§ 1274.944 Award term and condition for recipient integrity and performance matters.

(a) Reporting of matters related to recipient integrity and performance.

(1) General reporting requirement.

(i) If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds $10,000,000 for any period during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported in FAPIS about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110–417, as amended (41 U.S.C. 2313).

(ii) As required by section 3010 of Public Law 111–212, all information posted in FAPIS on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

(ii) Proceedings about which you must report. Submit the information required about each proceeding that—

(i) Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

(ii) Reached its final disposition during the most recent five year period; and

(iii) Is one of the following:

(A) A criminal proceeding that resulted in a conviction, as defined in paragraph (a)(2)(iii)(A)(5) of this section.

(B) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more.

(C) An administrative proceeding, as defined in paragraph (a)(2)(iii)(A)(5) of this section, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of $5,000 or more or reimbursement, restitution, or damages in excess of $100,000.

(D) Any other criminal, civil, or administrative proceeding if—

(1) It could have led to an outcome described in paragraph (a)(2)(iii)(A), (B), or (C) of this section;

(2) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and

(3) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

(i) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and

(ii) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

(b) Reporting procedures. Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph (a)(2)(iii)(A)(5) of this section. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM, because you were required to do so under Federal procurement contracts that you were awarded.

(c) Definitions. For purposes of this award term and condition:

(i) Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State jurisdiction, whether entered upon a plea of nolo contendere.

(ii) Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

(iii) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

(iii) Total value of currently active grants, cooperative agreements, and procurement contracts includes—

(ii) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

SUMMARY: This proposed rule would establish regulations for fish and shellfish seasons, harvest limits, methods, and means related to taking of fish and shellfish for subsistence uses during the 2017–2018 and 2018–2019 regulatory years. The Federal Subsistence Board (Board) is on a schedule of completing the process of revising subsistence taking of fish and shellfish regulations in odd-numbered years and subsistence taking of wildlife regulations in even-numbered years; public proposal and review processes take place during the preceding year. The Board also addresses customary and traditional use determinations during the applicable cycle. When final, the resulting rulemaking will replace the existing subsistence fish and shellfish taking regulations. This proposed rule would also amend the general regulations on subsistence taking of fish and wildlife.

DATES: Public meetings: The Federal Subsistence Regional Advisory Councils will hold public meetings to receive comments and make proposals to change this proposed rule March 7 through March 11, 2016, and then hold another round of public meetings to discuss and receive comments on the proposals, and make recommendations on the proposals to the Federal Subsistence Board, on several dates between September 28 and November 2, 2016. The Board will discuss and evaluate proposed regulatory changes during a public meeting in Anchorage, AK, in January 2017. See SUPPLEMENTARY INFORMATION for specific information on dates and locations of the public meetings.
Public comments: Comments and proposals to change this proposed rule must be received or postmarked by April 1, 2016.

ADDRESSES: Public meetings: The Federal Subsistence Board and the Federal Subsistence Regional Advisory Councils’ public meetings will be held at various locations in Alaska. See SUPPLEMENTARY INFORMATION for specific information on dates and locations of the public meetings.

Public comments: You may submit comments by one of the following methods:
- By hard copy: U.S. mail or hand-delivery to: USFWS, Office of Subsistence Management, 1011 East Tudor Road, MS 121, Attn: Theo Matuszkowitz, Anchorage, AK 99503–6199, or hand delivery to the Designated Federal Official attending any of the Federal Subsistence Regional Advisory Council public meetings. See SUPPLEMENTARY INFORMATION for additional information on locations of the public meetings. We will post all comments on http://www.regulations.gov. This generally means that we will post any personal information you provide us (see the Public Review Process section below for more information).

FOR FURTHER INFORMATION CONTACT: Chair, Federal Subsistence Board, c/o U.S. Fish and Wildlife Service, Attention: Gene Peltola, Office of Subsistence Management; (907) 786–3888 or subsistence@fws.gov. For questions specific to National Forest System lands, contact Thomas Whitford, Regional Subsistence Program Leader, USDA, Forest Service, Alaska Region; (907) 743–9461 or twitford@fs.fed.us.

SUPPLEMENTARY INFORMATION:

Background

Under Title VIII of the Alaska National Interest Lands Conservation Act (ANILCA) (16 U.S.C. 3111–3126), the Secretary of the Interior and the Secretary of Agriculture (Secretaries) jointly implement the Federal Subsistence Management Program. This program provides a preference for take of fish and wildlife resources for subsistence uses on Federal public lands and waters in Alaska. The Secretaries published temporary regulations to carry out this program in the Federal Register on June 29, 1990 (55 FR 27114), and final regulations were published in the Federal Register on May 29, 1992 (57 FR 22940). The Program has subsequently amended these regulations a number of times. Because this program is a joint effort between Interior and Agriculture, these regulations are located in two titles of the Code of Federal Regulations (CFR): title 36, “Parks, Forests, and Public Property,” and title 50, “Wildlife and Fisheries,” at 36 CFR 242.1–28 and 50 CFR 100.1–28, respectively. The regulations contain subparts as follows: subpart A, General Provisions; subpart B, Program Structure; subpart C, Board Determinations; and subpart D, Subsistence Taking of Fish and Wildlife. Consistent with subpart B of these regulations, the Secretaries established a Federal Subsistence Board to administer the Federal Subsistence Management Program. The Board comprises:
- A Chair appointed by the Secretary of the Interior with concurrence of the Secretary of Agriculture;
- The Alaska Regional Director, U.S. Fish and Wildlife Service;
- The Alaska Regional Director, National Park Service;
- The Alaska State Director, Bureau of Land Management;
- The Alaska Regional Director, Bureau of Indian Affairs;
- The Alaska Regional Forester, U.S. Forest Service; and
- Two public members appointed by the Secretary of the Interior with concurrence of the Secretary of Agriculture.

Through the Board, these agencies and public members participate in the development of regulations for subparts C and D, which, among other things, set forth program eligibility and specific harvest seasons and limits.

In administering the program, the Secretaries divided Alaska into 10 subsistence resource regions, each of which is represented by a Regional Advisory Council. The Regional Advisory Councils provide a forum for rural residents with personal knowledge of local conditions and resource requirements to have a meaningful role in the subsistence management of fish and wildlife on Federal public lands in Alaska. The Regional Advisory Council members represent varied geographical, cultural, and user interests within each region.

Public Review Process—Comments, Proposals, and Public Meetings

The Federal Subsistence Regional Advisory Councils have a substantial role in reviewing this proposed rule and making recommendations for the final rule. The Federal Subsistence Board, through the Federal Subsistence Regional Advisory Councils, will hold public meetings on this proposed rule at the following location in Alaska, on the following dates:

Joint Regional Advisory Council Meeting, Anchorage, March 7–11, 2016

During April 2016, the written proposals to change the regulations at subpart D, take of fish and shellfish, and subpart C, customary and traditional use determinations, will be compiled and distributed for public review. During the 30-day public comment period, which is presently scheduled to end on May 26, 2016, written public comments will be accepted on the distributed proposals.

The Board, through the Regional Advisory Councils, will hold a second series of public meetings in August through October 2016, to receive comments on specific proposals and to develop recommendations to the Board at the following locations in Alaska, on the following dates:

Region 1—Southeast Regional Council, Petersburg, October 4, 2016
Region 2—Southcentral Regional Council, Anchorage, October 18, 2016
Region 3—Kodiak/Aleutians Regional Council, Cold Bay, September 28, 2016
Region 4—Bristol Bay Regional Council, Dillingham, October 26, 2016
Region 5—Yukon–Kuskokwim Delta Regional Council, Bethel, October 12, 2016
Region 6—Western Interior Regional Council, McGrath, October 11, 2016
Region 7—Seward Peninsula Regional Council, Nome, November 1, 2016
Region 8—Northwest Arctic Regional Council, Selawik, October 5, 2016
Region 9—Eastern Interior Regional Council, Fort Yukon, October 25, 2016
Region 10—North Slope Regional Council, Barrow, November 1, 2016

A notice will be published of specific dates, times, and meeting locations in local and statewide newspapers prior to both series of meetings. Locations and dates may change based on weather or local circumstances. The amount of work on each Regional Advisory Council’s agenda determines the length of each Regional Advisory Council meeting.

The Board will discuss and evaluate proposed changes to the subsistence management regulations during a public meeting scheduled to be held in Anchorage, Alaska, in January 2017. The Federal Subsistence Regional Advisory Council Chairs, or their designated representatives, will present their respective Councils’ recommendations at the Board meeting. Additional oral testimony may be
provided on specific proposals before the Board at that time. At that public meeting, the Board will deliberate and take final action on proposals received that request changes to this proposed rule.

Proposals to the Board to modify the general fish and wildlife regulations, fish and shellfish harvest regulations, and customary and traditional use determinations must include the following information:

a. Name, address, and telephone number of the requestor;

b. Each section and/or paragraph designation in this proposed rule for which changes are suggested, if applicable;

c. A description of the regulatory change(s) desired;

d. A statement explaining why each change is necessary;

e. Proposed wording changes; and

f. Any additional information that you believe will help the Board in evaluating the proposed change.

The Board immediately rejects proposals that fail to include the above information, or proposals that are beyond the scope of authorities in § 100.24, subpart C (the regulations governing customary and traditional use determinations), and §§ 100.25, 100.27, and 100.28 of subpart D (the general and specific regulations governing the subsistence take of fish and shellfish). If a proposal needs clarification, prior to being distributed for public review, the proponent may be contacted, and the proposal could be revised based on their input. Once distributed for public review, no additional changes may be made as part of the original submission. During the January 2017 meeting, the Board may defer review and action on some proposals to allow time for cooperative planning efforts, or to acquire additional needed information. The Board may elect to defer taking action on any given proposal if the workload of staff, Regional Advisory Councils, or the Board becomes excessive. These deferrals may be based on recommendations by the affected Regional Advisory Council(s) or staff members, or on the basis of the Board’s intention to do least harm to the subsistence user and the resource involved. A proponent of a proposal may withdraw the proposal provided it has not been considered, and a recommendation has not been made, by a Regional Advisory Council. The Board may consider and act on alternatives that address the intent of a proposal while differing in approach.

You may submit written comments and materials concerning this proposed rule by one of the methods listed in ADDRESSES. If you submit a comment via http://www.regulations.gov, your entire comment, including any personal identifying information, will be posted on the Web site. If you submit a hardcopy comment that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so. We will post all hardcopy comments on http://www.regulations.gov.

Comments and materials we receive, as well as supporting documentation we used in preparing this proposed rule, will be available for public inspection on http://www.regulations.gov, or by appointment, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays, at: USFWS, Office of Subsistence Management, 1011 East Tudor Road, Anchorage, AK 99503.

Reasonable Accommodations

The Federal Subsistence Board is committed to providing access to these meetings for all participants. Please direct all requests for sign language interpreting services, closed captioning, or other accommodation needs to Deborah Coble, 907–786–3880, subsistence@fws.gov, or 800–877–8339 (TTY), seven business days prior to the meeting you would like to attend.

Tribal Consultation and Comment

As expressed in Executive Order 13175, ‘‘Consultation and Coordination with Indian Tribal Governments,’’ the Federal officials that have been delegated authority by the Secretaries are committed to honoring the unique government-to-government political relationship that exists between the Federal Government and Federally Recognized Indian Tribes (Tribes) as listed in 75 FR 60610 (October 1, 2010). Consultation with Alaska Native corporations is based on Public Law 108–199, div. H, Sec. 161, Jan. 23, 2004, 118 Stat. 452, as amended by Public Law 108–447, div. H, title V, Sec. 518, Dec. 8, 2004, 118 Stat. 3267, which provides that: ‘‘The Director of the Office of Management and Budget and all Federal agencies shall hereafter consult with Alaska Native corporations on the same basis as Indian tribes under Executive Order No. 13175.’’ The Alaska National Interest Lands Conservation Act does not provide specific rights to Tribes for the subsistence taking of wildlife, fish, and shellfish. However, because tribal members are affected by subsistence fishing, hunting, and trapping regulations, the Secretaries, through the Board, will provide Federally recognized Tribes and Alaska Native corporations an opportunity to consult on this proposed rule.

The Board will engage in outreach efforts for this proposed rule, including a notification letter, to ensure that Tribes and Alaska Native corporations are advised of the mechanisms by which they can participate. The Board provides a variety of opportunities for consultation: proposing changes to the existing rule; commenting on proposed changes to the existing rule; engaging in dialogue at the Regional Council meetings; engaging in dialogue at the Board’s meetings; and providing input in person, by mail, email, or phone at any time during the rulemaking process. The Board will commit to efficiently and adequately providing an opportunity to Tribes and Alaska Native corporations for consultation in regard to subsistence rulemaking.

The Board will consider Tribes’ and Alaska Native corporations’ information, input, and recommendations, and address their concerns as much as practicable.

Developing the 2017–18 and 2018–19 Fish and Shellfish Seasons and Harvest Limit Proposed Regulations

Subparts C and D regulations are subject to periodic review and revision. The Board currently completes the process of revising subsistence take of fish and shellfish regulations in odd-numbered years and wildlife regulations in even-numbered years; public proposal and review processes take place during the process year. The Board also addresses customary and traditional use determinations during the applicable cycle.

The current subsistence program regulations form the starting point for consideration during each new rulemaking cycle. Therefore, the text of three final rules form the text of this proposed rule for the 2015–17 subparts C and D regulations:

The text of the proposed amendments to 36 CFR 242.24 and 50 CFR 100.24 is the final rule for the 2014–16 regulatory period for wildlife (79 FR 35232; June 19, 2014).

The text of the proposed amendments to 36 CFR 242.25 and 242.27 and 50 CFR 100.25 and 100.27 is the final rule for the 2015–17 regulatory period for fish (80 FR 23187; May 18, 2015).

The text of the proposed amendments to 36 CFR 242.28 and 50 CFR 100.28 is the final rule for the 2011–13 regulatory period for fish and shellfish (76 FR 12584; March 8, 2011).

These regulations will remain in effect until subsequent Board action
changes elements as a result of the public review process outlined above in this document.

Compliance With Statutory and Regulatory Authorities

National Environmental Policy Act

A Draft Environmental Impact Statement that described four alternatives for developing a Federal Subsistence Management Program was distributed for public comment on October 7, 1991. The Final Environmental Impact Statement (FEIS) was published on February 28, 1992. The Record of Decision (ROD) on Subsistence Management for Federal Public Lands in Alaska was signed April 6, 1992. The selected alternative in the FEIS (Alternative IV) defined the administrative framework of an annual regulatory cycle for subsistence regulations.

A 1997 environmental assessment dealt with the expansion of Federal jurisdiction over fisheries and is available at the office listed under FOR FURTHER INFORMATION CONTACT. The Secretary of the Interior, with concurrence of the Secretary of Agriculture, determined that expansion of Federal jurisdiction does not constitute a major Federal action significantly affecting the human environment and, therefore, signed a Finding of No Significant Impact.

Section 810 of ANILCA

An ANILCA section 810 analysis was completed as part of the FEIS process on the Federal Subsistence Management Program. The intent of all Federal subsistence regulations is to accord subsistence uses of fish and wildlife on public lands a priority over the taking of fish and wildlife on such lands for other purposes, unless restriction is necessary to conserve healthy fish and wildlife populations. The final section 810 analysis determination appeared in the April 6, 1992, ROD and concluded that the Federal Subsistence Management Program, under Alternative IV with an annual process for setting subsistence regulations, may have some local impacts on subsistence uses, but will not likely restrict subsistence uses significantly.

During the subsequent environmental assessment process for extending fisheries jurisdiction, an evaluation of the effects of the subsistence program regulations was conducted in accordance with section 810. That evaluation also supported the Secretaries’ determination that the regulations will not reach the “may significantly restrict” threshold that would require notice and hearings under ANILCA section 810(a).

Paperwork Reduction Act (PRA)

This proposed rule does not contain any new collections of information that require OMB approval under the PRA (44 U.S.C. 3501 et seq.) OMB has reviewed and approved the collections of information associated with the subsistence regulations at 36 CFR part 242 and 50 CFR part 100, and assigned OMB Control Number 1018-0075. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number.

Regulatory Planning and Review
(Executive Order 12866)

Executive Order 12866 provides that the Office of Information and Regulatory Affairs (OIRA) in the Office of Management and Budget will review all significant rules. OIRA has determined that this proposed rule is not significant.

Executive Order 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation’s regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The executive order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

Regulatory Flexibility Act

The Regulatory Flexibility Act of 1980 (5 U.S.C. 601 et seq.) requires preparation of flexibility analyses for rules that will have a significant effect on a substantial number of small entities, which include small businesses, organizations, or governmental jurisdictions. In general, the resources to be harvested under this proposed rule are already being harvested and consumed by the local harvester and do not result in an additional dollar benefit to the economy. However, we estimate that two million pounds of meat are harvested by subsistence users annually and, if given an estimated dollar value of $3.00 per pound, this amount would equate to about $6 million in food value statewide. Based upon the amounts and values cited above, the Departments certify that this rulemaking will not have a significant economic effect on a substantial number of small entities within the meaning of the Regulatory Flexibility Act.

Small Business Regulatory Enforcement Fairness Act

Under the Small Business Regulatory Enforcement Fairness Act (5 U.S.C. 801 et seq.), this proposed rule is not a major rule. It will not have an effect on the economy of $100 million or more, will not cause a major increase in costs or prices for consumers, and will not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

Executive Order 12630

Title VIII of ANILCA requires the Secretaries to administer a subsistence priority on public lands. The scope of this program is limited by definition to certain public lands. Likewise, these proposed regulations have no potential takings of private property implications as defined by Executive Order 12630.

Unfunded Mandates Reform Act

The Secretaries have determined and certify pursuant to the Unfunded Mandates Reform Act, 2 U.S.C. 1502 et seq., that this rulemaking will not impose a cost of $100 million or more in any given year on local or State governments or private entities. The implementation of this rule is by Federal agencies and there is no cost imposed on any State or local entities or tribal governments.

Executive Order 12988

The Secretaries have determined that these regulations meet the applicable standards provided in sections 3(a) and 3(b)(2) of Executive Order 12988, regarding civil justice reform.

Executive Order 13132

In accordance with Executive Order 13132, the proposed rule does not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment. Title VIII of ANILCA precludes the State from exercising subsistence management authority over fish and wildlife resources on Federal lands unless it meets certain requirements.

Executive Order 13175

The Alaska National Interest Lands Conservation Act, Title VIII, does not
provide specific rights to tribes for the subsistence taking of wildlife, fish, and shellfish. However, the Secretaries, through the Board, will provide Federally recognized Tribes and Alaska Native corporations an opportunity to consult on this proposed rule. Consultation with Alaska Native corporations are based on Public Law 108–199, div. H, Sec. 161, Jan. 23, 2004, 118 Stat. 452, as amended by Public Law 108–447, div. H, title V, Sec. 518, Dec. 8, 2004, 118 Stat. 3267, which provides that: “The Director of the Office of Management and Budget and all Federal agencies shall hereafter consult with Alaska Native corporations on the same basis as Indian tribes under Executive Order No. 13175.”

The Secretaries, through the Board, will provide a variety of opportunities for consultation: commenting on proposed changes to the existing rule; engaging in dialogue at the Regional Council meetings; engaging in dialogue at the Board’s meetings; and providing input in person, by mail, email, or phone at any time during the rulemaking process.

Executive Order 13211

This Executive Order requires agencies to prepare Statements of Energy Effects when undertaking certain actions. However, this proposed rule is not a significant regulatory action under E.O. 13211, affecting energy supply, distribution, or use, and no Statement of Energy Effects is required.

Drafting Information

Theo Matuskowitz drafted these regulations under the guidance of Gene Peltola of the Office of Subsistence Management, Alaska Regional Office, U.S. Fish and Wildlife Service, Anchorage, Alaska. Additional assistance was provided by:

- Daniel Sharp, Alaska State Office, Bureau of Land Management;
- Mary McBurney, Alaska Regional Office, National Park Service;
- Dr. Glenn Chen, Alaska Regional Office, Bureau of Indian Affairs;
- Trevor Fox, Alaska Regional Office, U.S. Fish and Wildlife Service; and

List of Subjects

36 CFR Part 242

Administrative practice and procedure, Alaska, Fish, National forests, Public lands, Reporting and recordkeeping requirements, Wildlife.

50 CFR Part 100

Administrative practice and procedure, Alaska, Fish, National forests, Public lands, Reporting and recordkeeping requirements, Wildlife.

Proposed Regulation Promulgation

For the reasons set out in the preamble, the Federal Subsistence Board proposes to amend 36 CFR part 242 and 50 CFR part 100 for the 2017–2018 and 2018–2019 regulatory years.

The text of the proposed amendments to 36 CFR 242.24 and 50 CFR 100.24 is the final rule for the 2014–2016 regulatory period for wildlife (79 FR 35232; June 19, 2014).

The text of the proposed amendments to 36 CFR 242.25 and 242.27 and 50 CFR 100.25 and 100.27 is the final rule for the 2015–17 regulatory period for fish (80 FR 28187; May 18, 2015).

The text of the proposed amendments to 36 CFR 242.28 and 50 CFR 100.28 is the final rule for the 2011–2013 regulatory period for fish and shellfish (76 FR 12564; March 8, 2011).

Gene Peltola,
Assistant Regional Director, U.S. Fish and Wildlife Service, Acting Chair, Federal Subsistence Board.

Thomas Whitford,
Subsistence Program Leader, USDA–Forest Service.

SUPPLEMENTARY INFORMATION:

For the full EPA public comment policy, information about CBI or multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (i.e. on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the FOR FURTHER INFORMATION CONTACT section. For the FOR FURTHER INFORMATION CONTACT section. For the FOR FURTHER INFORMATION CONTACT section.
