information is being provided (e.g., once per year for applications and four times per year for grantee reporting).

Average Hours per Response: Average hours per response varies depending on what information is being provided (e.g., Choice Neighborhoods Implementation grant application: 73.76; Choice Neighborhoods Planning grant application: 37.76; Choice Neighborhoods information collections unrelated to the NOFA, including grantee reporting: 13.58).

Total Estimated Burdens: Total burden hours is estimated to be 9,924. Total burden cost is estimated to be $396,979.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;
(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Endangered and Threatened Species Permit Applications; Correction
AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of applications; request for public comment; correction.

SUMMARY: We, the U.S. Fish and Wildlife Service, correct a typographical error in a recently published notice that announced our receipt of applications. Due to the inadvertent typographical error, the prior notice mischaracterized the area of translocation for a species for which the applicant seeks a permit. The error is not in the application materials, but only in one section of our previous Federal Register notice. If you requested documents for review, you need not request them again.

DATES: To ensure consideration, written comments must be received on or before February 17, 2015.

ADDRESSES: Susan Jacobsen, Chief, Division of Classification and Restoration, by U.S. mail at Division of Classification and Recovery, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, NM 87103; or by telephone at 505–248–6920.

FOR FURTHER INFORMATION CONTACT: Susan Jacobsen, Chief, Division of Classification and Restoration, by U.S. mail at P.O. Box 1306, Albuquerque, NM 87103; or by telephone at 505–248–6920.

SUPPLEMENTARY INFORMATION: The Act (16 U.S.C. 1531 et seq.) prohibits activities with endangered and threatened species unless a Federal permit allows such activities. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR part 17, the Act provides for permits, and requires that we invite public comment before issuing these permits.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes applicants to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of survival or propagation, or interstate commerce. Our regulations regarding implementation of section 10(a)(1)(A) permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Correction

Due to an inadvertent typographical error, our January 15, 2015 (80 FR 2118), Federal Register notice did not accurately reflect the translocation activities for one of the species for which we will consider issuing a recovery permit. In the Applications Available for Review and Comment section of the notice, for Permit TE091551 (applicant: U.S. Fish and Wildlife Service), Vermejo Park Ranch should not have been included as a translocation site. The correct description of the permit application reads as follows:

Permit TE–091551

Applicant requests a renewal to a current permit for research and recovery purposes to conduct the following activities for Mexican gray wolf (Canis lupus baileyi) within Arizona and New Mexico: Capture, including, but not limited to, leg-hold traps, helicopter or ground darting and net-gunning, and captive capture methods; handle; possession; administration of health care; propagation; radio collar or other marking techniques; release; obtain and preserve blood, tissue, semen, ova, and other samples that are
considered parts of wolves (scat is not considered a part of a wolf and can be collected without a permit); translocate; transport between approved Mexican wolf captive management facilities in the United States and Mexico; to approved release sites; and purposeful lethal take (lethal take is limited to Mexican wolves within the MWEPA in Arizona and New Mexico); hazing via less-than-lethal projectiles; injurious harassment; research; and any other USFWS-approved husbandry practice or management action for Mexican wolves.

Obtaining Documents for Review

Please note that all the documents we made available from the date of publication of our earlier notice (January 15, 2015) are correct. If you already obtained any documents for review, you do not need to request new copies.

National Environmental Policy Act (NEPA)

In compliance with the NEPA (42 U.S.C. 4321 et seq.), we have analyzed the proposed activities in permit TE091551 in the Final Environmental Impact Statement for the Proposed Revision to the Regulations for the Nonessential Experimental Population of the Mexican Wolf (Canis lupus baileyi) (November 2014). Dated: January 23, 2015.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Register of Historic Places (National Register) is the official Federal list of districts, sites, buildings, structures, and objects significant in American history, architecture, archeology, engineering, and culture. National Register properties have significance to the history of communities, States, or the Nation. The National Historic Preservation Act of 1966 requires the Secretary of the Interior to maintain and expand the National Register, and to establish criteria and guidelines for including properties on the National Register. National Register properties must be considered in the planning for Federal or federally assisted projects, and listing in the National Register is required for
