50 CFR Part 17

Endangered and Threatened Wildlife and Plants; 12-Month Finding on a Petition To List the Mountain Whitefish in the Big Lost River, Idaho, as Endangered or Threatened; Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of 12-month petition finding; correction.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announced in our 12-month finding on a petition to list the mountain whitefish (Prosopium williamsoni) in the Big Lost River, Idaho, under the Endangered Species Act of 1973, as amended (Act), that listing was not warranted. Our finding published in the Federal Register on April 6, 2010 (75 FR 17352), with minor errors we now correct in this document.

In the published notice, Figure 1 is mentioned two-thirds the way down the first column of page 17353, but the figure itself is omitted. Under the header Species Distribution and Habitat, the figure should be inserted at the end of the first paragraph.

In the published notice, Figure 2 is mentioned two-thirds the way down the second column of page 17353, but the figure itself is omitted. Under the header Distribution and Habitat, the figure should be inserted at the end of the paragraph.

Both figures are provided below.
**Figure 1.** States and provinces where mountain whitefish *Prosopium williamsoni* are found in North America.
