commerce has no medical certification status information on the CDLIS MVR obtained from the current State driver licensing agency, the employing motor carrier may accept a medical examiner’s certificate issued to that driver, and place a copy of it in the driver qualification file before allowing the driver to operate a CMV in interstate commerce.

(3) Exception. For drivers required to have a commercial learner’s permit under part 383 of this chapter:

(i) Beginning July 8, 2015, using the CDLIS motor vehicle record obtained from the current licensing State, the motor carrier must verify and document in the driver qualification file the following information before allowing the driver to operate a CMV:

(A) The type of operation the driver self-certified that he or she will perform in accordance with § 383.71(h) of this chapter.

(B) That the driver was certified by a medical examiner listed on the National Registry of Certified Medical Examiners as of the date of medical examiner’s certificate issuance.

(C) Exception. If the driver provided the motor carrier with a copy of the current medical examiner’s certificate that was submitted to the State in accordance with § 383.73(a)(5) of this chapter, the motor carrier may use a copy of that medical examiner’s certificate as proof of the driver’s medical certification for up to 15 days after the date it was issued.

(ii) Until July 8, 2015, if a driver operating in non-excepted, interstate commerce has no medical certification status information on the CDLIS MVR obtained from the current State driver licensing agency, the employing motor carrier may accept a medical examiner’s certificate issued to that driver, and place a copy of it in the driver qualification file before allowing the driver to operate a CMV in interstate commerce.

3. In § 391.41, revise paragraph (a)(2) to read as follows:

§ 391.41 Physical qualifications for drivers.

(a) * * *

(2) CDL/CLP exception. (i) Beginning January 30, 2015, a driver required to have a commercial driver’s license under part 383 of this chapter, and who submitted a current medical examiner’s certificate to the State in accordance with § 383.71(h) of this chapter documenting that he or she meets the physical qualification requirements of this part, no longer needs to carry on his or her person the medical examiner’s certificate specified at § 391.43(h), or a copy for more than 15 days after the date it was issued as valid proof of medical certification.

(ii) Beginning July 8, 2015, a driver required to have a commercial learner’s permit under part 383 of this chapter, and who submitted a current medical examiner’s certificate to the State in accordance with § 383.71(h) of this chapter documenting that he or she meets the physical qualification requirements of this part, no longer needs to carry on his or her person the medical examiner’s certificate specified at § 391.43(h), or a copy for more than 15 days after the date it was issued as valid proof of medical certification.

(iii) A CDL or CLP holder required by § 383.71(h) of this chapter to obtain a medical examiner’s certificate, who obtained such by virtue of having obtained a medical variance from FMCSA, must continue to have in his or her possession the original or copy of that medical variance documentation at all times when on-duty.

§ 391.51 General requirements for driver qualification files.

* * * * *

4. In § 391.51, revise paragraph (b)(7)(ii) to read as follows:

§ 391.51 General requirements for driver qualification files.

* * * * *

(b) * * *

(7) * * *

(ii) Exception. For CDL holders, beginning January 30, 2012, if the CDLIS motor vehicle record contains medical certification status information, the motor carrier employer must meet this requirement by obtaining the CDLIS motor vehicle record defined at § 384.105 of this chapter. That record must be obtained from the current licensing State and placed in the driver qualification file. After January 30, 2015, in non-excepted, interstate CDL or CLP holder without medical certification status information on the CDLIS motor vehicle record is designated “not-certified” to operate a CMV in interstate commerce. After January 30, 2015, a motor carrier may use a copy of the driver’s current medical examiner’s certificate that was submitted to the State for up to 15 days from the date it was issued as proof of medical certification.

SUPPLEMENTARY INFORMATION:

The Office of the Federal Register (OFR) has made us aware that one rule that published in 2012 and two rules that published in 2013 to revise the List of Endangered and Threatened Wildlife. Inadvertently, we made some errors in our amendatory instructions. With this technical correction, we correct those errors.

Endangered and Threatened Wildlife and Plants; Corrections to Rules

Adding Species to the List of Endangered Wildlife

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rules; corrections.

SUMMARY:

We, the U.S. Fish and Wildlife Service, published final rules in the Federal Register on April 6, 2012, August 20, 2013, and September 26, 2013, revising our List of Endangered and Threatened Wildlife. Inadvertently, we made some errors in our amendatory instructions. With this technical correction, we correct those errors.

FOR FURTHER INFORMATION CONTACT:

Susan Wilkinson, (703) 358–2506.

entries containing only three letters and punctuation). Therefore, we are correcting this instruction as set forth in the rule portion of this document and the rule text so that the Status column will contain only “T(S/A)” and the words “Coastal south and central FL” will be added to the preceding column in the list (“Vertebrate population where endangered or threatened”) for the three species. Although these three species are invertebrates, the only place in the table to identify where they are listed is in the column “Vertebrate population where endangered or threatened.” This change does not affect the status of these species under the Endangered Species Act of 1973, as amended (16 U.S.C 1531 et seq.).

**Final Rule of August 20, 2013 (78 FR 51328)**

In a rule of August 20, 2013, “Designation of Critical Habitat for the Austin Blind and Jollyville Plateau Salamanders” (78 FR 51328), the second amendatory instruction at 78 FR 51362 directed OFR to amend §17.11(h) by adding entries for “Salamander, Georgetown” and “Salamander, Salado”. However, the entries set forth following this instruction were for the Austin blind and Jollyville Plateau salamanders. The instruction was erroneous; the table entries were correct. These same two species, the Austin blind salamander and the Jollyville Plateau salamander, were added to the List in §17.11(h) as the result of a final rule that also published August 20, 2013, “Determination of Endangered Species Status for the Austin Blind Salamander and Threatened Species Status for the Jollyville Plateau Salamander Throughout Their Ranges” (78 FR 51278). Accordingly, we are removing the second amendatory instruction for this final rule and the accompanying rule text as the instruction was erroneous and is unnecessary.

**Final Rule of September 26, 2013 (78 FR 59556)**

In a rule of September 26, 2013, “Designation of Critical Habitat for the Fluted Kidneyshell and Slabside Pearlymussel” (78 FR 59556), the second amendatory instruction at 78 FR 59584 directed OFR to amend §17.11(h) by adding entries for “Kidneyshell, fluted” and “Pearlymussel, slabside”. However, the species were added to the List in another final rule that published the same day, “Endangered Species Status for the Fluted Kidneyshell and Slabside Pearlymussel” (78 FR 59269; September 26, 2013). Because the species were added to the List by the rule that published at 78 FR 59269, they could not be added to the List again by another rule. Therefore, we are removing amendatory instruction number 2 from the rule at 78 FR 59556 and the accompanying rule text as the instruction is unnecessary and cannot be performed.

**Corrections**

Accordingly, the following corrections are made to FR Doc. 2013–19713, 2013–23357, and 2012–8088 as follows:

**PART 17—[AMENDED]**

1. In FR Doc. 2013–19713 appearing in the **Federal Register** of Tuesday, August 20, 2013, on page 51362, in the third column, the second amendatory instruction and the accompanying table are removed.

2. In FR Doc. 2013–23357 appearing in the **Federal Register** of Thursday, September 26, 2013, on page 59584 in the third column, the second amendatory instruction and the accompanying table are removed.

3. In FR Doc. 2012–8088 appearing in the **Federal Register** of Friday, April 6, 2012, on page 20986 in the third column, the second amendatory instruction and the table that follows it are revised to read as follows:

**§17.11 Endangered and threatened wildlife.**

DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric
Administration

50 CFR Part 665
RIN 0648–XD064

Hawaii Crustacean Fisheries; 2014
Northwestern Hawaiian Islands
Lobster Harvest Guideline

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of lobster harvest
guideline.

SUMMARY: NMFS establishes the annual
harvest guideline for the commercial
lobster fishery in the Northwestern
Hawaiian Islands for calendar year 2014
at zero lobsters.

DATES: January 14, 2014.

FOR FURTHER INFORMATION CONTACT:
Jarad Makaiau, NMFS Pacific Islands
Region, 808–944–2108.

SUPPLEMENTARY INFORMATION: The
Northwestern Hawaiian Islands (NWHI)
commercial lobster fishery is managed
under the Fishery Ecosystem Plan for
the Hawaiian Archipelago. The
regulations at § 665.252(b) require
NMFS to publish an annual harvest
guideline for lobster Permit Area 1,
comprised of Federal waters around the
NWHI. Regulations governing the
Papahanaumokuakea Marine National
Monument in the NWHI prohibit the
unpermitted removal of monument
resources (§ 404.7), and establish a zero
annual harvest guideline for lobsters
(§ 404.10(a)). Accordingly, NMFS
establishes the harvest guideline for the
NWHI commercial lobster fishery for
calendar year 2014 at zero lobsters.
Thus, no harvest of NWHI lobster
resources is allowed.

Authority: 16 U.S.C. 1801 et seq.

Dated: January 8, 2014.

Sean F. Corson,
Acting Deputy Director, Office of Sustainable
Fisheries, National Marine Fisheries Service.
