**Public Hearing**

We are holding a public hearing on the date listed in the **DATES** section at the location listed in the **ADDRESSES** section. The public hearing on the June 13, 2013 (78 FR 35664), proposal to remove the gray wolf from the List and maintain protections for the Mexican wolf by listing it as endangered are announced elsewhere in today’s Federal Register.

The October 4, 2013, public hearing in Albuquerque, NM, will address both the June 13, 2013 (78 FR 35664) proposal to remove the gray wolf from the List and maintain protections for the Mexican wolf by listing it as endangered, as well as the June 13, 2013 (78 FR 35719), proposed revision to the nonessential experimental population of the Mexican wolf.

This public hearing will provide interested parties an opportunity to present verbal testimony (formal, oral comments) or written comments. A public hearing is not, however, an opportunity for dialogue with the Service or its contractors; it is a forum for accepting formal verbal testimony. Anyone wishing to make an oral statement at the public hearing for the record is encouraged to provide a written copy of their statement to us at the hearing. In the event there is a large attendance, the time allotted for oral statements may be limited. Speakers can sign up at the hearing if they desire to make an oral statement. Oral and written statements receive equal consideration. There are no limits on the length of written comments submitted to us.

Persons with disabilities needing reasonable accommodations to participate in the public hearing should contact the Mexican Wolf Recovery Program, New Mexico Ecological Services Office (see **FOR FURTHER INFORMATION CONTACT**). Reasonable accommodation requests should be received at least 3 business days prior to the hearing to help ensure availability; at least 2 weeks prior notice is requested for American sign language or English as a second language interpreter needs.

SUPPLEMENTARY INFORMATION:

Public Comments

We intend that any final action resulting from this proposal will be as accurate and as effective as possible. Therefore, comments, new information, or suggestions from the public, other concerned governmental agencies, the scientific community, industry, or any other interested party concerning this proposed rule are hereby solicited. In particular, we are seeking targeted information and comments on our proposed removal of C. lupus from the List of Endangered and Threatened Wildlife and addition of C. l. baileyi as an endangered subspecies. We also seek comment on the following categories of information.

1. Biological, commercial trade, or other relevant information concerning our analysis of the current C. lupus listed entity and the adequacy of the approach taken in this analysis, with particular respect to our interpretation of the term “population” as it relates to the 1996 Policy Regarding the Recognition of Distinct Vertebrate Population Segments (DPS policy) (61 FR 4722, February 7, 1996) and specifically to gray wolves.
2. Information concerning the genetics and taxonomy of the eastern wolf, Canis lycaon.
3. Information concerning the status of the gray wolf in the Pacific Northwest United States and the following gray wolf subspecies: Canis lupus nubilus, Canis lupus occidentalis, and C. l. baileyi, including:
   a. Genetics and taxonomy;
   b. New information concerning range, distribution, population size, and population trends;
   c. New biological or other relevant data concerning any threat (or lack thereof) to these subspecies, their habitat, or both; and
   d. New information regarding conservation measures for these populations, their habitat, or both.

As this proposal is intended to replace our May 5, 2011, proposal to remove protections for C. lupus in all or portions of 29 eastern contiguous States (76 FR 26086), we ask that any comments previously submitted that may be relevant to the proposal presented in this rule be resubmitted at this time. Please note that submissions merely stating support for or opposition to the action under consideration without providing supporting information, although noted, will not be considered in making a determination. You may submit your comments and materials by one of the methods listed in ADDRESSES. We request that you send comments only by the methods described in ADDRESSES. Verbal testimony may also be presented during the public hearings (see DATES and ADDRESSES sections).

We will post your entire comment—including your personal identifying information—on http://www.regulations.gov. If you provide personal identifying information, such as your street address, phone number, or email address, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so.

Comments and materials we receive, as well as some of the supporting documentation we used in preparing this proposed rule, will be available for public inspection on http://www.regulations.gov at Docket No. FWS–HQ–ES–2013–0073, or by appointment, during normal business hours at U.S. Fish and Wildlife Service, Headquarters Office, Endangered Species Program, 4401 North Fairfax Drive, Room 420, Arlington, VA 22203.

Our final determination concerning the proposed action will take into consideration all written comments we receive during all comment periods, comments from peer reviewers, and comments received during the public hearings. The comments will be included in the public record for this rulemaking, and we will fully consider them in the preparation of our final determination. If you previously submitted comments or information on this proposed rule, please do not resubmit them. We will incorporate them into the public record as part of this comment period and will fully consider them in the preparation of our final determination.
