[Docket No. NHTSA—2012–0068; Notice 3]

SUPPLEMENTARY INFORMATION: On August 20, 2013, NHTSA published a final rule requiring certain vehicle manufacturers to allow the secure electronic transfer of manufacturer recall data to NHTSA when a consumer submits VIN information to the agency’s Web site for purposes of learning vehicle recall information. See 78 FR 51382, 51401. This requirement applies to manufacturers who manufacture 25,000 light vehicles annually or 5,000 motorcycles annually. Further information about the requirement to transfer recall data to NHTSA based upon a consumer’s VIN may be found in the August 20, 2013 final rule. Id.

Manufacturers with early warning reporting (EWR) accounts may obtain a copy of the VIN look-up interface technical specifications through the agency’s Web site. To obtain the technical specifications, these manufacturers should use their EWR account credentials to access the secure Web page at http://www-odi.nhtsa.dot.gov/ewr/login.cfm. After logging in to the EWR system, the document labeled “NEW—Technical Specifications for VIN Lookup Interface” can be found on the next page. For any manufacturer, company, or group that does not have an EWR account, please contact Alex Ansley at alexander.ansley@dot.gov to receive a copy of the technical specification.

The public meeting will be hosted online at https://www.teleconference.att.com/servlet/AWMonday/loginServlet. However, if there is sufficient interest, we may also host meeting at the DOT headquarters in Washington, DC in tandem with the online web meeting. When registering for the meeting on January 22nd, attendees should indicate if they plan to attend in-person.

Please note this meeting will not include discussion or review of the web-based recalls portal manufacturers will soon utilize to manage safety recalls. We will publish another public notice in the Federal Register once the recalls portal is developed and we are able to offer the requisite training.

Director, Office of Defects Investigation,

RIN 0648–BC09

Atlantic Highly Migratory Species; 2006 Consolidated Highly Migratory Species Fishery Management Plan; Amendment 7

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of additional public hearing conference call and webinar.

SUMMARY: On August 22, 2013, NMFS published a notice of public hearings for Draft Amendment 7 to the 2006 Consolidated Highly Migratory Species (HMS) Fishery Management Plan (2006 Consolidated HMS FMP), which included 10 public hearings. Due to the government shut down and NMFS’ inability to respond to constituents on this complex rule during that time frame and based on the comments received to date requesting an extension due to the complexity and interplay of the measures covered in the DEIS, NMFS extended the comment period for this action until January 10, 2014. To provide an additional opportunity for interested members of the public from all geographic areas to submit verbal comments, NMFS will host a public hearing conference call and webinar. In this notice, NMFS announces the date, time, and call-in information for the conference call and webinar for management measures proposed in Draft Amendment 7. On August 21, 2013, NMFS published the proposed rule for Draft Amendment 7 to the 2006 Consolidated HMS Fishery Management Plan to control bluefin incidental catch.
