

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2020-0011; OMB No. 1660-0006]

Agency Information Collection Activities: Proposed Collection; Comment Request; National Flood Insurance Program Policy Forms

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning information collected for the selling and servicing of National Flood Insurance Program (NFIP) policies by FEMA's direct servicing agent, NFIP Direct.

DATES: Comments must be submitted on or before April 24, 2020.

ADDRESSES: To avoid duplicate submissions to the docket, please use only one of the following means to submit comments:

(1) *Online.* Submit comments at www.regulations.gov under Docket ID FEMA-2020-0011. Follow the instructions for submitting comments.

(2) *Mail.* Submit written comments to Docket Manager, Office of Chief Counsel, DHS/FEMA, 500 C Street SW, 8NE, Washington, DC 20472-3100.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice that is available via the link in the footer of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Joycelyn Collins, Underwriting Branch Program Analyst, Federal Insurance Directorate, Joycelyn.Collins@fema.dhs.gov, 202-212-4716. You may contact the Records Management Division for copies of the proposed

collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The NFIP is authorized by Public Law 90-448 (1968) and expanded by Public Law 93-234 (1973). The National Flood Insurance Act of 1968 requires that the Federal Emergency Management Agency (FEMA) provide flood insurance at full actuarial rates reflecting the complete flood risk to structures built or substantially improved on or after the effective date for the initial Flood Insurance Rate Map for the community, or after December 31, 1974, whichever is later, so that the risks associated with buildings in flood-prone areas are borne by those located in such areas and not by the taxpayers at large. In accordance with Public Law 93-234, the purchase of flood insurance is mandatory when Federal or federally related financial assistance is being provided for acquisition or construction of buildings located, or to be located, within FEMA-identified special flood hazard areas of communities that participate in the NFIP.

Collection of Information

Title: National Flood Insurance Program Policy Forms.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0006.

FEMA Forms: FEMA Form 086-0-1, Flood Insurance Application; FEMA Form 086-0-2, Flood Insurance Cancellation/Nullification Request Form; FEMA Form 086-0-3, Flood Insurance General Change Endorsement; FEMA Form 086-0-4, V-Zone Risk Factor Rating Form and Instructions (discontinued October 16, 2019, due to insufficient use); and FEMA Form 086-0-5, Flood Insurance Preferred Risk Policy and Newly Mapped Application.

Abstract: In order to provide for the availability of policies for flood insurance, policies are marketed through the facilities of licensed insurance agents or brokers in the various States. Applications from agents or brokers are forwarded to a direct servicing agent designated as fiscal agent by the Federal Insurance and Mitigation Administration (FIMA), referred to as NFIP Direct. Upon receipt and examination of the application and required premium, the servicing company issues the appropriate Federal flood insurance policy.

Affected Public: Individuals or households; State, local or Tribal Government; Business or other for profit; Not-for-profit institutions; and Farms.

Number of Respondents: 409,781.

Number of Responses: 409,781.

Estimated Total Annual Burden

Hours: 62,196.

Estimated Total Annual Respondent

Cost: \$2,268,288.

Estimated Total Annual Cost to the Federal Government: \$9,356,398.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to: (a) Evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Maile Arthur,

Acting Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

Deepwater Horizon Oil Spill Final Restoration Plan #1.3 and Environmental Assessment: Rabbit Island Restoration and Shoreline Protection at Jean Lafitte Historical National Park and Preserve and Finding of No Significant Impact; Louisiana Trustee Implementation Group

AGENCY: Department of the Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the Oil Pollution Act of 1990 (OPA), the National Environmental Policy Act of 1969 (NEPA), the Final Programmatic Damage Assessment Restoration Plan and Final Programmatic Environmental Impact Statement (Final PDARP/PEIS), and the Consent Decree, the Federal and

State natural resource trustee agencies for the Louisiana Trustee Implementation Group (LA TIG) have prepared the *Louisiana Trustee Implementation Group Final Phase 2 Restoration Plan/Environmental Assessment #1.3:Rabbit Island Restoration and Shoreline Protection at Jean Lafitte Historical National Park and Preserve* (Phase 2 RP/EA #1.3) and *Finding of No Significant Impact* (FONSI), approving construction activities for the restoration of habitats on federally managed lands and birds injured in the Louisiana Restoration

Area as a result of the *Deepwater Horizon* (DWH) oil spill. The Phase 2 RP/EA #1.3 analyzes restoration project design alternatives for two projects, which were approved for engineering and design (E&D) in a previous restoration plan. In the final Phase 2 RP/EA #1.3, the LA TIG selected and approved a design alternative for construction of each, at a total approximate cost of \$36,048,500. The purpose of this notice is to inform the public of the availability of the final Phase 2 RP/EA #1.3 and FONSI.

ADDRESSES:

Obtaining Documents: You may download the Phase 2 RP/EA #1.3 from either of the following websites:

- <https://www.doi.gov/deepwaterhorizon>.
- <https://www.gulfspillrestoration.noaa.gov/restoration-areas/louisiana>.

Alternatively, you may request a CD of the Phase 2 RP/EA #1.3 (see **FOR FURTHER INFORMATION CONTACT**). A hard copy of the Phase 2 RP/EA #1.3 is also available for public review at the locations listed in the following table.

SUPPLEMENTARY INFORMATION:**Introduction**

On April 20, 2010, the mobile offshore drilling unit *Deepwater Horizon*, which was being used to drill a well for BP Exploration and Production, Inc. (BP), in the Macondo prospect (Mississippi Canyon 252–MC252), experienced a significant explosion, fire, and subsequent sinking in the Gulf of Mexico, resulting in an unprecedented volume of oil and other discharges from the rig and from the wellhead on the seabed. The DWH oil spill is the largest offshore oil spill in U.S. history, discharging millions of barrels of oil over a period of 87 days. In addition, well over 1 million gallons of dispersants were applied to the waters of the spill area in an attempt to disperse the spilled oil. An undetermined amount of natural gas was also released into the environment as a result of the spill.

The Trustees conducted the natural resource damage assessment (NRDA) for the DWH oil spill under the Oil Pollution Act 1990 (OPA; 33 U.S.C.

2701 *et seq.*). Pursuant to OPA, Federal and State agencies act as trustees on behalf of the public to assess natural resource injuries and losses and to determine the actions required to compensate the public for those injuries and losses. The OPA further instructs the designated trustees to develop and implement a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the injured natural resources under their trusteeship to baseline (the resource quality and conditions that would exist if the spill had not occurred). This includes the loss of use and services provided by those resources from the time of injury until the completion of restoration.

The DWH Trustees are:

- U.S. Department of the Interior (DOI), as represented by the National Park Service, U.S. Fish and Wildlife Service, and Bureau of Land Management;
- National Oceanic and Atmospheric Administration (NOAA), on behalf of the U.S. Department of Commerce;
- U.S. Department of Agriculture (USDA);
- U.S. Environmental Protection Agency (EPA);
- State of Louisiana Coastal Protection and Restoration Authority,

Oil Spill Coordinator's Office, Department of Environmental Quality, Department of Wildlife and Fisheries, and Department of Natural Resources;

- State of Mississippi Department of Environmental Quality;
- State of Alabama Department of Conservation and Natural Resources and Geological Survey of Alabama;
- State of Florida Department of Environmental Protection and Fish and Wildlife Conservation Commission; and
- State of Texas: Texas Parks and Wildlife Department, Texas General Land Office, and Texas Commission on Environmental Quality.

On April 4, 2016, the United States District Court for the Eastern District of Louisiana entered a Consent Decree resolving civil claims by the Trustees against BP arising from the DWH oil spill: *United States v. BXP et al.*, Civ. No. 10–4536, centralized in MDL 2179. In re: Oil Spill by the Oil Rig “Deepwater Horizon” in the Gulf of Mexico, on April 20, 2010 (E.D. La.) (<http://www.justice.gov/enrd/deepwater-horizon>). Pursuant to the Consent Decree, restoration projects in the Louisiana Restoration Area are chosen and managed by the LA TIG. The LA TIG is composed of the following Trustees: State of Louisiana Coastal Protection and Restoration Authority,

Oil Spill Coordinator's Office, Departments of Environmental Quality, Wildlife and Fisheries, and Natural Resources; DOI; NOAA; EPA; and USDA.

Background

The Final PDARP/PEIS provides for TIGs to propose phasing restoration projects across multiple restoration plans. A TIG may propose in a draft restoration plan conceptual projects to fund for an information-gathering planning phase, such as E&D (phase 1). This allows TIGs to develop information needed to fully consider a subsequent implementation phase in a later restoration plan (phase 2). In the final Phase 1 RP #1, the LA TIG selected six conceptual projects for E&D, using funds from the wetlands, coastal and nearshore habitats; birds; and habitat projects on federally managed lands restoration types, as provided for in the DWH Consent Decree. Two of those projects that were selected for E&D in the final Phase I RP #1 are the Rabbit Island Restoration project (Rabbit Island project), under the birds restoration type, and the Shoreline Protection at Jean Lafitte Historical National Park and Preserve (Jean Lafitte project) under the habitat projects on federally managed lands restoration type. When E&D for those projects reached a stage where enough information was available to conduct OPA and NEPA analyses on the alternatives, a Phase 2 plan was drafted. Notice of availability of the draft Phase 2 RP/EA #1.3 was published in the **Federal Register** on November 13, 2019 (84 FR 61636). Public comment was encouraged and accepted until December 20, 2019. The LA TIG hosted a public webinar on December 2, 2019, to facilitate public review and comment. The LA TIG considered the public comments received and finalized the Phase 2 RP/EA #1.3. A summary of the public comments received and the LA TIG's responses to those comments are presented in Section 7 of the final Phase 2 RP/EA #1.3.

Overview of the LA TIG Draft Phase 2 RP/EA #1.3

The final Phase 2 RP/EA #1.3 is being released in accordance with OPA NRDA regulations found in the Code of Federal Regulations (CFR) at 15 CFR part 990, NEPA and its implementing regulations found at 40 CFR parts 1500–1508, the Final PDARP/PEIS, and the Consent Decree. The Phase 2 RP/EA #1.3 provides OPA and NEPA analyses for a reasonable range of design alternatives for the Rabbit Island Restoration and Jean Lafitte Shoreline Restoration projects, and identifies the LA TIG's

preferred design alternatives, those which the LA TIG believes best meet the objectives of the two projects. In accordance with NEPA, as part of the final Phase 2 RP/EA #1.3, the Trustees issued a FONSI. The FONSI is available in Appendix E of the Phase 2 RP/EA #1.3.

The Rabbit Island Restoration project meets the goal of restoring and conserving birds by restoring 87.8 acres of the island's original 200-acre footprint for bird habitat. This would be done by raising the elevation of Rabbit Island using dredged fill material from the Calcasieu Ship Channel as the borrow source area. Total cost for this project is approximately \$15,600,000.

The Jean Lafitte Shoreline Protection project implements a nearly continuous rock breakwater, with rock elbows protecting fish gaps along the eastern shorelines of Lake Cataouche, Lake Salvador, and Bayou Bardeaux in the Jean Lafitte National Historical Park and Preserve. Implementation is proposed in two increments, the northern and the southern portions of the project area. In the final Phase 2 RP/EA #1.3, the LA TIG approves to fund only the southern portion of the project at this time. The northern portion may be funded at a later date. Total cost for this project is approximately \$20,448,500.

Administrative Record

The documents comprising the Administrative Record for the Phase 2 RP/EA #1.3 can be viewed electronically at <https://www.doi.gov/deepwaterhorizon/adminrecord>.

Authority

The authority for this action is the Oil Pollution Act of 1990 (33 U.S.C. 2701 *et seq.*), its implementing Natural Resource Damage Assessment regulations found at 15 CFR part 990, and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and its implementing regulations found at 40 CFR parts 1500–1508.

Mary Josie Blanchard,

Department of the Interior, Director of Gulf of Mexico Restoration.

Notice of Availability of the Final Environmental Impact Statement for the Proposed POA11 Project—Modification to the Plan of Operations for the Coeur Rochester and Packard Mines, Pershing County, Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Humboldt River Field Office, Winnemucca, Nevada has prepared a Final Environmental Impact Statement (EIS) and by this notice is announcing its availability.

DATES: The BLM will not issue a final decision on the proposal for a minimum of 30 days after the date that the Environmental Protection Agency publishes its Notice of Availability in the **Federal Register**.

ADDRESSES: Copies of Coeur Rochester and Packard Mines POA11 Project Plan of Operations and EIS are available for public inspection at the Winnemucca District BLM Office, 5100 East Winnemucca Boulevard, Winnemucca, Nevada. Interested persons may also review the Final EIS on the internet at <https://go.usa.gov/xPdjC>.

FOR FURTHER INFORMATION CONTACT:

Kathleen Rehberg, Project Lead, telephone: (775) 623–1500; address: 5100 East Winnemucca Boulevard, Winnemucca, NV 89445. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The applicant, Coeur Rochester Inc., has requested to modify its approved Plan of Operations at the Rochester and Packard mines by expanding its operations. The mine is located approximately 26 miles northeast of Lovelock, Nevada. The mine is currently authorized disturbance up to 2203.1 acres (approximately 164.6 acres of private land and 2038.5 acres of public land),
