**Abstract:** The Endangered Species Act (16 U.S.C. 1531 et seq.) makes it unlawful to import or export fish, wildlife, or plants without filing a declaration or report deemed necessary for enforcing the Act or upholding the Convention on International Trade in Endangered Species (CITES) (see 16 U.S.C. 1538(e)). With a few exceptions, businesses, individuals, or government agencies importing into or exporting from the United States any fish, wildlife, or wildlife product must complete and submit to the Service an FWS Form 3–177 (Declaration for Importation or Exportation of Fish or Wildlife). This form as well as FWS Form 3–177a (Continuation Sheet) and instructions for completion are available for electronic submission at https://edecs.fws.gov. These forms are also available in fillable format at http://www.fws.gov/forms/.

The information that we collect is unique to each wildlife shipment and enables us to:

- Accurately inspect the contents of the shipment;
- Enforce any regulations that pertain to the fish, wildlife, or wildlife products contained in the shipment; and
- Maintain records of the importation and exportation of these commodities.

Businesses or individuals must file FWS Forms 3–177 and 3–177a with us at the time and port where they request clearance of the import or export of wildlife or wildlife products. Our regulations allow for certain species of wildlife to be imported or exported between the United States and Canada or Mexico at U.S. Customs and Border Protection ports, even though our wildlife inspectors may not be present. In these instances, importers and exporters may file the forms with U.S. Customs and Border Protection. We collect the following information:

1. **Name of the importer or exporter and broker.**
2. **Scientific and common name of the fish or wildlife.**
3. **Permit numbers (if permits are required).**
4. **Description, quantity, and value of the fish or wildlife.**
5. **Natural country of origin of the fish or wildlife.**

In addition, certain information, such as the airway bill or bill of lading number, the location of the shipment containing the fish or wildlife for inspection, and the number of cartons containing fish or wildlife, assists our wildlife inspectors if a physical examination of the shipment is necessary.

In October 2012, we requested that OMB approve, on an emergency basis, our request to collect information associated with a user fee exemption program for low-risk importations and exportations. OMB approved our request and assigned OMB Control No. 1018–0152, which expires April 30, 2013.

Businesses that possess a valid Service import/export license may request to participate in this fee exemption program through our electronic filing system (eDecs). Qualified licensees must create an eDecs filer account as an importer or exporter, if they do not already have one and file their required documents electronically. To be an approved participating business in the program and receive an exemption from the designated port base inspection fee, the licensed business must certify that it will exclusively import or export nonliving wildlife that is not listed as injurious under 50 CFR part 16 and does not require a permit or certificate under 50 CFR parts 15 (Wild Bird Conservation Act), 17 (Endangered Species Act), 18 (Marine Mammal Protection Act), 20 (Migratory Bird Treaty Act), 21 (Migratory Bird Treaty Act), 22 (Bald and Golden Eagle Protection Act), or 23 (the Convention on International Trade in Endangered Species of Wild Fauna and Flora). The requesting business also must certify that it will exclusively import or export the above type of wildlife shipments where the quantity in each shipment of wildlife parts or products is 25 or fewer and the total value of each wildlife shipment is $5,000 or less. Any licensed business that has more than two wildlife shipments that were refused clearance in the 5 years prior to its request is not eligible for the program. In addition, any licensees that have been assessed a civil penalty, issued a Notice of Violation, or convicted of a misdemeanor or felony violation involving wildlife import or export will not be eligible to participate in the program.

We are incorporating the certification statement for the user fee exemption program into our renewal of OMB Control No. 1018–0012. If OMB approves this renewal, we will discontinue OMB Control No. 1018–0152.

**Comments:** On October 3, 2012, we published in the Federal Register (77 FR 60454) a notice of our intent to request that OMB renew approval for OMB Control No. 1018–0012. In that notice, we solicited comments for 60 days, ending on December 3, 2012. No comments were received in response to that notice. On October 26, 2012, we published an interim rule (77 FR 65321) announcing the user fee exemption program. In that rule, we solicited comments for 60 days on the information collection requirements, ending on December 26, 2012. We received two comments. One commenter recommended changes in the criteria for the fee exemption program. The other commenter objected to the fee waiver. The commenters did not address the information collection requirements, and we did not make any changes to the information collection.
We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated: February 6, 2013.

Chief, Division of Policy and Directives Management, U.S. Fish and Wildlife Service.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Captive Wildlife Safety Act (CWSA) amends the Lacey Act by making it illegal to import, export, buy, sell, transport, receive, or acquire, in interstate or foreign commerce, live lions, tigers, leopards, snow leopards, clouded leopards, cheetahs, jaguars, or cougars, or any hybrid combination of any of these species, unless certain exceptions are met. There are several exemptions to the prohibitions of the CWSA, including accredited wildlife sanctuaries.

There is no requirement for wildlife sanctuaries to submit applications to qualify for the accredited wildlife sanctuary exemption. Wildlife sanctuaries themselves will determine if they qualify. To qualify, they must meet all of the following criteria:

- Approval by the United States Internal Revenue Service (IRS) as a corporation that is exempt from taxation under section 501(a) of the Internal Revenue Code of 1986, which is described in sections 501(c)(3) and 170(b)(1)(A)(vi) of that code.
- Do not engage in commercial trade in the prohibited wildlife species, including offspring, parts, and products.
- Do not propagate the prohibited wildlife species.
- Have no direct contact between the public and the prohibited wildlife species.

The basis for this information collection is the recordkeeping requirement that we place on accredited wildlife sanctuaries. We require accredited wildlife sanctuaries to maintain complete and accurate records of any possession, transportation, acquisition, disposition, importation, or exportation of the prohibited wildlife species as defined in the CWSA (50 CFR part 14, subpart K). Records must be up to date and include: (1) the names and addresses of persons to or from whom any prohibited wildlife species has been acquired, imported, exported, purchased, sold, or otherwise transferred; and (2) the dates of these transactions. Accredited wildlife sanctuaries must:

- Maintain these records for 5 years.
- Make these records accessible to Service officials for inspection at reasonable hours.
- Copy these records for Service officials, if requested.
