map of the proposed lease area. The easternmost edge of the Explosives Dumping Ground will be stipulated as a “no build” area where it overlaps with the proposed lease area in OCS lease blocks NJ18–05 6274 and 6324.

BOEMRE has decided to retain within its proposed lease area the area designated as a potential USCG vessel anchorage area, given that this potential anchorage ground is subject to a yet-to-be-made rulemaking decision. In the event that the designated area becomes a USCG vessel anchorage area, BOEMRE may consider applying mitigation measures such as designating the area as a “no build” zone.

Further, BOEMRE will examine vessel traffic data for vessels equipped with automatic identification system (AIS) transponders before requiring a larger buffer between the edge of the TSS and the proposed lease area or applying other mitigation measures within the proposed lease area. BOEMRE, in consultation with the USCG, will conduct further study on traffic patterns and traffic density in the area of interest before modifying the proposed TSS buffer, which is currently set at 500 meters. If data suggests that heavy traffic transits within 0.5 NM of the edge of the TSS, BOEMRE has the discretion to require a larger buffer.

For the purposes of the RFCI, the recreational fishing areas identified by NOAA NMFS and the Mid-Atlantic Fishery Management Council, including Old Grounds, Mussel Bed, Inside Mud Hole, Middle Mud Hole, and Outer Mud Hole, will be retained in the proposed lease area rather than excluded at this time. Because little information is known about the potential impact of development on these sites, BOEMRE will consider available information during the NEPA process that will be undertaken in advance of commercial development.

Required Indication of Interest Information

If you intend to express competitive interest in acquiring an OCS commercial wind lease for the proposed lease area, you must submit the following (note: Bluewater is not required to re-submit its expression of interest):

(1) A statement that you wish to acquire a commercial wind lease for the proposed lease area (i.e., the entire area as described above). BOEMRE will not consider nominations valid if they cover less than the entire proposed lease area or describe any areas outside of the proposed lease area in this process. Any request for a commercial wind lease located outside of the proposed lease area should be submitted separately pursuant to 30 CFR 285.230;

(2) A description of your objectives and the facilities that you would use to achieve those objectives;

(3) A schedule of proposed activities, including those leading to commercial operations;

(4) Available and pertinent data and information concerning renewable energy and environmental conditions in the area of interest, including energy and resource data and information used to evaluate the area of interest;

(5) Documentation demonstrating that you are qualified to hold a lease as set forth in 30 CFR 285.107, including documentation demonstrating that you are technically and financially capable of constructing, operating, maintaining, and decommissioning the facilities described in (2) above.

It is critical that your submission of an indication of competitive interest is complete so that BOEMRE may proceed in a timely manner with the commercial wind leasing process for the lease area on the OCS off Delaware. If BOEMRE reviews your indication of competitive interest and determines that it is incomplete, BOEMRE will inform you of this determination in writing. This letter will describe the information BOEMRE determined to be missing and that you must submit in order for BOEMRE to deem your submission complete. You will be given 15 business days from the date of the letter to submit the information that BOEMRE has determined to be missing from your original submission. If you do not meet this deadline, or if BOEMRE determines that the additional information that you provided in response to its initial determination fails to complete your submission, then BOEMRE may deem your indication of competitive interest incomplete and may not consider it a valid submission.

Privileged or Confidential Information

BOEMRE will protect privileged or confidential information that you submit as required by the Freedom of Information Act (FOIA). Exemption 4 of FOIA applies to trade secrets and commercial or financial information that you submit that is privileged or confidential. If you wish to protect the confidentiality of such information, clearly mark it and request that BOEMRE treat it as confidential. BOEMRE will not disclose such information, qualifying for withholding under the terms of FOIA. Please label privileged or confidential information “Confidential Material Information” and consider submitting such information as a separate attachment.

However, BOEMRE will not treat as confidential any aggregate summaries of such information or comments not containing such information. Also, BOEMRE will not treat as confidential (1) the legal title of the nominating entity (for example, the name of your company), or (2) the list of whole or partial blocks that you are nominating.

Dated: January 14, 2011.

Michael R. Bromwich,
Director, Bureau of Ocean Energy Management, Regulation and Enforcement.

BILLING CODE 4310–MR–P
Wildlife Refuge draft CCP and EA” in the subject line of the message.
Fax: Attn: Jeffrey Brooks, (907) 786–3965, or Lee Anne Ayres, (907) 442–3124.
U.S. Mail: Jeffrey Brooks, U.S. Fish and Wildlife Service Regional Office, 1011 E. Tudor Road Mailstop 231, Anchorage, AK 99503.
In-Person Viewing or Pickup: Call (907) 786–3357 to make an appointment during regular business hours at the above address; or call (907) 442–3799 to make an appointment during regular business hours at the Selawik Refuge Headquarters in Kotzebue, AK.
FOR FURTHER INFORMATION CONTACT: Jeffrey Brooks, Planning Team Leader, at the above address.
SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, and the Alaska National Interest Lands Conservation Act of 1980 (94 Stat. 2371; ANILCA) require us to develop a CCP for each refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. The U.S. Fish and Wildlife Service published FR Doc. 2010–26655 in the Federal Register on October 21, 2010, announcing availability of the draft revised Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) for Selawik National Wildlife Refuge (75 FR 65026). The document identified a review period ending on January 15, 2011. Due to the holiday rush and delayed postal delivery of some materials for public involvement, we are concerned that many people will not be able to meet our original deadline; therefore we announce a reopening of the public comment period with a new deadline of March 15, 2011.
Public Events
We will involve the public through open houses, meetings, written comments, and personal interviews with community members. We will mail documents to our national and local Refuge mailing lists. Public meetings will be held in communities in the Refuge area, including Kotzebue, Noorvik, and Selawik. Dates, times, and locations of each meeting or open house will be announced in advance in local media.

Submitting Comments/Issues for Comment
We particularly seek comments on the following issues:
• Management of use by commercial guides and transporters to maintain big game hunting opportunities while reducing social conflict in the region;
• How to best conduct a traditional access study of use for subsistence purposes on Refuge lands;
• Proactively addressing climate change;
• Providing more outreach and better communication for the public.
We consider comments substantive if they:
• Question, with reasonable basis, the accuracy of the information in the document;
• Question, with reasonable basis, the adequacy of the environmental assessment;
• Present reasonable alternatives other than those presented in the draft CCP and the EA; and/or
• Provide new or additional information relevant to the assessment.
Next Steps
After this comment period ends, we will analyze the comments and address them in the form of a final CCP and decision document.
Public Availability of Comments
Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: January 19, 2011.
Cynthia Jacobson,
Acting Regional Director, U.S. Fish and Wildlife Service, Anchorage, Alaska.

BILLING CODE 4310–55–P

DEPARTMENT OF THE INTERIOR
Bureau of Indian Affairs
Renewal of Agency Information Collection for Homeliving Programs and School Closure and Consolidation; Request for Comments
AGENCY: Bureau of Indian Affairs, Interior.
ACTION: Notice of request for comments.
SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Bureau of Indian Education (Bureau) is seeking comments on renewal of the Office of Management and Budget (OMB) approval for the collection of information for Homeliving Programs and School Closure and Consolidation. The information collection is currently authorized by OMB Control Number 1076–0164, which expires on March 31, 2011.
DATES: Interested persons are invited to submit comments on or before March 28, 2011.
ADDRESSES: You may submit comments on the information collection to Brandi Sweet, Policy Analyst, Bureau of Indian Education, Mail Stop 3609–MIB, 1849 C Street, NW., Washington, DC 20240; facsimile: (202) 208–3312; e-mail: Brandi.Sweet@bie.edu.
SUPPLEMENTARY INFORMATION:
I. Abstract
Public Law 107–110, the No Child Left Behind (NCLB) Act of January 8, 2001, requires all schools including Bureau-funded boarding/residential schools to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging academic achievement standards and assessments. The NCLB Act, and implementing regulations at 25 CFR 36, requires the Bureau to implement national standards for homeliving situations in all Bureau-funded residential schools. The Bureau must collect information from all Bureau-funded residential schools in order to assess each school’s progress in meeting the national standards. The Bureau is seeking renewal of the approval for this information collection to ensure that minimum academic standards for the education of Indian children and criteria for dormitory situations in Bureau-operated schools and Tribally-controlled contract and grant schools are met.
II. Request for Comments
The Bureau of Indian Education Office requests that you send your comments on this collection to the location listed in the ADDRESSES section. Your comments should address: (a) The necessity of the information collection for the proper performance of the agencies, including whether the information will have practic utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection
