SUPPLEMENTARY INFORMATION:

I. Public Comment Procedures

A. How do I request copies of applications or comments on submitted applications?

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under ADDRESSES. Please include the Federal Register notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under ADDRESSES. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment period (see DATES) or comments delivered to an address other than those listed above (see ADDRESSES).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the address listed under ADDRESSES. The public may review documents and other information applicants have sent in support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.), along with Executive Order 13576, “Delivering an Efficient, Effective, and Accountable Government,” and the President’s Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; January 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we announce the completion of the CCP process for the Willamette Valley National Wildlife Refuges. The Service started this process through a notice of intent in the Federal Register (73 FR 11137; February 29, 2008). We released the draft CCP/EA to the public, announcing and requesting comments in a notice of availability in the Federal Register (76 FR 30382; May 25, 2011).

The Willamette Valley National Wildlife Refuge Complex includes three refuges: William L. Finley, Baskett Slough, and Ankeny. Together, the three refuges encompass approximately 11,110 acres in western Oregon. Habitats on the refuges include seasonal, semipermanent, and permanent wetlands; wet prairies, upland prairie/oak savannas, oak woodlands, mixed deciduous-coniferous forests, riparian, riverine, and stream habitats. Agricultural lands, the majority managed as grass fields, are also present on the refuges. The refuges were established under the Migratory Bird Conservation Act “for use as an inviolate sanctuary or for any other management purpose, for migratory birds * * * to conserve and protect migratory birds * * * and to restore or develop adequate wildlife habitat,” with emphasis on protecting dusky Canada goose. In the last four decades, these refuges have provided not only an important wintering grounds for the dusky Canada goose and thousands of other wintering geese and ducks, but also have been recognized more recently as increasingly important areas for conservation of the remaining fragments of the native Willamette Valley habitats and biota. The refuges support key populations of federally listed species, including Oregon chub, Fender’s blue butterfly, Bradshaw’s desert-parsley, Kincaid’s lupine, Nelson’s checker-mallow, and Willamette daisy, and provide migration habitat for listed Chinook salmon and steelhead. Several other rare species are also found on the refuges.

We announce our CCP decision and the availability of a FONSI for the final EA for Willamette Valley NWRs in accordance with the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee) (Refuge Administration Act) and National Environmental Policy Act (NEPA) (40 CFR 1506.6(b)) requirements. We prepared an analysis of environmental impacts, which we included in an EA that accompanied the draft CCP.

The CCP will guide us in managing and administering the refuges for the next 15 years. Alternative 2, as described in the draft CCP, is the basis of the final CCP.

Background

The Refuge Administration Act, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to commerce, export, and cull of excess scimitar-horned oryx (Oryx dammah) from the captive herd maintained at their facility, for the purpose of enhancement of the survival of the species. This notification covers activities to be conducted by the applicant over a 5-year period.

Applicant: KJC Holdings, Lohn, TX; PRT–200207

The applicant requests amendment of their captive-bred wildlife registration under 50 CFR 17.21(g) to add scimitar-horned oryx (Oryx dammah), to enhance their propagation or survival. This notification covers activities to be conducted by the applicant over a 5-year period.

Applicant: KJC Holdings, Lohn, TX; PRT–200211

The applicant requests amendment of their permit authorizing interstate and foreign commerce, export, and cull to include scimitar-horned oryx (Oryx dammah) from the captive herd maintained at their facility, for the purpose of enhancement of the survival of the species. This notification covers activities to be conducted by the applicant over a 5-year period.

Multiple Applicants

The following applicants each request a permit to import the sport-hunted trophy of one male bontebok (Damaliscus pygargus pygargus) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species. This notification covers activities to be conducted by the applicant over a 5-year period.

Applicant: John Jackman, Lancaster, CA; PRT–62465A

Applicant: Scott Jennings, San Angelo, TX; PRT–60964A
