adjacent activities if operators are not
aware of what might be in the area.

proprietary under the Freedom of
Information Act (5 U.S.C. 552), its
implementing regulations (43 CFR part

respondents comprise Federal OCS oil,
gas, and sulphur lessees.
Estimated Reporting and
Recordkeeping Hour Burden: The
currently approved annual reporting
burden for this collection is 11,250
hours for approximately 4,500 wells,
based on:
(1) 0.5 hours to locate and copy a
summary of drilling operations (e.g.,
scout tickets) for each well; and
(2) 2 hours to retrieve and analyze
each well file and retrieve other missing
data. There are no recordkeeping
requirements.
Estimated Reporting and
Recordkeeping Non-Hour Cost Burden:
We have identified no paperwork non-
hour cost burdens for this collection.
Public Disclosure Statement: The PRA
(44 U.S.C. 3501, et seq.) provides that an
agency may not conduct or sponsor a
collection of information unless it
displays a currently valid OMB control
number. Until OMB approves a
collection of information, you are not
obligated to respond.
Comments: Before submitting an ICR
to OMB, PRA section 3506(c)(2)(A)
requires each agency *** to provide
notice * * * and otherwise consult
with members of the public and affected
agencies concerning each proposed
collection of information * * *:
Agencies must specifically solicit
comments to: (a) Evaluate whether the
collection is necessary or useful; (b)
evaluate the accuracy of the burden of
the proposed collection of information;
(c) enhance the quality, usefulness, and
clarity of the information to be
collected; and (d) minimize the burden
on the respondents, including the use of
technology.
Agencies must also estimate the non-
hour paperwork cost burdens to
respondents or recordkeepers resulting
from the collection of information.
Therefore, if you have other than hour
burden costs to generate, maintain, and
disclose this information, you should
calculate your total capital and startup
cost components or annual
operation, maintenance, and purchase
of service components. For further
information on this burden, refer to 5
CFR 1320.3(b)(1) and (2), or contact the
Bureau representative listed previously
in this notice.
We will summarize written responses
to this notice and address them in our
submission for OMB approval. As a
result of your comments, we will make
any necessary adjustments to the burden
in our submission to OMB.
