A 5-year review considers the best scientific and commercial data that have become available since the current listing determination or most recent status review of each species, such as:

(A) Species biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;

(B) Habitat conditions, including but not limited to amount, distribution, and suitability;

(C) Conservation measures that have been implemented that benefit the species;

(D) Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the ESA); and

(E) Other new information, data, or corrections, including but not limited to taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

New information will be considered in the 5-year review and ongoing recovery programs for the species.

What species are under review?

A list of species under review includes:

- Ozark hellbender (Cryptobranchus alleganiensis bishop)
- Epioblasma obliquata obliquata

Why do we conduct 5-year reviews?

Under the ESA, we maintain Lists of Endangered and Threatened Wildlife and Plants (which we collectively refer to as the List) in the Code of Federal Regulations (CFR) at 50 CFR 17.11 (for animals) and 17.12 (for plants). Section 4(c)(2)(A) of the ESA requires us to review each listed species’ status at least once every 5 years. Our regulations at 50 CFR 424.21 require that we publish a notice in the Federal Register announcing those species under active review. For additional information about 5-year reviews, go to http://www.fws.gov/endangered/what-we-do/recovery-overview.html, scroll down to “Learn More about 5-Year Reviews,” and click on our factsheet.

What information do we consider in our review?

To ensure consideration, please send your written information by June 24, 2019. However, we will continue to accept new information about any listed species at any time.

For instructions on how to submit information for each species, see the table in the SUPPLEMENTARY INFORMATION section.

To request information, contact the appropriate person in the table in the SUPPLEMENTARY INFORMATION section. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800–877–8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We are initiating 5-year status reviews under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.), for the Missouri bladderpod (Physaria filiformis), decurrent false aster (Boltonia decurrens), gray bat (Myotis grisescens), groto sculpin (Cottus specus), Ozark hellbender (Cryptobranchus alleganiensis bishop), and purple cat’s paw pearlymussel (Epioblasma obliquata obliquata).

**Request for Information**

To ensure that a 5-year review is complete and based on the best available scientific and commercial information, we request new information from all sources. See *What Information Do We Consider in Our Review?* for specific criteria. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

**How do I ask questions or provide information?**

If you wish to provide information for any species listed above, please submit your comments and materials to the appropriate contact in the table above. You may also direct questions to those contacts. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800–877–8339 for TTY assistance.

**Public Availability of Submissions**

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials received will be available for public inspection, by appointment, during normal business hours at the offices where the comments are submitted.

**Authority**

We publish this notice under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.).

Lori Nordstrom, Assistant Regional Director, Ecological Services, Midwest Region.

**Notice of Proposed Class II Reinstatement of Terminated Oil and Gas Lease UTU87659, Utah**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** In accordance with Mineral Leasing Act of 1920 as Amended, Flatirons Resources LLC filed a timely petition for reinstatement of oil and gas lease UTU87659 for lands in Grand County, Utah. The petition was accompanied by all required rentals and royalties accruing from January 1, 2016, the date of termination. No leases were issued that affect these lands. The Bureau of Land Management proposes to reinstate this lease.

**FOR FURTHER INFORMATION CONTACT:** Kent Hoffman, Deputy State Director, Lands and Minerals, Utah State Office, Bureau of Land Management, 440 West 200 South, Suite 500, Salt Lake City, Utah, 84101, phone (801) 539–4063, Email: khoffman@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The lessee has agreed to the new lease terms:

- Original term and conditions of the lease;
- Increased rental of $10 per acre;
- Increased royalty of 16-2/3 percent;
- $159 cost of publishing this Notice; and
- $500 cost of administrative fee.

The lease includes the following described lands in Grand County, Utah:

UTU87659 Salt Lake Meridian, Utah
T. 19 S, R. 25 E,
Sec. 3, Lots 1 to 3, S1/2NE1/4, SE1/4NW1/4, NE1/4SW1/4, SE1/4;
