SUPPLEMENTARY INFORMATION:

About the Council
In accordance with the North American Wetlands Conservation Act (Pub. L. 101–233, 103 Stat. 1968, December 13, 1989, as amended; NAWCA), the State-privatized-Federal North American Wetlands Conservation Council (Council) meets to consider wetland acquisition, restoration, enhancement, and management projects for recommendation to, and final funding approval by, the Migratory Bird Conservation Commission. NAWCA provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico. These projects must involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats for the benefit of all wetlands-associated migratory birds. Project proposal due dates, application instructions, and eligibility requirements are available on the NAWCA Web site at www.fws.gov/birds/grants/north-american-wetland-conservation-act.php.

About the Advisory Group
In accordance with Neotropical Migratory Bird Conservation Act (Pub. L. 106–247, 114 Stat. 503, July 20, 2000; NMBCA), the Advisory Group will hold its meeting to discuss the strategic direction and management of the NMBCA program and provide advice to the Director of the Fish and Wildlife Service. NMBCA promotes long-term conservation of neotropical migratory birds and their habitats through a competitive grants program by promoting partnerships, encouraging local conservation efforts, and achieving habitat protection in 36 countries. The goals of NMBCA include perpetuating healthy bird populations, providing financial resources for bird conservation, and fostering international cooperation. Because the greatest need is south of the U.S. border, at least 75 percent of NMBCA funding supports projects outside the United States. Project proposal due dates, application instructions, and eligibility requirements are available on the NMBCA Web site at http://www.fws.gov/birds/grants/neotropical-migratory-bird-conservation-act.php.
