Ocean Energy Safety Advisory Committee (OESC): Notice of Meeting

AGENCY: Bureau of Safety and Environmental Enforcement (BSEE), Interior.

ACTION: Notice of meeting.

SUMMARY: OESC will meet at the Anchorage Marriott Downtown Hotel in Anchorage, Alaska.

DATES: Wednesday, August 29, 2012, from 8 a.m. to 5 p.m. and Thursday, August 30, 2012, from 8 a.m. to 1 p.m.

ADDRESS: Anchorage Marriott Downtown Hotel, 820 West 7th Avenue, Anchorage, Alaska 99501.

FOR FURTHER INFORMATION CONTACT: Mr. Joseph R. Levine at the Bureau of Safety and Environmental Enforcement, 381 Elden Street, Herndon, Virginia 20170–4187. He can be reached by telephone at (703) 787–1033 or by electronic mail at joseph.levine@bsee.gov.

SUPPLEMENTARY INFORMATION: OESC consists of representatives from industry, Federal Government agencies, non-governmental organizations, and the academic community. It provides policy advice to the Secretary of the Interior through the Director of BSEE on matters relating to ocean energy safety, including, but not limited to drilling and workplace safety, well intervention and containment, and oil spill response. The agenda for Wednesday, August 29, will address the OESC Subcommittees’ activities to date on: oil spill prevention, spill containment, spill response and safety management systems; safety culture; blowout preventers (BOP); and a proposed Ocean Energy Safety Institute.

The agenda for Thursday, August 30, will address interim recommendations presented to the OESC from its four subcommittees for consideration and action, including lessons learned and next steps forward.

The meeting is open to the public. Approximately 100 visitors can be accommodated on a first-come-first-served basis. Members of the public will have the opportunity to comment on the activities of OESC and related topics on a first-come-first-served basis during the time allotted for public comment and may submit written comments to the OESC during the meeting or by email to the Committee at OESC@bsee.gov.

Minutes of the Ocean Energy Safety Advisory Committee meeting will be available for public inspection on the Committee’s Web site at: http://www.bsee.gov/About-BSEE/Public-Engagement/OESC/Index.aspx.

Dated: August 1, 2012.

James A. Watson,
Director, Bureau of Safety and Environmental Enforcement.

I. Abstract

The Wildlife and Sport Fish Restoration Program (WSFR) administers the following financial assistance programs in whole or in part. We award most financial assistance as grants, but cooperative agreements are possible if the Federal Government will be substantially involved in carrying out the project. You can find a description of most programs in the Catalog of Federal Domestic Assistance (CFDA) or on our Web site at http://wsfrprograms.fws.gov.

M—Either a totally mandatory program or has a mandatory subprogram.

Some grants are mandatory and receive funds according to a formula set by law or policy. Other grants are discretionary and we award them based on a competitive process. Mandatory grant recipients must give us specific, detailed project information during the application process so that we may ensure that projects are eligible for the mandatory funding, are substantial in character and design, and comply with all applicable Federal laws. All grantees must submit financial and performance reports that contain information necessary for us to track costs and accomplishments and according to schedules and rules in 43 CFR 12. The Office of Management and Budget has approved our collection of information for applications and performance reports for these programs and assigned OMB Control Nos. 1018–0109 and 1018–0147.

Currently, grantees send written performance reports to the Service. We extract information and enter data into the Federal Assistance Information Management System (FAIMS). However, FAIMS will be decommissioned on October 1, 2012, and we intend to replace it with a new electronic system for data collection (Wildlife Tracking and Reporting Actions for the Conservation of Species (Wildlife TRACS)) by January 1, 2013. Wildlife TRACS will allow us to take advantage of newer technology and give grantees direct access to enter data and accomplishments. We will train State, tribal, commonwealth, territory, and District of Columbia personnel to use the new system, and we will also lend technical and administrative support. Allowing applicants and grantees to enter information directly into Wildlife TRACS will provide more accurate reporting and allow us to process grant funds more efficiently. We will continue to enter information in Wildlife TRACS for some grantees or programs; e.g., those who do not have sufficient technology or grant programs with minimal participation.

We plan to collect additional information not covered by our current OMB approvals. In addition, our current approvals do not cover data entry in Wildlife TRACS by applicants and grantees. We will request that OMB assign a new control number to cover these actions.

For mandatory grant program applications and amendments, we plan to collect:
- Geospatial entry of project location.
- Project status (active, completed, etc.).
- Project leader contact information.
- Partner information.
- Goals, including output measures and desired future values.
III. Comment

We invite comments concerning this information collection on:

• Whether or not the collection of information is necessary, including whether or not the information will have practical utility;

• The accuracy of our estimate of the burden for this collection of information;

• Ways to enhance the quality, utility, and clarity of the information to be collected; and

• Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this IC. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Tina A. Campbell,
Chief, Division of Policy and Directives Management, U.S. Fish and Wildlife Service.

BILLING CODE 4310–55–P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

ENDANGERED AND THREATENED WILDLIFE AND PLANTS; RECEIPT OF APPLICATIONS FOR TWO INCIDENTAL TAKES PERMITS; AVAILABILITY OF PROPOSED LOW-EFFECT HABITAT CONSERVATION PLANS; REED MOTORS, INC. AND CLERMONT LAND DEVELOPMENT, LLC, LAKE COUNTY, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment/information.

SUMMARY: We, the Fish and Wildlife Service (Service), have received two applications for incidental take permits (ITP). Reed Motors, Inc. and Clermont Land Development, LLC each request a 5-year ITP under the Endangered Species Act of 1973, as amended (Act). We request public comment on the permit applications and accompanying proposed habitat conservation plans (HCPs), as well as on our preliminary determination that the plans qualify as low-effect under the National Environmental Policy Act (NEPA). To make this determination, we used our environmental action statement and low-effect screening form, which are also available for review.

DATES: To ensure consideration, please send your written comments by September 10, 2012.

ADDRESSES: If you wish to review the applications and HCPs, you may request documents by email, U.S. mail, or phone (see below). These documents are also available for public inspection by appointment during normal business hours at the office below. Send your comments or requests by any one of the following methods.

Email: northflorida@fws.gov. Use “Attn: Permit number TE81294A–0” for Reed Motors, Inc. and/or “Attn: Permit number TE81293A–0” for Clermont Land Development, LLC as your message subject line.

Fax: (904) 731–3045. Attn.: Permit number TE81294A–0 for Reed Motors, Inc. and/or Attn: Permit number TE81293A–0 for Clermont Land Development, LLC.

U.S. mail: David L. Hankla, Field Supervisor, Jacksonville Ecological
