DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration
[Docket No. TSA–2002–11602]

Intent To Request Extension From OMB of One Current Public Collection of Information: Security Programs for Foreign Air Carriers

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0005, abstracted below that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. This information collection is mandatory for foreign air carriers and must be submitted prior to entry into the United States.

DATES: Send your comments by August 20, 2018.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA–11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598–6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227–2062.

SUPPLEMENTARY INFORMATION:

Comments Invited
In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at http://www.reginfo.gov upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

1. Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

OMB Control Number 1652–0005; Security Programs for Foreign Air Carriers, 49 CFR part 1546. TSA uses the information collected to determine compliance with 49 CFR part 1546 and to ensure passenger safety by monitoring foreign air carrier security procedures. Foreign air carriers must carry out security measures to provide for the safety of persons and property traveling on flights provided by the foreign air carrier against acts of criminal violence and air piracy, and the introduction of explosives, incendiaries, or weapons aboard an aircraft. The information TSA collects includes identifying information on foreign air carriers’ flight crews and passengers. Specifically, TSA requires foreign air carriers to electronically submit the following information: (1) A master crew list of all flight and cabin crew members flying to and from the United States; (2) the flight crew list on a flight-by-flight basis; and (3) passenger identifying information on a flight-by-flight basis. This information collection is mandatory for foreign air carriers and must be submitted prior to entry into the United States.

Additionally, foreign air carriers must maintain these records, as well as training records, for crew members and individuals performing security-related functions, and make them available to TSA for inspection upon request. TSA will continue to collect information described above to determine foreign air carrier compliance with requirements of 49 CFR part 1546. TSA estimates that there will be approximately 180 respondents to the information collection, with an annual burden estimate of 1,278,352 hours.

Christina A. Walsh,
TSA Paperwork Reduction Act Officer, Office of Information Technology.

Habitat Conservation Plan and Environmental Assessment for Gavilan College San Benito Campus and Fairview Corners Residential Development

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; receipt of permit application, draft environmental assessment, draft habitat conservation plan, request for comment.

SUMMARY: This notice advises the public that we, the U.S. Fish and Wildlife Service, have prepared a draft environmental assessment under the National Environmental Policy Act of 1967, as amended, and it’s implementing regulations. This notice also announces the receipt of an application for an incidental take permit under the Endangered Species Act of 1973, as amended, and receipt of a draft habitat conservation plan.

DATES: Submitting Comments: To ensure consideration, written comments must be received by July 19, 2018.

ADDRESSES: You may obtain a copy of the draft Habitat Conservation Plan, draft Environmental Assessment, and related documents on the internet at http://www.fws.gov/ventura, or you may request copies of the documents by writing to the Ventura Fish and Wildlife Ecological Services Office, U.S. Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, CA 93003. Please address written comments to Stephen P. Henry, Field Supervisor, at the address above. Comments may also be sent by facsimile to (805) 644–3958.

FOR FURTHER INFORMATION CONTACT: Chad Mitcham, Fish and Wildlife Biologist, by mail to the address in
The proposed section 10 ITP would allow take of covered wildlife species resulting from covered activities in the proposed HCP area. The Applicants are requesting incidental take authorization for covered species that could be affected by all activities associated with the construction of the Gavilan College San Benito Campus and Fairview Corners Residential Development project, as identified in the HCP.

Covered Species

Covered species are those species addressed in the HCP for which conservation actions will be implemented and for which the Applicants are seeking an ITP for a period of 25 years. Proposed covered species include the federally threatened California tiger salamander (Ambystoma californiense) and the federally endangered San Joaquin kit fox (Vulpes macrotis mutica).

National Environmental Policy Act

Compliance

The EA was prepared to analyze the impacts of issuing an ITP based on the HCP and to inform the public of the proposed action, alternatives, and associated impacts and disclose any irreversible commitments of resources. The proposed permit issuance triggers the need for compliance with NEPA. The proposed action presented in the EA is compared to the no-action and reduced development scale alternatives. The No-Action and Reduced Development Scale alternatives represent estimated future conditions to which the proposed action’s estimated future conditions can be compared.

No-Action Alternative

Under the No-Action Alternative, the Service would not issue an ITP, and the HCP would not be implemented. Under this alternative, the project site would continue to be utilized for the purposes of cultivation of barley and the periodic grazing of cattle. Under the No-Action Alternative, the permanent loss of suitable habitat for the covered species would not occur; although, agricultural activities would continue resulting in negative effects to the species. Additionally, offsite mitigation of higher quality habitat would not occur.

Reduced Development Scale Alternative

This alternative assumes that the Fairview Corners Residential Development would be developed with estate homes on minimum 5-acre lots, and a reduced version of the Gavilan College project would be also developed. This alternative could

Background Information

Section 9 of the Act (16 U.S.C. 1531–1544 et seq.) and Federal regulations (50 CFR 17) prohibit the taking of fish and wildlife species listed as endangered or threatened under section 4 of the Act. Take of federally listed fish or wildlife is defined under the Act as to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed species, or attempt to engage in such conduct. The term “harass” is defined in the regulations as to carry out actions that create the likelihood of injury to listed species to such an extent as to significantly disrupt normal behavioral patterns, which include, but are not limited to, breeding, feeding, or sheltering (50 CFR 17.3). The term “harm” is defined in the regulations as significant habitat modification or degradation that results in death or injury of listed species by significantly impairing essential behavioral patterns, including breeding, feeding, or sheltering (50 CFR 17.3). However, under specified circumstances, the Service may issue permits that allow the take of federally listed species, provided that the take that occurs is incidental to, but not the purpose of, an otherwise lawful activity.

Regulations governing permits for endangered and threatened species are at 50 CFR 17.22 and 17.32, respectively. Section 10(a)(1)(B) of the Act contains provisions for issuing such incidental take permits to non-Federal entities for the take of endangered and threatened species, provided the following criteria are met:

(1) The taking will be incidental;
(2) The applicants will, to the maximum extent practicable, minimize and mitigate the impact of such taking;
(3) The applicants will develop a proposed HCP and ensure that adequate funding for the HCP will be provided;
(4) The taking will not appreciably reduce the likelihood of the survival and recovery of the species in the wild; and
(5) The applicants will carry out any other measures that the Service may require as being necessary or appropriate for the purposes of the HCP.

Proposed Action

The Service would issue an ITP to the Applicants for a period of 25 years for covered activities at the proposed project site in San Benito County. The proposed project would result in the permanent loss of approximately 137 acres of suitable habitat for the California tiger salamander and San Joaquin kit fox.

Plan Area

The project site is located southeast of the City of Hollister, in unincorporated San Benito County. The Gavilan Join Community College District owns approximately 77 acres of the southern portion of the 137-acre project site, while Fairview Corners, LLC, owns the remaining 60 acres. The project site currently consists of unimproved rangeland and agricultural fields of cultivated barley that are annually disked and periodically grazed by cattle.
include the preservation of a portion of the project site for the California tiger salamander in and around the area of the former stock pond; however, this would potentially increase the likelihood of the area to function as a population sink, primarily due to the loss of suitable upland habitat in the immediate vicinity. The biological resource impacts under this alternative would be similar to and potentially more significant that those identified under the proposed project.

Public Comments
If you wish to comment on this notice, the EA, and HCP, you may submit comments by any one of the methods in ADDRESSES.

Public Availability of Comments
Before including your address, phone number, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—might be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Next Steps
Issuance of an incidental take permit is a Federal proposed action subject to compliance with NEPA. We will evaluate the application, associated documents, and any public comments we receive to determine whether the application meets the requirements of NEPA regulations and section 10(a) of the Act. If we determine that those requirements are met, we will issue a permit to the applicant for the incidental take of the Covered Species. We will make our final permit decision no sooner than 30 days after the public comment period closes.

Authority
We publish this notice under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321–4347 et seq.; NEPA), and its implementing regulations in the Code of Federal Regulations (CFR) at 40 CFR 1500–1508, as well as in compliance with section 10(c) of the Endangered Species Act (16 U.S.C. 1531–1544 et seq.; Act).

Stephen P. Henry,
Field Supervisor, U.S. Fish and Wildlife Service, Ventura Field Office, Ventura, California.

Bureau of Land Management

[LLNM950000 L13400000.BX0000 18XL1109AF]

Notice of Filing of Plats of Survey, New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Filing of Plats of Survey.

SUMMARY: The plats of survey described below are scheduled to be officially filed in the New Mexico State Office, Bureau of Land Management, Santa Fe, New Mexico, thirty (30) calendar days from the date of this publication.

FOR FURTHER CONTACT INFORMATION:
These plats will be available for inspection in the New Mexico State Office, Bureau of Land Management, 301 Dinosaur Trail, Santa Fe, New Mexico. Copies may be obtained from this office upon payment. Contact Carlos Martinez at 505–954–2096, or by email at cjmart@blm.gov, for assistance. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours.

SUPPLEMENTARY INFORMATION:

New Mexico Principal Meridian, New Mexico (NM)

The plat representing the dependent resurvey and survey in Township 10 North, Range 7 West, of the New Mexico Principal Meridian, accepted May 15, 2018 for Group 1188 NM.

The plat representing the survey of Tract 24 within the Sebastian Martin Grant, of the New Mexico Principal Meridian, accepted May 29, 2018 for Group 1155 NM.

The Indian Meridian, Oklahoma (OK)

The plat, representing the dependent resurvey and survey in Township 7 North, Range 10 West, of the Indian Meridian, accepted May 17, 2018, for Group 234 OK.

The supplemental plat, restoring the lotting in section 3, created on January 18, 2007 in Township 5 South, Range 14 West, of the Indian Meridian, accepted January 30, 2018, for Group 236 OK.

The supplemental plat, restoring the lotting in sections 4 and 9, created on January 18, 2007 in Township 5 South, Range 14 West, of the Indian Meridian, accepted January 30, 2018, for Group 236 OK.

The Sixth Principal Meridian, Kansas (KA)

The plat representing the dependent resurvey and survey in Township 1 South, Range 18 East, of the Sixth Principal Meridian, accepted February 18, 2018 for Group 40 KS. These plats are scheduled for official filing 30 days from the notice of publication in the Federal Register, as provided for in the BLM Manual Section 2097—Opening Orders.

If a protest against a survey, in accordance with 43 CFR 4.450–2, of the above plats is received prior to the date of official filing, the filing will be stayed pending consideration of the protest.

A plat will not be officially filed until the day after all protests have been dismissed and become final or appeals from the dismissal affirmed.

A person or party who wishes to protest against any of these surveys must file a written protest with the Bureau of Land Management New Mexico State Director stating that they wish to protest.

A statement of reasons for a protest may be filed with the Notice of Protest to the State Director or the statement of reasons must be filed with the State Director within thirty (30) days after the protest is filed.

Dated: June 12, 2018.

Thomas A. Maestas,
Acting Chief Cadastral Surveyor for New Mexico.
