number of specific public comments on
the Phase I ERP/EA that requested
development of additional habitat and
wildlife-based early restoration projects.
Because loggerhead sea turtles and
beach-nesting birds begin nesting along
the Northeast Gulf coast in February, the
Trustees recognized the need to
implement these two projects in a
timely manner to be effective during the
2013 breeding season and so expedited
their proposal. The Trustees continue to
work with BP to develop additional
restoration projects in accordance with
the Framework Agreement. The
Alternatives within this plan are not
intended to, and do not fully, address
all injuries caused by the spill or
provide the extent of restoration needed
to satisfy claims against BP.
Notice of availability of the Phase II
DERP/ER was published in the Federal
Register on November 6, 2012. (77 FR
66626, November 6, 2012) The public
was afforded 30 days to review and
comment on the Phase II DERP/ER.
During that review period, the Trustees
also held a public meeting in Pensacola,
Florida, on November 13, 2012, to
facilitate public comment on the Phase
II DERP/ER.
The Trustees considered the public
comments received on the Phase II
DERP/ER prior to finalizing selection of
the Phase II Early Restoration projects.
The public comments received and the
Trustees’ responses are addressed in
Chapter 5 of the Phase II ERP/ER.

Overview of the Phase II ERP/ER
Early Restoration Plan Alternatives,
Including the Selected Alternative
The Phase II ERP/ER describes two
early restoration alternatives: No Action—Natural Recovery (required for
consideration by OPA) and Selected
Alternative—Phase II Early Restoration Projects. Under the No Action
alternative, the Trustees would not
implement early restoration projects as
described in the Phase II ERP/ER.
Rather, the No Action approach would
result in delaying protection and
improvement of important nesting
habitats injured by response actions
during the oil spill.
The Selected Alternative includes two
projects that meet the selection criteria,
as described in the Phase II ERP/ER.

Selected Early Restoration Alternative
The Selected Alternative includes two
projects intended to protect and
enhance beach nesting habitats used by
birds and sea turtles. The selected
project will, among other things,
protect bird-nesting habitat with
symbolic fencing and signs and reduce
the presence of harmful lighting on
certain beaches as described in the plan.
The projects are: (1) Enhanced
Management of Avian Breeding Habitat
Injured by Response in the Florida
Panhandle, Alabama, and Mississippi; and
(2) Improving Habitat Injured by
Spill Response: Restoring the Night Sky.
Each of these projects will provide
coastal nesting habitats injured by
response to the DEEPWATER HORIZON
oil spill.
This Phase II ERP/ER represents the
second set of projects selected as part of
the early restoration process. Planning
for additional early restoration actions is
continuing. Neither the Phase II ERP/ER
nor any subsequent plan for early
restoration is intended to or will fully
address all injuries caused by the spill
or provide the extent of restoration needed
to satisfy claims against responsible
parties. Further comprehensive restoration will still be
required to fully compensate the public
for natural resource losses from the oil
spill.

Endangered and Threatened Wildlife
and Plants; Initiation of 5-Year Status
Reviews of 44 Species in Oregon,
Hawaii, Guam, and the Northern
Mariana Islands

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of initiation of reviews;
request for information.

SUMMARY: We, the U.S. Fish and
Wildlife Service (Service), are initiating
5-year status reviews for 44 species in
Oregon, Hawaii, Guam, and the
Northern Mariana Islands, under the
Endangered Species Act of 1973, as
amended (Act). A 5-year status review is
based on the best scientific and
commercial data available at the time of
the review; therefore, we are requesting
submission of any new information on
these species that has become available
since the last review for that particular
species.

DATES: To ensure consideration in our
reviews, we are requesting submission
of new information no later than April
8, 2013. However, we will continue to
accept new information about any listed
species at any time.

ADDRESSES: For the 42 species in
Hawaii, Guam, and the Northern
Mariana Islands (see Table 1 below),
submit information to: Field Supervisor,
Attention: 5-Year Review, U.S. Fish
and Wildlife Service, Pacific Islands Fish
and Wildlife Office, 300 Ala Moana
Bld., Room 3–122, Box 50088,
Honolulu, Hawaii 96850.

For the Oregon chub and Hutton tui
chub, submit information to: Field
Supervisor, Attention: 5-Year Review,
U.S. Fish and Wildlife Service, Oregon
Fish and Wildlife Office, 2600 SE 98th
Avenue, Suite 100, Portland, Oregon
97266. Information on Oregon species
can also be submitted by email to:
fw1or5yearreview@fws.gov

FOR FURTHER INFORMATION CONTACT:
Kristi Young, U.S. Fish and Wildlife
Service, Pacific Islands Fish
and Wildlife Office (see ADDRESSES), 808–
792–9400 (for species in Hawaii, Guam,
and the Northern Mariana Islands); or
Jeff Dillon, U.S. Fish and Wildlife
Service, Oregon Fish and Wildlife
Office, 503–231–6179 (for Oregon chub
and Hutton tui chub). Individuals who
are hearing impaired or speech impaired
may call the Federal Relay Service at
(800) 877–8339 for TTY assistance.

SUPPLEMENTARY INFORMATION:
Why do we conduct 5-year reviews?
Under the Act (16 U.S.C. 1531 et seq.),
we maintain Lists of Endangered and
Threatened Wildlife and Plants (which
we collectively refer to as the List) in
the Code of Federal Regulations (CFR)
at 50 CFR 17.11 (for animals) and 17.12
(for plants). Section 4(c)(2)(A) of the Act
requires us to review each listed
species’ status at least once every 5
years. Our regulations at 50 CFR 424.21
require that we publish a notice in the
Federal Register announcing those
species under active review.

Why do we conduct 5-year reviews?
Under the Act (16 U.S.C. 1531 et seq.),

species under active review.
What information do we consider in the review?

A 5-year review considers all new information available at the time of the review. In conducting these reviews, we consider the best scientific and commercial data that has become available since the listing determination or most recent status review, such as:

(A) Species biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;

(B) Habitat conditions, including, but not limited to amount, distribution, and suitability;

(C) Conservation measures that have been implemented that benefit the species;

(D) Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the Act); and

(E) Other new information, data, or corrections including, but not limited to, taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

Any new information will be considered during the 5-year review and will also be useful in evaluating the ongoing recovery programs for the species.

What species are under review?

This notice announces our active review of the 44 species listed in the table below.

Request for New Information

To ensure that a 5-year review is complete and based on the best available scientific and commercial information, we request new information from all sources. See “What Information Do We Consider in Our Review?” for specific criteria. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

If you wish to provide information for any species listed above, please submit your comments and materials to the appropriate contact in either the Oregon or Pacific Islands Fish and Wildlife Office (see ADDRESSES section).

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials received will be available for public inspection, by appointment, during normal business hours at the offices where the comments are submitted.

Completed and Active Reviews

A list of all completed and currently active 5-year reviews addressing species for which the Pacific Region of the Service has lead responsibility is available at: http://www.fws.gov/pacific/ecoservices/endangered/recovery/5year.html.

Authority

This document is published under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.).

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLWO2600000 L10600000 XQ0000]

Notice of Wild Horse and Burro Advisory Board Meeting

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management (BLM) announces that the Wild Horse and Burro Advisory Board will conduct a meeting on matters pertaining to management and protection of wild, free-roaming horses and burros on the Nation’s public lands.

DATES: The Advisory Board will meet on Monday, March 4, 2013, from 8 a.m. until 5 p.m. and on Tuesday, March 5, 2013, from 8 a.m. until 12 p.m. local time. This will be a one and a half day meeting.

ADDRESSES: This Advisory Board meeting will take place at the Sheraton Oklahoma City Hotel, 1 North Broadway Avenue, Oklahoma City, Oklahoma 73102, 405–235–2780. Written comments pertaining to the March 4–5, 2013, Advisory Board meeting can be mailed to National Wild Horse and Burro Program, WO–260, Attention: Ramona DeLorme, 1340 Financial Boulevard, Reno, NV 89502–7147, or sent electronically to the BLM through the Wild Horse and Burro Web site at: http://www.blm.gov/wo/st/en/prog/wbprogram/recent_news_and_information/enhanced_feedback_form.html.

FOR FURTHER INFORMATION CONTACT:
Ramona DeLorme, Wild Horse and Burro Administrative Assistant, at 775–861–6583. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Wild Horse and Burro Advisory Board advises the Secretary of the Interior, the BLM Director, the Secretary of Agriculture, and the Chief of the Forest Service on matters pertaining to the management and protection of wild, free-roaming horses and burros on the Nation’s public lands. The Wild Horse and Burro Advisory Board operates under the authority of 43 CFR 1764. The tentative agenda for the 2-day event is:

I. Advisory Board Public Meeting

Monday, March 4, 2013 (8 a.m.–5 p.m.)

8:00 p.m. Welcome and Introductions
8:30 a.m. Approval of October 2012 Minutes
10:45 a.m. WHB Program Updates
12:00 p.m. Lunch
1:45 p.m. BLM Formed Work Groups (Comprehensive Animal Welfare Program; Increasing Adoptions; Ecossanctuaries; and Population Suppression)
3:30 p.m. Public Comment Period Begins
4:30 p.m. Public Comment Period Ends
5:00 p.m. Adjourn

Tuesday, March 5, 2013 (8 a.m.–12 p.m.)

8:00 a.m. Advisory Board Formed Work Groups (Ecotourism; Herd Area Repopulation; Financial; Public Comments; and Director’s Challenge Opportunities)
9:15 a.m. Board Member’s Concerns and Issues
10:00 a.m. Break
10:15 a.m. Board Recommendations to the BLM
12:00 p.m. Adjourn

The meeting site is accessible to individuals with disabilities. An individual with a disability needing an auxiliary aid or service to participate in the meeting, such as an interpreting service, assistive listening device, or
