Endangered and Threatened Wildlife and Plants; Listing Three Foreign Macaw Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of comment periods.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the reopening of the public comment period on two proposed rules: one to list the hyacinth macaw (Anodorhynchus hyacinthinus), and one to list the military macaw (Ara militaris) and great green macaw (Ara ambiguus) as endangered under the Endangered Species Act of 1973, as amended (Act). Both rules were published in the Federal Register on July 6, 2012. We are reopening the comment periods to allow all interested parties an opportunity to provide additional comments on these proposed rules and to submit information on the status of the species. Comments previously submitted need not be resubmitted, as they will be fully considered in preparation of the final rule.

DATES: We will accept comments received on or before April 22, 2013. Comments submitted electronically using the Federal eRulemaking Portal (see ADDRESSES section, below) must be received by 11:59 p.m. Eastern Time on the closing date.

ADDRESSES: You may submit comments by one of the following methods:

We will not accept comments by email or fax. We will post all comments on http://www.regulations.gov. This generally means that we will post any personal information you provide us (see Public Comments for more information).

SUPPLEMENTARY INFORMATION: Background
On June 7, 2012, we published in the Federal Register a combined 12-month finding and proposed rule to list the hyacinth macaw (Anodorhynchus hyacinthinus) (77 FR 39965), and a combined 12-month finding and proposed rule to list two macaw species, the military macaw (Ara militaris) and great green macaw (Ara ambiguus) (77 FR 40171), as endangered under the Act (16 U.S.C. 1531 et seq.). These proposals each had a 60-day comment period, ending September 4, 2012. We received no requests for a public hearing on
either of these two proposals; therefore, no public hearings will be held.
However, we received several requests from the public to extend the comment period on these proposals. Therefore, we are reopening the comment periods on both of these proposed rules for an additional 60 days (see DATES).

Public Comments
We will accept written comments and information concerning these proposed rules during this reopened comment period. We will consider information and recommendations from all interested parties. We intend that any final action resulting from these proposals be as accurate as possible and based on the best available scientific and commercial data. For more information on the specific information we are seeking, please see the July 6, 2012, proposed listing rules (77 FR 39965; 77 FR 40172). If you previously submitted comments or information on the proposed rule, please do not resubmit them. We have incorporated them into the public record, and we will fully consider them in the preparation of our final determinations. Our final determinations concerning these proposed listings will take into consideration all written comments and any additional information we receive. You may submit your comments and materials by one of the methods listed in the ADDRESSES section. We will not accept comments sent by email or fax or to an address not listed in the ADDRESSES section. If you submit a comment via http://www.regulations.gov, your entire comment—including your personal identifying information—will be posted on the Web site. If you submit a hardcopy comment that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so. We will post all hardcopy comments on http://www.regulations.gov. Comments and materials we receive, as well as supporting documentation we used in preparing the proposed rule, will be available for public inspection on the Internet at http://www.regulations.gov at Docket No. FWS–R9–ES–2012–0013 for the hacvintch macaw, and at Docket No. FWS–R9–ES–2011–0101 for the military macaw and great green macaw, or by mail from the Branch of Foreign Species (see FOR FURTHER INFORMATION CONTACT).

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish
Fishery of the Gulf of Mexico; Gag
Management Measures in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes regulations to implement management measures described in a regulatory amendment to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP), as prepared by the Gulf of Mexico Fishery Management Council (Council). If implemented, this rule would (1) establish a closure date for the 2013 recreational sector for gag harvest based on the projected annual catch target (ACT), and (2) reduce the geographic extent of the recreational shallow-water grouper (SWG) fixed seasonal closure, which are in place to prevent overfishing of gag and to reduce fishing pressure on other SWG species. The reduction in the geographic extent of the closure still would provide some spawning season protection for several SWG species, but provides a better opportunity for the recreational sector to achieve optimum yield (OY) from the stocks in the SWG complex in the Gulf of Mexico (Gulf). This proposed rule is intended to help achieve OY for the Gulf gag and other SWG resources and prevent overfishing from the stocks in the SWG complex.

DATES: Written comments must be received on or before March 25, 2013.

ADDRESSES: You may submit comments on this document, identified by “NOAA–NMFS–2013–0012”, by any of the following methods:

All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

SUPPLEMENTARY INFORMATION: The reef fish fishery of the Gulf is managed under the FMP. The FMP was prepared by the Council and is implemented through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

Background
The Magnuson-Stevens Act requires NMFS and regional fishery management councils to prevent overfishing and achieve, on a continuing basis, OY from federally managed fish stocks. The reauthorized Magnuson-Stevens Act, as
