(PHAs) follow sound financial practices and that federal funds are used for eligible expenditures. PHAs use the information as a financial summary and analysis of immediate and long-term operating programs and plans to provide control over operations and achieve objectives.

DATES: Comments Due Date: October 19, 2012.

ADDRESSES: Interested persons are invited to submit comments regarding this proposed information collection. Comments should refer to the proposal by name or OMB Control number and should be sent to: Colette Pollard, Departmental Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Room 4160, Washington, DC 20410–5000; telephone 202–402–3400 (this is not a toll-free number) or email Ms. Pollard at Colette POLLARD@hud.gov. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Information Relay Service at (800) 877–8339. (Other than the HUD USER information line and TTY numbers, telephone numbers are not toll-free.)

FOR FURTHER INFORMATION CONTACT: Arlette Mussington, Office of Policy, Programs and Legislative Initiatives, PIH, Department of Housing and Urban Development, 451 7th Street SW., (L’Enfant Plaza, Room 2206), Washington, DC 20410; telephone 202–402–4109, (this is not a toll-free number). Persons with hearing or speech impairments may access this number through TTY by calling the Federal Information Relay Service at (800) 877–8339.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Public Housing Operating Fund Program: Operating Budget and Related Form.

OMB Control Number: 2577–0026.

Description of the need for the information and proposed use: The operating budget and related form are submitted by PHAs for the low-income housing program. The operating budget provides a summary of proposed budget receipts and expenditures by major category, as well as blocks for indicating approval of budget receipts and expenditures by the PHA and HUD. The related form provides a record of PHA Board approval of how the amounts shown on the operating budget were arrived at, as well as justification of certain specified amounts. The information is reviewed by HUD to determine if the plan of operation adopted by the PHA and amounts included therein are reasonable for the efficient and economical operation of the development(s), and the PHA is in compliance with HUD procedures to ensure that sound management practices will be followed in the operation of the development. A small number of PHAs (200) are still required to submit their operating budget packages to HUD, namely those that are troubled, those that are recently out of troubled status or at risk of becoming troubled, or those that are at risk of fiscal insolvency. PHAs are still required to prepare their operating budgets and submit them to their Board for approval prior to their operating subsidy being approved by HUD. The operating budgets must be kept on file for review, if requested.

Agency form number, if applicable: HUD–82574.

Members of affected public: PHAs, state or local government.

Estimation of the total number of hours needed to prepare the information collection including number of respondents: The estimated number of respondents is 200 troubled PHAs that prepare and submit to the Board of Commissioners operating budgets and related form annually and submit to HUD for a reporting burden of 23,500 hours. The remaining number of respondents that submit the related form to HUD is 2941 for a reporting burden of 534 hours. The total reporting burden is 24,034 hours.

Supplementary information collection: Extension of an existing collection.

Merrie Nichols-Dixon,
Deputy Director, Office of Policy, Program and Legislative Initiatives.

Endangered and Threatened Wildlife and Plants; Recovery Permit Application

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following application for a permit to conduct activities with the purpose of enhancing the survival of endangered species. The Endangered Species Act of 1973, as amended (Act), prohibits certain activities with respect to endangered species unless a Federal permit allows such activity. The Act also requires that we invite public comment before issuing such permits.

DATES: To ensure consideration, please send your written comments by September 19, 2012.

ADDRESSES: Endangered Species Program Manager, Ecological Services, U.S. Fish and Wildlife Service, Pacific Region Office, 911 NE 11th Avenue, Portland, OR 97232–4181. Please refer to the permit number for the application when submitting comments.

FOR FURTHER INFORMATION CONTACT: Colleen Henson, Fish and Wildlife Biologist, at the above address or by telephone (503–231–6131) or fax (503–231–6243).

SUPPLEMENTARY INFORMATION:

Background

The Act (16 U.S.C. 1531 et seq.) prohibits certain activities with respect to endangered and threatened species unless a Federal permit allows such activity. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR part 17, the Act provides for certain permits, and requires that we invite public comment before issuing these permits for endangered species.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes the permittee to conduct activities (including take or interstate commerce) with respect to U.S. endangered or threatened species for scientific purposes or enhancement of propagation or survival. Our regulations implementing section 10(a)(1)(A) of the Act for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Application Available for Review and Comment

We invite local, State, and Federal agencies, and the public to comment on the following application. Please refer to the appropriate permit number for the application when submitting comments.

Documents and other information submitted with this application are available for review by request from the Endangered Species Program Manager at the address listed in the ADDRESSES section of this notice, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

Permit Number: TE–80538A

Applicant: H. T. Harvey & Associates, Los Gatos, California.

The applicant requests a permit to take (capture, tissue sample, radio-tag, and release) the Hawaiian hoary bat (Lasiurus cinereus semotus) in conjunction with monitoring and population studies in Hawaii for the purpose of enhancing the species’ survival.

Public Availability of Comments

All comments and materials we receive in response to this request will be available for public inspection, by appointment, during normal business hours at the address listed in the ADDRESSES section of this notice.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority

We provide this notice under section 10 of the Act (16 U.S.C. 1531 et seq.).

Dated: August 9, 2012.

Special Purpose Permit Application; Hawaii-Based Shallow-Set Longline Fishery; Final Environmental Assessment and Finding of No Significant Impact

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the Fish and Wildlife Service, announce the availability of a final environmental assessment (FEA) and finding of no significant impact (FONSI) in our analysis of permitting actions in response to an application under the Migratory Bird Treaty Act of 1918, as amended, from the Pacific Islands Regional Office of the National Marine Fisheries Service (NMFS), Department of Commerce. NMFS applied for a permit for the incidental take of migratory birds in the operation of the Hawaii-based shallow-set longline fishery, which targets swordfish. After evaluating several alternatives in a draft environmental assessment (DEA), we have determined that issuing a permit will not result in significant impacts to the human environment.

We evaluated several alternatives for the proposed issuance of a permit under the Migratory Bird Treaty Act (MBTA) for incidental take of seabirds in the shallow-set longline fishery based in Hawaii. The analysis of alternatives is documented in a final environmental assessment (FEA), which is available to the public on our Web site or by request (see ADDRESSES). Our need in conducting this evaluation was to address an application received from NMFS for a permit to authorize take of migratory birds (seabirds) in the shallow-set longline fishery based in Hawaii. The purposes of our permitting action include: (1) Ensuring that any permit issued meets the criteria established in our regulations under MBTA and does not violate our statutory responsibility to conserve migratory birds; (2) ensuring the Service and NMFS meet their responsibilities under Executive Order 13186 to protect migratory birds and avoid and minimize adverse impacts of our actions to these birds; (3) identifying the mechanisms underlying the take of migratory birds in the fishery; developing, in cooperation with the Service, measures for NMFS and the fishery to implement that would reduce that take or otherwise improve conservation benefit for birds; and (4) minimizing unnecessary costs or burdens on the fishery itself, or on NMFS in its role as regulator.

We analyzed three alternatives in the FEA:

SUPPLEMENTARY INFORMATION:

Introduction

After receiving the permit application from NMFS, we provided a public notice and summary background information and solicited public comments on the DEA in January 2012 (77 FR 1501). We have now considered comments, finalized our analysis, and selected an alternative that meets the purpose and need of our action (issuance of a permit under the MBTA). We have determined that issuing a permit will not result in significant impacts to the human environment.

We analyzed several alternatives for the proposed issuance of a permit under the Migratory Bird Treaty Act (MBTA) for incidental take of seabirds in the shallow-set longline fishery based in Hawaii. The analysis of alternatives is documented in a final environmental assessment (FEA), which is available to the public on our Web site or by request (see ADDRESSES). Our need in conducting this evaluation was to address an application received from NMFS for a permit to authorize take of migratory birds (seabirds) in the shallow-set longline fishery based in Hawaii. The purposes of our permitting action include: (1) Ensuring that any permit issued meets the criteria established in our regulations under MBTA and does not violate our statutory responsibility to conserve migratory birds; (2) ensuring the Service and NMFS meet their responsibilities under Executive Order 13186 to protect migratory birds and avoid and minimize adverse impacts of our actions to these birds; (3) identifying the mechanisms underlying the take of migratory birds in the fishery; developing, in cooperation with the Service, measures for NMFS and the fishery to implement that would reduce that take or otherwise improve conservation benefit for birds; and (4) minimizing unnecessary costs or burdens on the fishery itself, or on NMFS in its role as regulator.

We analyzed three alternatives in the FEA:
