partnerships and communities will be a valuable and necessary component of serving as a host. The information collected will be used to establish DOI Regional Climate Change Response Centers through Cooperative Agreements with the host institution. The National Climate Change and Wildlife Science Center will issue a Program Announcement that will request interested host institutions to submit proposals. Proposals will address the institution’s current climate change science program, its existing linkages with USGS and other DOI bureaus, a description of linkages with potential Regional Center partners, and institution organization capabilities and contributions to serve as a host.

II. Data

**OMB Control Number:** None. This is a new collection.

**Title:** Establishment of DOI Regional Climate Change Response Centers, National Climate Change and Wildlife Science Center Program Announcement. **Respondent Obligation:** Voluntary.

**Frequency of Collection:** Annually. **Estimated Annual Number of Respondents:** 80. Respondents may include institutions of higher education and other non-profit organizations.

**Estimated Total Annual Responses:** 80.

**Estimated Time per Response:** 20 hours. **Estimated Total Annual Burden:** 1,600 hours.

**Fish and Wildlife Service**

**Endangered and Threatened Wildlife and Plants; Permit Application**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability of permit application; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service, invite the public to comment on the following application to conduct certain activities with endangered species. With some exceptions, the Endangered Species Act (Act) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. The Act requires that we invite public comment before issuing this permit.

**DATES:** We must receive any written comments on or before December 21, 2009.

**ADDRESSES:** Send written comments to the Regional Director, Attn: Peter Fasbender, U.S. Fish and Wildlife Service, Ecological Services, 1 Federal Drive, Fort Snelling, MN 55111–4056; electronic mail, permitsR3ES@fws.gov.

**FOR FURTHER INFORMATION CONTACT:** Peter Fasbender, (612) 713–5343.

**SUPPLEMENTARY INFORMATION:**

**Background**

We invite public comment on the following permit application for certain activities with endangered species authorized by section 10(a)(1)(A) of the Act (16 U.S.C. 1531 et seq.) and our regulations governing the taking of endangered species in the Code of Federal Regulations at 50 CFR 17. Submit your written data, comments, or request for a copy of the complete application to the address shown in **ADDRESSES.** When submitting comments, please refer to the appropriate permit application number.

**Permit Applications**

**Permit Application Number:** TE230947.

**Applicant:** Malacological Consultants, LaCrosse, Wisconsin.

The applicant requests a permit to take (capture and release/relocate) Higgins’ eye pearl mussel and winged mapleleaf mussel (Quadrum fragosa) in Minnesota, Wisconsin, and Iowa to determine presence or absence of the species and to relocate individuals that may be in danger of injury or stranding. Proposed activities are aimed at enhancement of the survival of the species in the wild.

**Public Comments**

We seek public review and comments on this permit application. Please refer to the permit number when you submit comments. Comments and materials we receive are available for public inspection, by appointment, during normal business hours at the address shown in the **ADDRESSES** section. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**National Environmental Policy Act (NEPA)**

In compliance with NEPA (42 U.S.C. 4321 et seq.), we have made an initial determination that the proposed activities in these permits are categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement (516 DM 6 Appendix 1, 14C(1)).

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under Comprehensive Environmental Response, Compensation and Liability Act

Under 28 CFR 50.7, notice is hereby given that on November 12, 2009, a Consent Decree in United States v. Allen Greig & Perry, Inc., et al., No. 1:09–cv–482, was lodged with the United States District Court for the District of Maine.

The proposed Consent Decree resolves claims of the United States, on behalf of the Environmental Protection Agency ("EPA") and the U.S. Department of the Interior, Fish and Wildlife Service ("DOI"), under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601 et seq., in connection with the West Site/Howes Corner Superfund Site in Plymouth, Maine ("Site"), against 82 defendants.

The Consent Decree requires two settling defendants ("Performing Parties") to perform the remedial action set forth in EPA’s 2002 and 2006 Records of Decision ("RODs") for the Site. The remedial action includes: Groundwater containment with on-site treatment for the “Source Area Groundwater” (as described in the 2002 ROD); groundwater restoration of the Non-Source Area groundwater through monitored natural attenuation; a technical impracticability waiver for the Source Area Groundwater; institutional controls; long-term monitoring of groundwater, surface water, sediments, indoor air/vapors (if required by EPA), and institutional controls; operation and maintenance; residential well monitoring with a contingency for public water; and vapor intrusion investigation and response. The Consent Decree also requires the Performing Parties to pay: $10,953 to the State of Maine for its past costs; $900,000 to the State in prepayment of future oversight costs; $6,500 to DOI for its natural resource damages assessment costs; and $59,427 to the State for its natural resource damages assessment costs. The Consent Decree also requires the settlers to implement a natural resources project comprising the purchase of two parcels totaling 752.5 acres and making them subject to restrictive covenants. The two parcels will then be conveyed to the State to be held in perpetuity in a
