DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

FXE51120400000–134–FF04EF2000]

Endangered and Threatened Wildlife and Plants; Receipt of Application for Incidental Take Permit; Availability of Proposed Low-Effect Habitat Conservation Plan and Associated Documents; Charlotte County, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment/information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of an incidental take permit (ITP) application and Habitat Conservation Plan (HCP). Connie Stark (applicant) requests an ITP under the Endangered Species Act of 1973, as amended (Act). The applicant anticipates taking about 1.49 acres of foraging, breeding, and sheltering habitat used by the Florida scrub-jay ( Aphelocoma coerulescens ) (scrub-jay) incidental to land preparation and for the construction of a single-family residence and associated infrastructure in Charlotte County, Florida. The applicant’s HCP describes the minimization and mitigation measures proposed to address the effects of the project on the scrub-jay.

DATES: Written comments on the ITP application and HCP should be sent to the South Florida Ecological Services Office (see ADDRESSES) and should be received on or before September 26, 2013.

ADDRESSES: See the SUPPLEMENTARY INFORMATION section below for information on how to submit your comments on the ITP application and HCP. You may obtain a copy of the ITP application and HCP by writing the South Florida Ecological Services Office, Attn: Permit number TE14189B–0, U.S. Fish and Wildlife Service, 1339 20th Street, Vero Beach, FL 32960–3559. In addition, we will make the ITP application and HCP available for public inspection by appointment during normal business hours at the above address.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth Landrum, Fish and Wildlife Biologist, South Florida Ecological Services Office (see ADDRESSES); telephone: 772–469–4304.

SUPPLEMENTARY INFORMATION:

Submitting Comments

If you wish to comment on the ITP application and HCP, you may submit comments by any one of the following methods:

Email: Elizabeth_Landrum@fws.gov. Use Attn: Permit number “TE14189B–0” as your message subject line.

In-person drop-off: You may drop off comments or request information during regular business hours at the above office address.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Applicant’s Proposed Project

We received an application for an incidental take permit, along with a proposed habitat conservation plan. The applicant requests a 5-year permit under section 10(a)(1)(B) of the Act (16 U.S.C. 1531 et seq.). If we approve the permit, the applicant anticipates taking 1.49 acre of Florida scrub-jay breeding, feeding, and sheltering habitat for construction of a single family residence and associated infrastructure. The project is located on parcel 402423477003 at latitude 26.977728, longitude—81.875388, Charlotte County, Florida.

The applicant proposes to mitigate for the loss of 1.49 acres of occupied scrub-jay habitat by onsite establishment of a 3.8 acre conservation easement to be managed by Charlotte Harbor Environmental Center, along with a fee of $11,400 for perpetual maintenance of the donated land, within 30 days of permit issuance.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant’s project, including the proposed mitigation and minimization measures, will individually and cumulatively have a minor or negligible effect on the species covered in the HCP. Therefore, issuance of the ITP is a “low-effect” action and qualifies as a categorical exclusion under the National Environmental Policy Act (NEPA) (40 CFR 1506.6), as provided by the Department of the Interior Manual (516 DM 2 Appendix 1 and 516 DM 6 Appendix 1), and as defined in our Habitat Conservation Planning Handbook (November 1996).

We base our determination that issuance of the ITP qualifies as a low-effect action on the following three criteria: (1) Implementation of the project would result in minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) Implementation of the project would result in minor or negligible effects on other environmental values or resources; and (3) Impacts of the plan, considered together with the impacts of other past, present, and reasonably foreseeable similarly situated projects, would not result, over time, in cumulative effects to environmental values or resources that would be considered significant. As more fully explained in our environmental action statement and associated Low-Effect Screening Form, the applicant’s proposed project qualifies as a “low-effect” project. This preliminary determination may be revised based on our review of public comments that we receive in response to this notice.

Next Steps

The Service will evaluate the HCP and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act. The Service will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. The results of this consultation, in combination with the above findings, will be used in the final analysis to
Supplementary Information:

Dates:

Summary:

Endangered species; marine mammals; receipt of applications for permit

Agency: Fish and wildlife service, interior.

Action: Notice of receipt of applications for permit.

Summary: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications to conduct certain activities with endangered species, marine mammals, or both. With some exceptions, the Endangered Species Act (ESA) and Marine Mammal Protection Act (MMPA) prohibit activities with listed species unless Federal authorization is acquired that allows such activities.

Dates: We must receive comments or requests for documents on or before September 26, 2013. We will receive requests for marine mammal permit public hearings, in writing, at the address shown in the addresses section by September 26, 2013.

Addresses: Brenda Tapia, Division of Management Authority, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Room 212, Arlington, VA 22203; fax (703) 358–2280; or email DMAFR@fws.gov.

For further information contact: Brenda Tapia, (703) 358–2104 (telephone); (703) 358–2280 (fax); DMAFR@fws.gov (email).

Supplementary information:

I. Public comment procedures

A. How do I request copies of applications or comment on submitted applications?

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under addresses. Please include the Federal Register notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under addresses. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment period (see dates) or comments delivered to an address other than those listed above (see addresses).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the street address listed under addresses. The public may review documents and other information applicants have sent in support of the application unless our allowing viewing would violate the privacy act or freedom of information act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.), and the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.), along with Executive Order 13576, “Delivering an Efficient, Effective, and Accountable Government,” and the President’s Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; January 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken.

Under the MMPA, you may request a hearing on any MMPA application received. If you request a hearing, give specific reasons why a hearing would be appropriate. The holding of such a hearing is at the discretion of the service director.

III. Permit Applications

A. Endangered species

Applicant: Phoenix Herpetological Society, Scottsdale, AZ; PRT–10934B & 11018B

The applicant requests a permit to import two male and two female American crocodiles (Crocodylus acutus) from the American Crocodile Education Sanctuary in Belize, for the purpose of enhancement of the survival of the species. This notification covers activities to be conducted by the applicant over a 5-year period.

B. Endangered marine mammals and marine mammals

Applicant: Monterey Bay Aquarium, Monterey, CA; PRT–032027

The applicant requests amendment and renewal of the permit to rescue, rehabilitate, and release southern sea otters (Enhydra lutris nereis) that are stranded along the California coast for the purpose of enhancement of the survival of the species section 10(a)(1)(A) and as per section 109(h)/112(c) of the Marine Mammal Protection Act. The request also includes authorization for euthanasia of animals too ill or injured for recovery. This notification covers activities to be conducted by the applicant over a 5-year period.

Concurrent with publishing this notice in the Federal register, we are forwarding copies of the above applications to the Marine Mammal...
