

**A. Overview of Information Collection***Title of Information Collection:*

Manufactured Home Construction and Safety Standards Act Park Model RV Exemption Notice.

*OMB Approval Number:* 2502–0616.

*OMB Expiration Date:* May 31, 2020.

*Type of Request:* Extension of a currently approved collection.

*Form Number:* None.

*Description of the need for the information and proposed use:* For recreational vehicles that are exempt from HUD regulation as manufactured homes, HUD requires certification with either the American National Standards Institute's (ANSI) standard for Park Model Recreational Vehicles (PMRV), A119.5–15 or the National Fire Protection Association's NFPA 1192, Standard on Recreational Vehicles, 2015 Edition. PMRVs built to ANSI A119.5–15 may exceed the RV exemption's 400 square foot threshold, a manufacturer must post notice in the home that the structure is only designed for recreational purposes and is not designed as a primary residence or for permanent occupancy.

The Recreation Vehicle Industry Association's (RVIA) current seal does not satisfy HUD's standard for the manufacturer's notice. HUD requirements provide specifics regarding the content and prominence of the notice and which requires the notice to be prominently displayed in the unit and delivered to the consumer before the sale transaction is complete, regardless of whether the transaction occurs online or in-person. PMRV manufacturers will satisfy this requirement with two printed sheets of paper per PMRV: One in the kitchen, and one delivered to the consumer before the transaction.

*Respondents (i.e., affected public):* Business or other for-profit.

*Estimated Number of Respondents:* 22.

*Estimated Number of Responses:* 4,000 per annum.

*Frequency of Response:* Approx. 181. *Average Hours per Response:* 20 seconds.

*Total Estimated Burden:* 22 hours.

**B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

*C. Authority:* Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

The General Deputy Assistant Secretary for Housing, John L. Garvin, having reviewed and approved this document, is delegating the authority to electronically sign this document to submitter, Nacheshia Foxx, who is the Federal Register Liaison for HUD, for purposes of publication in the **Federal Register**.

Dated: April 6, 2020.

**Nacheshia Foxx**,

*Senior Clearance Officer for the Office of Regulations Division, Office of the General Counsel.*

**Draft Categorical Exclusion and Draft Los Alamos Conservation Plan for Cultivation Activities in Santa Barbara County, California**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), announce the availability of a draft conservation plan (plan), as well as the associated draft categorical exclusion (CatEx), for cultivation activities within and around Los Alamos in Santa Barbara County, California. The Service developed the plan in accordance with the Endangered Species Act to provide a streamlined mechanism for proponents engaged in activities associated with agricultural development, to meet statutory and regulatory requirements while promoting conservation of the Santa Barbara County distinct population segment of the California tiger salamander.

The Service prepared the draft CatEx in accordance with the National Environmental Policy Act to evaluate the potential effects to the natural and human environment resulting from issuing permits under the plan. We invite public comment on these documents.

**DATES:** Written comments should be received on or before May 11, 2020.

**ADDRESSES:** *Obtaining Documents:* You may download a copy of the draft plan and draft CatEx at <http://www.fws.gov/ventura/>, or you may request copies of the documents by U.S. mail (below) or by phone (see **FOR FURTHER INFORMATION CONTACT**).

*Submitting Written Comments:* Please send us your written comments using one of the following methods:

- *U.S. mail:* Stephen P. Henry, Field Supervisor, Ventura Fish and Wildlife Office, U.S. Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, CA 93003.

- *Email:* [rachel\\_henry@fws.gov](mailto:rachel_henry@fws.gov).

**FOR FURTHER INFORMATION CONTACT:**

Rachel Henry, Fish and Wildlife Biologist, by phone at 805–677–3312, via the Federal Relay Service at 1–800–877–8339 for TTY assistance, or at the Ventura address (see **ADDRESSES**).

**SUPPLEMENTARY INFORMATION:** We, the U.S. Fish and Wildlife Service (Service), announce the availability of a draft conservation plan (plan), as well as the associated draft categorical exclusion (CatEx), for cultivation activities within and around Los Alamos in Santa Barbara County California. We invite public comment on these documents.

**Draft General Conservation Plan**

The draft conservation plan was developed by the Service in accordance with section 10(a)(2)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The plan meets the issuance criteria as required by section 10(a)(2)(B) of the ESA for issuance of a section 10(a)(1)(B) incidental take permit (ITP). The Service developed the plan to provide a streamlined mechanism for proponents engaged in activities associated with the installation and operation of vineyards, crops, and other agricultural development, to meet statutory and regulatory requirements while promoting conservation of the Santa Barbara County distinct population segment (DPS) of the California tiger salamander (*Ambystoma californiense*). Permits issued under the plan would authorize incidental take of the Santa Barbara County DPS of the California tiger salamander for up to 20 years after the plan becomes effective.

### Draft Categorical Exclusion

The Service prepared the draft CatEx in accordance with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) to evaluate the potential effects to the natural and human environment resulting from issuing permits under the plan.

### Background

The Service listed the Santa Barbara County DPS of the California tiger salamander as endangered on September 21, 2000 (65 FR 57242).

Section 9 of the ESA and its implementing regulations prohibit the take of fish or wildlife species listed as endangered or threatened. "Take" is defined under the ESA to include the following activities: "[T]o harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct" (16 U.S.C. 1532); however, under section 10(a)(1)(B) of the ESA, we may issue permits to authorize incidental take of listed species. "Incidental take" is defined by the ESA as take that is incidental to, and not the purpose of, carrying out of an otherwise lawful activity. Regulations governing incidental take permits for threatened and endangered species are in the Code of Federal Regulations (CFR) at 50 CFR 17.32 and 17.22, respectively. Issuance of an incidental take permit also must not jeopardize the existence of federally listed fish, wildlife, or plant species. The permittees would receive assurances under our "No Surprises" regulations ((50 CFR 17.22(b)(5) and 17.32(b)(5)) regarding conservation activities for the Santa Barbara County DPS of the California tiger salamander.

### Proposed Action

The proposed action is approval of the plan and subsequent issuance of permits. The Service prepared the plan to provide a more efficient and standardized mechanism for proponents in activities associated with the installation and operation of vineyards, crops, and other agricultural development on non-Federal lands. The plan meets the permit issuance criteria as required by section 10(a)(2)(B) of the ESA and enables the construct of a programmatic permitting and conservation process to address a defined suite of proposed activities over a defined planning area. The proposed plan would allow private individuals, local and State agencies, and other non-Federal entities to meet the statutory and regulatory requirements of the ESA by applying for permits and complying

with the requirements of the plan, including all applicable avoidance, minimization, and mitigation actions.

The draft CatEx provides the required NEPA documentation for the proposed Federal action, which is approval of a conservation plan and subsequent issuance of permits pursuant to section 10(a)(1)(B) of the ESA. The CatEx also provides baseline environmental information, and a discussion of impacts to the human and natural environment that may occur as a result of implementation of the proposed plan.

### Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so.

### Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6).

### Stephen Henry,

Field Supervisor, Ventura Fish and Wildlife Office, Ventura, California.

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[LLCOS05000.L16100000.DQ0000.LXSS053C0000.20X]

### Notice of Availability of the Record of Decision for the Uncompahgre Field Office Approved Resource Management Plan, Colorado

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the Approved Resource Management Plan (RMP) for the Uncompahgre Field Office located in southwestern Colorado, in Montrose, Delta, Gunnison, Ouray, San Miguel and Mesa counties. The Colorado State Director signed the ROD on April 2,

2020. The ROD makes the Approved RMP effective immediately.

**ADDRESSES:** Copies of the ROD/ Approved RMP are available upon request from the Uncompahgre Field Office, Bureau of Land Management, 2465 South Townsend Avenue, Montrose, CO 81401 or via the internet at <https://go.usa.gov/xnpgD>. Copies of the ROD/Approved RMP are available for public inspection by appointment at the Uncompahgre Field Office, Montrose, CO, and the BLM Colorado State Office, 2850 Youngfield St, Lakewood, CO 80215.

### FOR FURTHER INFORMATION CONTACT:

Angela LoSasso, Planning and Environmental Coordinator, telephone 970-240-5300; email [uformp@blm.gov](mailto:uformp@blm.gov). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact Ms. LoSasso during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The Uncompahgre Approved RMP replaces the 1985 San Juan/San Miguel RMP, as amended; and the 1989 Uncompahgre Basin RMP, as amended. The BLM developed the Uncompahgre Field Office RMP in collaboration with 18 cooperating agencies. The BLM began engaging with the public and its cooperating agencies on the RMP revision in 2010 and made the Draft RMP/Draft EIS available for public review and comment in 2016; the BLM made the Proposed RMP/Final EIS available to the public on June 28, 2019. The BLM received 13 protest letters from parties with standing during the ensuing protest period, and the BLM Director resolved those protests. The Colorado Governor submitted a letter identifying certain concerns related to the consistency of the Proposed RMP with State plans. After a thorough review, the BLM determined that the Proposed RMP is consistent with existing State plans; however, as a result of the Governor's comments, the BLM adopted a new controlled surface use stipulation for fluid mineral leasing. Its purpose is to ensure the function and suitability of big game winter range, migration and production areas. The BLM also modified a stipulation to enhance the Gunnison Sage-Grouse habitat protection. The Approved RMP describes landscape-level management actions and allowable uses for resources, resource uses and special designations within the Uncompahgre Planning Area. The Planning Area
