is to allow for 60 days of public comment.

DATES: Comments Due Date: January 19, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Nachesha Foxx, Reports Liaison Officer, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW., Room 10276, Washington, DC 20410–0500.

FOR FURTHER INFORMATION CONTACT: Camille Acevedo, Associate General Counsel, Legislation and Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW., Room 10282, Washington, DC 20410–0500.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Dated: November 6, 2015.

Camille E. Acevedo,
Associate General Counsel for Legislation and Regulations.

Fish and Wildlife Service

[FR Doc. 2015–29331 Filed 11–16–15; 8:45 am]

BILLING CODE 4210–67–P

Status of the proposed information collection: Reinstatement of collection.

A. Overview of Information Collection

Title of Information Collection: Notice of Application for Designation As a Single Family Foreclosure Commissioner (SF Mortgage Foreclosure Act of 1994).

OMB Control Number: 2510–0012.

Description of the need for the information and proposed use: Under the Single Family Mortgage Foreclosure Act of 1994, HUD may exercise a nonjudicial Power of Sale of single family HUD-held mortgages and may appoint Foreclosure Commissioners to do this. HUD needs the Notice and resulting applications for compliance with the Act’s requirements that commissioners be qualified. Most respondents will be attorneys, but anyone may apply.

Agency form numbers, if applicable: None.

Members of affected public: Business or Other For-Profit and Individuals or Households.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

[FR Doc. 2015–29331 Filed 11–16–15; 8:45 am]

BILLING CODE 4210–67–P

**Permit TE–841359**

Applicant: U.S. Forest Service—Gila National Forest, Silver City, New Mexico.

Applicant requests a new permit for research and recovery purposes to conduct presence/absence surveys of the following species in Arizona:

- Southwestern willow flycatcher (*Empidonax traillii extimus*)
- Gila chub (*Gila intermedia*)
- Loach minnow (*Tiaroga cobitis*)
- Spike dace (*Meda fulgida*)

**Permit TE–78250B**

Applicant: Erin Hatchett, Fort Worth, Texas.

Applicant requests a new permit for research and recovery purposes to conduct presence/absence surveys of black-capped vireo (*Vireo atricapilla*), golden-cheeked warbler (*Dendroica chrysoparia*), and southwestern willow flycatcher (*Empidonax traillii extimus*) within Arizona, New Mexico, Texas, Colorado, and Utah.

**Permit TE–78414B**

Applicant: Antoinette Taylor, Austin, Texas.

Applicant requests a new permit for research and recovery purposes to conduct presence/absence surveys of black-capped vireo (*Vireo atricapilla*) and golden-cheeked warbler (*Dendroica chrysoparia*) within Texas and Oklahoma.

**Permit TE–800611**

Applicant: SWCA Environmental Consultants, San Antonio, Texas.

Applicant requests an amendment to a current permit for research and recovery purposes to conduct salvage, transportation, research, and captive husbandry of the following species within Arizona:

- Peck’s Cave amphipod (*Stygobromus [=Stygonectes] pecki*)
- Comal Springs dryopid beetle (*Stygoparnus comalensis*)
- Comal Springs riffle beetle (*Heterelmis comalensis*)
- Fountain darter (*Etheostoma fonticola*)
- San Marcos gambusia (*Gambusia yumanensis*)
- Texas blind salamander (*Bufo houstonensis*)
- Texas wild rice (*Zizania texana*)

**Permit TE–34030A**

Applicant: Dustin McBride, Grapevine, Texas.

Applicant requests a new permit for research and recovery purposes to conduct presence/absence surveys for Houston toad (*Bufo houstonensis*) within Texas.

**Permit TE–44542B**

Applicant: Olsson Associates, Oklahoma City, Oklahoma.

Applicant requests an amendment to a current permit for research and recovery purposes to conduct presence/absence surveys of American burying beetle (*Nicrophorus americanus*) within Oklahoma and Nebraska.

**Permit TE–783902B**

Applicant: Kristy Cosby, Pawhuska, Oklahoma.

Applicant requests a new for research and recovery purposes to conduct presence/absence surveys of American burying beetle (*Nicrophorus americanus*) within Oklahoma.

**Permit TE–78959A**

Applicant: Sarah Anne Weber, Spring Branch, Texas.

Applicant requests an amendment to a current permit for research and recovery purposes to conduct presence/absence surveys for black-capped vireo (*Vireo atricapilla*) within Texas.

**Permit TE–039466**

Applicant: USGS—Idaho Cooperative Fish and Wildlife Research Unit, Moscow, Idaho.

Applicant requests an amendment to a current permit for research and recovery purposes to trap, band, and attach radio transmitters to Yuma clapper rails (*Rallus longirostris yumanensis*) within Arizona and California.

**National Environmental Policy Act (NEPA)**

In compliance with NEPA (42 U.S.C. 4321 et seq.), we have made an initial determination that the proposed activities in these permits are...
categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement (516 DM 6 Appendix 1, 1.4C(1)).

Public Availability of Comments
All comments and materials we receive in response to this request will be available for public inspection, by appointment, during normal business hours at the address listed in the DATES section of this notice.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: We provide this notice under section 10 of the Act (16 U.S.C. 1531 et seq.).

Dated: November 5, 2015.

Joy E. Nicholopoulos,
Acting Regional Director, Southwest Region, U.S. Fish and Wildlife Service.

BILLING CODE 4333–15–P

DEPARTMENT OF THE INTERIOR
Fish and Wildlife Service

John H. Chafee Coastal Barrier Resources System; Availability of Draft Maps for Alabama, Florida, Georgia, Louisiana, Michigan, Minnesota, Mississippi, New York, Ohio, and Wisconsin; Request for Comments

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: The Coastal Barrier Resources Act (CBRA) requires the Secretary of the Interior (Secretary) to review the maps of the John H. Chafee Coastal Barrier Resources System (CBRS) at least once every 5 years and make any minor and technical modifications to the boundaries of the CBRS as are necessary to reflect changes that have occurred in the size or location of any CBRS unit as a result of natural forces. The U.S. Fish and Wildlife Service (Service) has conducted this review and has prepared draft revised maps for all of the CBRS units in Alabama, all units in Florida (except for one unit that was remapped in 2014), all units in Georgia, several units in Louisiana, all units in Michigan, the only unit in Minnesota, all units in Mississippi, all units in the Great Lakes region of New York, all units in Ohio, and all units in Wisconsin resulted in a set of 205 draft revised maps, dated August 14, 2015, depicting a total of 250 CBRS units. The set of maps includes 9 maps for 10 CBRS units located in Alabama, 93 maps for 128 CBRS units located in Florida, 16 maps for 13 CBRS units located in Georgia, 15 maps for 7 CBRS units located in Louisiana, 36 maps for 46 CBRS units located in Michigan, 1 map for 1 CBRS unit located in Minnesota, 9 maps for 7 CBRS units located in Mississippi, 14 maps for 21 CBRS units located in the Great Lakes region of New York, 7 maps for 10 CBRS units located in Ohio, and 5 maps for 7 CBRS units located in Wisconsin. The Service’s review of these areas found a total of 136 CBRS units that require modifications due to natural changes in the size or location of the units since they were last mapped. The Service’s review of these areas also found two CBRS units that require modifications to correct administrative errors that were made in the past, on maps for Santa Rosa County, Florida, and Jackson County, Mississippi.

Following the close of the comment period on the date listed in the DATES section of this document, the Service will review all comments received from Federal, State, and local officials on the draft maps; make adjustments to the draft maps, as appropriate; and publish a notice in the Federal Register to announce the availability of the final revised maps. Below is a summary of the changes depicted on the draft revised maps.

Alabama
The Service’s review found 6 of the 10 CBRS units in Alabama to have changed due to natural forces.

AL–01P: PERDIDO KEY UNIT. A portion of the northern boundary of the unit has been modified to account for erosion along the shoreline of Old River. The western boundary of the unit has been modified to account for both erosion and accretion around Florida Point.

Q01: MOBILE POINT UNIT. There are five discrete segments of Unit Q01, but modifications to account for natural changes were only necessary in the largest segment. The southern boundary of the excluded area has been modified to account for erosion along the shoreline.

Q01P: MOBILE POINT UNIT. There are four discrete segments of Unit Q01P, but modifications to account for natural changes were only necessary in the two eastern segments. In the easternmost segment of the unit, the eastern boundary has been modified to account for shoreline erosion along Oyster Bay. In the eastern central segment of the unit, the southern boundary of the excluded area has been modified to account for
