply with reporting provisions of that permit. Under the current approval for this information collection, we use three forms to collect information from qualified rural residents for subsistence harvest:

(1) FWS Form 3–2326 (Federal Subsistence Hunt Application, Permit, and Report).
(2) FWS Form 3–2379 (Federal Subsistence Customary Trade Recordkeeping Form).
(3) FWS Form 3–2328 (Federal Subsistence Fishing Application, Permit, and Report).

We are proposing to add two new forms:

(1) FWS Form 3–2378 (Designated Fishing Permit Application, Permit, and Report).
(2) FWS Form 3–2327 (Designated Hunter Permit Application, Permit, and Report).
We again invite comments concerning this information collection on:
- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Hope Grey,
Information Collection Clearance Officer, Fish and Wildlife Service.
