#### Agency Information Collection Activities; Approval Procedures for Nontoxic Shot and Shot Coatings

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing to renew an information collection.

**DATES:** Interested persons are invited to submit comments on or before July 29, 2019.

**ADDRESSES:** Send your comments on the information collection request by mail to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: BPHC, 5275 Leesburg Pike, Falls Church, VA 22041-3803 (mail); or by email to [Info\\_Coll@fws.gov](mailto:Info_Coll@fws.gov). Please reference OMB Control Number 1018-0067 in the subject line of your comments.

**FOR FURTHER INFORMATION CONTACT:** To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at [Info\\_Coll@fws.gov](mailto:Info_Coll@fws.gov), or by telephone at (703) 358-2503.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the

impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed information collection request (ICR) that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the Service; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Service enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Service minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** The Migratory Bird Treaty Act (MBTA) (16 U.S.C. 703 *et seq.*) prohibits the unauthorized take of migratory birds and authorizes the Secretary of the Interior to regulate take of migratory birds in the United States. Under this authority, we control the hunting of migratory game birds through regulations in 50 CFR part 20. On January 1, 1991, we banned lead shot for hunting waterfowl and coots in the United States.

Regulations at 50 CFR 20.134 outline the application and approval process for new types of nontoxic shot. When considering approval of a candidate material as nontoxic, we must ensure that it is not hazardous in the environment and that secondary exposure (ingestion of spent shot or its components) is not a hazard to migratory birds. To make that decision, we require each applicant to provide information about the solubility and toxicity of the candidate material. Additionally, for law enforcement purposes, a noninvasive field detection device must be available to distinguish candidate shot from lead shot. This information constitutes the bulk of an

application for approval of nontoxic shot. The Director uses the data in the application to decide whether to approve a material as nontoxic.

**Title of Collection:** Approval Procedures for Nontoxic Shot and Shot Coatings (50 CFR 20.134).

**OMB Control Number:** 1018-0067.

**Form Number:** None.

**Type of Review:** Extension of a currently approved collection.

**Respondents/Affected Public:** Businesses that produce and/or market approved nontoxic shot types or nontoxic shot coatings.

**Total Estimated Number of Annual Respondents:** 1.

**Total Estimated Number of Annual Responses:** 1.

**Estimated Completion Time per Response:** 3,200 hours.

**Total Estimated Number of Annual Burden Hours:** 3,200 hours.

**Respondent's Obligation:** Required to obtain or retain a benefit.

**Frequency of Collection:** On occasion.

**Total Estimated Annual Nonhour Burden Cost:** \$26,630 (\$1,630 application processing fee and \$25,000 for solubility testing).

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: May 24, 2019.

**Madonna Baucum,**

*Information Collection Clearance Officer, U.S. Fish and Wildlife Service.*

## DEPARTMENT OF THE INTERIOR

### Fish and Wildlife Service

[FWS-R1-ES-2019-N060; FXES1113010000-190-FF01E00000]

#### Endangered Species; Receipt of Recovery and Interstate Commerce Permit Applications

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of receipt of permit applications; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct activities intended to enhance the propagation and survival of endangered species under the Endangered Species Act of 1973, as amended. We invite the public and local, State, Tribal, and

Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

**DATES:** We must receive your written comments on or before July 1, 2019.

**ADDRESSES:** *Document availability and comment submission:* Submit requests for copies of the applications and related documents and submit any comments by one of the following methods. All requests and comments should specify the applicant name(s) and application number(s) (e.g., Dana Ross TE-08964A-2):

- *Email:* [permitsR1ES@fws.gov](mailto:permitsR1ES@fws.gov).
- *U.S. Mail:* Marilet Zablan, Program Manager, Restoration and Endangered Species Classification, Ecological Services, U.S. Fish and Wildlife Service, Pacific Regional Office, 911 NE 11th Avenue, Portland, OR 97232-4181.

**FOR FURTHER INFORMATION CONTACT:** Colleen Henson, Regional Recovery Permit Coordinator, Ecological Services, (503) 231-6131 (phone); [permitsR1ES@fws.gov](mailto:permitsR1ES@fws.gov) (email). Individuals who are hearing or speech impaired may call the

Federal Relay Service at 1-800-877-8339 for TTY assistance.

**SUPPLEMENTARY INFORMATION:** We, the U.S. Fish and Wildlife Service, invite the public to comment on applications for permits under section 10(a)(1)(A) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permits would allow the applicants to conduct activities intended to promote recovery of species that are listed as endangered under the ESA.

**Background**

With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA’s definition of “take” includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing.

A recovery or interstate commerce permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of

propagation or survival of the species. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found in the Code of Federal Regulations (CFR) at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

**Permit Applications Available for Review and Comment**

Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing these permits. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.

Application No.	Applicant, city, state	Species	Location	Take activity	Permit action
TE-043628-9	Institute for Applied Ecology, Corvallis, OR.	Fender’s blue butterfly ( <i>Icaricia icarioides fenderi</i> ), Bradshaw’s desert-parsley ( <i>Lomatium bradshawii</i> ), Cook’s lomatium ( <i>Lomatium cookii</i> ), Willamette daisy ( <i>Erigeron decumbens</i> ).	Oregon .....	Harass by capture, handle, identify, and release. <i>Plants:</i> Remove and reduce to possession, including collection, propagation, outplanting, and hand pollination.	Amend
TE-168437-1	Jane Ragsdale, Celeste, TX.	Hawaiian goose or nene ( <i>Branta sandvicensis</i> ).	Texas .....	Captive propagation .....	Amend

**Public Availability of Comments**

Written comments we receive become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

**Next Steps**

If we decide to issue a permit to the applicants listed in this notice, we will publish a notice in the **Federal Register**.

**Authority**

We publish this notice under section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

**Notice of Proposed Filing of Plats of Survey; Montana**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of proposed official filing.

**SUMMARY:** The plats of survey for the lands described in this notice are scheduled to be officially filed 30 calendar days after the date of this publication in the BLM Montana State Office, Billings, Montana. The surveys, which were executed at the request of the Director, Rocky Mountain Region, Billings, Montana, are necessary for the management of these lands.
