laminated woven sacks may be classifiable under other HTSUS subheadings including 3917.39.0050, 3921.90.1100, 3921.90.1500, and 5903.90.2500.

If the polypropylene strips and/or polyethylene strips making up the fabric measure more than 5 millimeters in width, laminated woven sacks may be classifiable under other HTSUS subheadings including 4601.99.0500, 4601.99.9000, and 4602.90.000. Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the CVD order would likely lead to a continuation or recurrence of net countervailable subsidies and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), the Department hereby orders the continuation of the CVD duty order on laminated woven sacks from the PRC. U.S. Customs and Border Protection will continue to collect countervailing duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the Federal Register of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of the continuation.

The five-year sunset review and this notice are in accordance with section 751(c) of the Act and published notice are in accordance with section 751(c)(2) of the Act and 19 CFR 351.218(f)(4). Dated: March 20, 2014.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.

Marine Mammals; File No. 18534

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the Alaska SeaLife Center (ASLC; Responsible Party, Tara Jones, Ph.D.) 301 Railway Avenue, P.O. Box 1329, Seward, AK 99664, has applied in due form for a permit to conduct research on captive Steller sea lions (Eumetopias jubatus) of the Eastern stock.

DATES: Written, telefaxed, or email comments must be received on or before April 28, 2014.

ADDRESSES: The application and related documents are available for review by selecting “Records Open for Public Comment” from the Features box on the Applications and Permits for Protected Species (APPS) home page, https://apps.nmfs.noaa.gov, and then selecting File No. 18534 from the list of available applications.

These documents are also available upon written request or by appointment in the following office:

Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427–8401; fax (301) 713–0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713–0376, or by email to NMFS.PriComments@noaa.gov. Please include File No. 18534 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Amy Sloan or Jennifer Skidmore, (301) 427–8401.

SUPPLEMENTAL INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 et seq.), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The ASLC requests a five-year permit to investigate reproductive physiology of captive adult Steller sea lions and survival, growth, and physiology of captive-bred offspring. The ASLC also proposes to deploy instruments to develop and validate methods for monitoring wild Steller sea lions. Research would be conducted on two adult males, up to six adult females, one pup and up to nine additional offspring (up to 18 research animals total), and would include the following activities: mass and morphometric measurements; ultrasound; sedation, and anesthesia; blood sampling and administration of Evan’s blue dye and deuterium oxide; feces, urine, saliva, semen, and milk collection; video/audio recordings; swabs; radiographs; dietary supplements; blubber biopsy; and attachment and proximity to instrumentation. ASLC also requests authorization to transfer to and import from approved facilities up to six Steller sea lions from the Eastern Stock. ASLC requests up to four research-related mortalities over the course of the permit and one naturally caused mortality for each animal. No research would occur on wild populations or affect non-target species.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the Federal Register, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Perry F. Gauyordo,
Acting Deputy, Office of Protected Resources, National Marine Fisheries Service.

Marine Mammals; File No. 18534

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.
Notice of availability; extension of comment period.

SUPPLEMENTARY INFORMATION: The National Marine Fisheries Service, Bureau of Reclamation, and the Fish and Wildlife Service are extending the comment period on the Draft Bay Delta Conservation Plan and Natural Community Conservation Plan (BDCP, or the Plan) and Draft BDCP Environmental Impact Report/Environmental Impact Statement (EIR/EIS). In response to public requests, the comment period is being extended for an additional 60 days.

DATES: Comments on the Draft BDCP and Draft EIR/EIS must be received or postmarked by 5 p.m. Pacific Time on June 13, 2014.

ADDRESSES: To view or download the Draft BDCP and Draft EIR/EIS, or for a list of locations to view hardbound copies, go to www.baydeltaconservationplan.com.

You may submit written comments by one of the following methods:

1. By email: Submit comments to bdcp.comments@noaa.gov.

SUPPLEMENTARY INFORMATION: The comment period is being extended for the jointly issued Draft Bay Delta Conservation Plan (BDCP) and Natural Community Conservation Plan and Draft BDCP Environmental Impact Report/Environmental Impact Statement (EIR/EIS). On December 13, 2013, a 120-day public comment period was opened to the public for review and comment in preparation and will be made available to the public for review and comment in mid-2014. It will be posted at www.baydeltaconservationplan.com as soon as it is available.

Background

For background information, see the December 13, 2013, Federal Register notice (78 FR 75939).

Public Comments

Submittting comments to the email and hard-copy addresses identified in the ADDRESSES section of this notice will constitute effective filing of the California Environmental Quality Act comments on the EIR portion of the EIR/EIS. The National Marine Fisheries Service, Bureau of Reclamation, and the Fish and Wildlife Service are furnishing this notice to allow other agencies and the public an extended opportunity to review and comment on these documents. All comments received will become part of the public record for this action.

Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: March 24, 2014.
