Office of the Secretary

Invasive Species Advisory Committee

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of Public Meetings of the Invasive Species Advisory Committee.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act, notice is hereby given of meetings of the Invasive Species Advisory Committee (ISAC). Comprised of 31 nonfederal invasive species experts and stakeholders from across the nation, the purpose of the Advisory Committee is to provide advice to the National Invasive Species Council, as authorized by Executive Order 13112, on a broad array of issues related to preventing the introduction of invasive species and providing for their control and minimizing the economic, ecological, and human health impacts that invasive species cause. The Council is co-chaired by the Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Commerce. The duty of the Council is to provide national leadership regarding invasive species issues. Purpose of Meeting: The meeting will be held on May 13–15, 2014 in Arlington, Virginia. The purpose of the meeting is to convene the full ISAC and to provide expert input and recommendations to NISC federal agencies and their partners on invasive species matters of national importance. While in session, ISAC will: (1) Provide input on priority actions to include in the National Invasive Species Management Plan revision; (2) receive an initial report on a pilot project to protect forest health in an urban setting; (3) finalize an ISAC White Paper on the role of utilization (including harvest) of invasive species in control programs; (4) review a draft report on the management of invasive species in the context of climate change; and, (5) consider technical input and guidance related to invasive species for consideration by the United States Forest Service for inclusion in their Forest Service Handbook. The meeting agenda will be available on the NISC Web site, www.invasivespecies.gov, on or about Friday, April 18, 2014. Supplemental materials will be uploaded to the site on or before Friday May 1, 2014.

DATES: Meeting of the Invasive Species Advisory Committee: Tuesday, May 13, 2014 through Wednesday, May 14, 2014; 8:30 a.m. to 5:00 p.m. Thursday, May 15, 2014; 8:30 a.m.–1:00 p.m.

ADDRESSES: Headquarters of the U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Arlington, VA 22203. The general session will be held in Room 530. Note: All meeting participants and interested members of the public must be cleared through building security prior to being escorted to the meeting.

FOR FURTHER INFORMATION CONTACT: Kelsey Brantley, National Invasive Species Council Program Specialist and ISAC Coordinator, Phone: (202) 513–7243; Fax: (202) 371–1751; email: Kelsey_Brantley@ios.doi.gov. Additional information can also be obtained from the NISC Web site, www.invasivespecies.gov.

Dated: April 11, 2014.
Lori Williams,
Executive Director, National Invasive Species Council.

Fish and Wildlife Service

Endangered Species Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications to conduct certain activities with endangered species. With some exceptions, the Endangered Species Act (Act) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. The Act also requires that we invite public comment before issuing recovery permits to conduct certain activities with endangered species.

DATES: Comments on these permit applications must be received on or before May 19, 2014.

ADDRESSES: Written data or comments should be submitted to the Endangered Species Program Manager, U.S. Fish and Wildlife Service, Region 8, 2800 Cottage Way, Room W–2606, Sacramento, CA 95825 (telephone: 916–414–6464; fax: 916–414–6486). Please refer to the respective permit number for each application when submitting comments.

SUPPLEMENTARY INFORMATION: The following applicants have applied for scientific research permits to conduct certain activities with endangered species under section 10(a)(1)(A) of the Act (16 U.S.C. 1531 et seq.). We seek review and comment from local, State, and Federal agencies and the public on the following permit requests.

Applicants

Permit No. TE–793640

Applicant: Jerry J. Smith, San Jose, California.

The applicant requests a permit renewal to take (harass by survey, capture, handle, collect tissue samples and release) the tidewater goby (Eucyclogobius newberryi) in conjunction with surveys, research, and population monitoring activities in Marin, San Mateo, Santa Cruz, Monterey, and San Luis Obispo Counties, California, for the purpose of enhancing the species’ survival.
The applicant requests a permit to take (harass by survey) the California clapper rail (Rallus longirostris obsoletus) and salt marsh harvest mouse (Reithrodontomys raviventris) in conjunction with survey activities in Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma Counties, California, for the purpose of enhancing the species' survival.

Permit No. TE–30914B
Applicant: Rachel D. Wigginton, Davis, California.
The applicant requests a permit to take (harass by survey) the California clapper rail (Rallus longirostris obsoletus) and salt marsh harvest mouse (Reithrodontomys raviventris) in conjunction with survey activities during marsh plant and invertebrate research in Alameda, Contra Costa, Marin, and Santa Clara Counties, California, for the purpose of enhancing the species' survival.

Permit No. TE–233373
Applicant: MaryAnne Flett, Pt. Reyes Station, California.
The applicant requests an amendment to a permit to take (harass by survey) the California clapper rail (Rallus longirostris obsoletus) in conjunction with survey activities in Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma Counties, California, for the purpose of enhancing the species' survival.

Permit No. TE–30908B
Applicant: River Partners, Modesto, California.
The applicant requests a permit to take (survey, trap, capture, handle, tag, mark collect genetic material, and release) the riparian brush rabbit (Sylvilagus bachmani riparius), take (survey, capture, handle, mark, release, hold in captivity, and relocate) the riparian woodrat (San Joaquin Valley woodrat) (Neotoma fuscipes riparia), and take (nest monitor) the least Bell's vireo (Vireo bellii pusillus) in conjunction with survey, research, and population monitoring activities at the Dos Rios Ranch, Stanislaus County, California, for the purpose of enhancing the species' survival.

Permit No. TE–817400
Applicant: East Bay Regional Park District, Oakland, California.
The applicant requests a permit renewal to take (survey, trap, capture, handle, tag, mark collect genetic material, and release) the salt marsh harvest mouse (Reithrodontomys raviventris), take (survey, capture, handle, and release) the California tiger salamander (central Distinct Population Segment (DPS)) (Ambystoma californiense), take (harass by survey, locate and monitor nests) the California least tern (Sternula antillarum browni) (Sterna a. b.), take (harass by survey, locate and monitor nests, and candle eggs) the California clapper rail (Rallus longirostris obsoletus); and take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with surveys and demographic studies throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–126141
Applicant: Craig Stockwell, Fargo, North Dakota.
The applicant requests an amendment to a permit to take (trap, collect, mark, and release) the Pahrump poolfish (Emetrichthys latos) in conjunction with scientific research activities in Clark and White Pine Counties, Nevada, and in facilities at North Dakota State University, Fargo, North Dakota, for the purpose of enhancing the species' survival.

Permit No. TE–237086
Applicant: Stillwater Sciences, Berkeley, California.
The applicant requests a permit renewal to take (harass by survey, capture, handle, and release) the California freshwater shrimp (Syncaris pacifica) in conjunction with surveys and demographic studies throughout the range of the species in California for the purpose of enhancing the species' survival.

Permit No. TE–198917
Applicant: Stillwater Sciences, McKinleyville, California.
The applicant requests a permit renewal to take (harass by survey, capture, handle, and release) the tidewater goby (Eucyclogobius newberryi) in conjunction with surveys and population monitoring activities throughout the range of the species in California for the purpose of enhancing the species' survival.

Permit No. TE–101154
Applicant: Mitchell C. Dallas, Morro Bay, California.
The applicant requests an amendment to a permit to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–126141
Applicant: River Partners, Modesto, California.
The applicant requests a permit to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–31221B
Applicant: Danielle A. Mullen, Encinitas, California.
The applicant requests a permit to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–075112
Applicant: Gregory K. Chatman, Ashton, Idaho.
The applicant requests a permit renewal to take (survey by pursuit) the Quino checkerspot butterfly (Euphydryas editha quino) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–102310
Applicant: Mitchell C. Dallas, Morro Bay, California.
The applicant requests a permit renewal to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–081298
Applicant: Rachel C. Gardiner, Sacramento, California.
The applicant requests a permit renewal to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), Riverside fairy shrimp (Streptocephalus woottoni), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–31222B
Applicant: Rachel C. Gardiner, Sacramento, California.
The applicant requests a permit to take (harass by survey) the California clapper rail (Rallus longirostris obsoletus) in conjunction with survey activities in Sonoma and Marin Counties, California, for the purpose of enhancing the species’ survival.

Permit No. TE–075112
Applicant: Gregory K. Chatman, Ashton, Idaho.
The applicant requests a permit renewal to take (survey by pursuit) the Quino checkerspot butterfly (Euphydryas editha quino) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–102310
Applicant: Mitchell C. Dallas, Morro Bay, California.
The applicant requests a permit renewal to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.

Permit No. TE–081298
Applicant: Rachel C. Gardiner, Sacramento, California.
The applicant requests a permit renewal to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longiantenna), Riverside fairy shrimp (Streptocephalus woottoni), and vernal pool tadpole shrimp (Lepidurus packardi) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species' survival.
fairy shrimp (Branchinecta sandiegensis), and vernal pool tadpole shrimp (Lepidurus packardi), and take (capture, handle, and release) the California tiger salamander (Santa Barbara County DPS and Sonoma County DPS) (Ambystoma californiense) in conjunction with survey activities throughout the range of each species in California and Oregon for the purpose of enhancing the species’ survival.

Permit No. TE–48210A
Applicant: Area West Environmental, Orangevale, California.

The applicant requests an amendment to a permit to take (harass by survey, capture, handle, conduct drift fence survey study, collect tissue samples, and release) the California tiger salamander (Santa Barbara County DPS and Sonoma County DPS) (Ambystoma californiense), and reduce and remove to possession (collect) the Orcuttia viscida (Sacramento Orcutt grass) in conjunction with surveys, research, population monitoring, and seed distribution study throughout the range of each species in California for the purpose of enhancing the species’ survival.

Permit No. TE–217402–1
Applicant: Julie M. Love, Santa Barbara, California.

The applicant requests a permit renewal to take (harass by survey, capture, handle, release, measure and record morphological data, and photograph) the tidewater goby (Eucyclogobius newberryi) in conjunction with survey, population monitoring, and research activities throughout the range of the species in California for the purpose of enhancing the species’ survival.

Permit No. TE–101151
Applicant: Eric A. Bailey, San Marcos, California.

The applicant requests an amendment to a permit to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longianuenta), Riverside fairy shrimp (Streptocephalus woottoni), San Diego fairy shrimp (Branchinecta sandiegensis), and vernal pool tadpole shrimp (Lepidurus packardi), in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species’ survival.

Permit No. TE–022181
Applicant: David J. Ezell, Hemet, California.

The applicant requests a permit renewal to take (survey by pursuit) the Quino checkerspot butterfly (Euphydryas editha quino) in conjunction with survey activities throughout the range of each species in California for the purpose of enhancing the species’ survival.

Permit No. TE–800291
Applicant: Anne Wallace, Nevada City, California.

The applicant requests a permit renewal to take (capture, collect, and collect vouchers) the Conservancy fairy shrimp (Branchinecta conservatio), longhorn fairy shrimp (Branchinecta longianuenta), Riverside fairy shrimp (Streptocephalus woottoni), San Diego fairy shrimp (Branchinecta sandiegensis), and vernal pool tadpole shrimp (Lepidurus packardi); take (capture, handle, and release) the California tiger salamander (Santa Barbara County DPS and Sonoma County DPS) (Ambystoma californiense); take (harass by survey and monitor nests) the California least tern (Sterna antillarum browni) (Sterna a. b.); and take (harass by survey) the California clapper rail (Rallus longirostris obsoletus) in conjunction with survey and population monitoring activities throughout the range of each species in California for the purpose of enhancing the species’ survival.

Public Comments

We invite public review and comment on each of these recovery permit applications. Comments and materials we receive will be available for public inspection, by appointment, during normal business hours at the address listed in the ADDRESSES section of this notice.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Michael Long,
Acting Regional Director, Pacific Southwest Region, Sacramento, California.
