BILLING CODE 4140–01–P

DEPARTMENT OF THE Interior

Fish and Wildlife Service

Endangered Species; Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct activities intended to enhance the propagation or survival of endangered species under the Endangered Species Act of 1973, as amended. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive written data or comments on the applications by July 6, 2020.

ADDRESSES: Reviewing Documents:
Documents and other information submitted with the applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act. Submit a request for a copy of such documents to Karen Marlowe (see FOR FURTHER INFORMATION CONTACT).

Submitting Comments: If you wish to comment, you may submit comments by one of the following methods:
• U.S. mail: U.S. Fish and Wildlife Service Regional Office, Ecological Services, 1875 Century Boulevard, Atlanta, GA 30345 (Attn: Karen Marlowe, Permit Coordinator).
• Email: permitsR4ES@fws.gov. Please include your name and return address in your email message. If you do not receive a confirmation from the U.S. Fish and Wildlife Service that we have received your email message, contact us directly at the telephone number listed in FOR FURTHER INFORMATION CONTACT.

FOR FURTHER INFORMATION CONTACT:
Karen Marlowe, Permit Coordinator, 404–679–7097 (telephone), karen.marlowe@fws.gov (email), or 404–679–7081 (fax). Individuals who are hearing or speech impaired may call the Federal Relay Service at 1–800–877–8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We invite review and comment from local, State, and Federal agencies and the public on applications we have received for permits to conduct certain activities with endangered and threatened species under section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.), and our regulations in the Code of Federal Regulations (CFR) at 50 CFR part 17. With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activities. The ESA’s definition of “take” includes hunting, shooting, harming, wounding, or killing, and also such activities as pursuing, harassing, trapping, capturing, or collecting.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing these permits. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.
Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
### Permit application No. | Applicant | Species | Location | Activity | Type of take | Permit action
--- | --- | --- | --- | --- | --- | ---
TE 41955C-1 | Anthony Miller, Lexington, KY. | BATS: Indiana bats (Myotis sodalis), gray bats (Myotis grisescens), northern long-eared bats (Myotis septentrionalis), and Virginia big-eared bats (Corynorhinus townsendii virginianus); FISH: Blackside dace (Phoxinus cumberlandensis) and Kentucky arrow darter (Etheostoma soldatum); MUSSELS: Cumberland elktoe (Alasmidonta atrohippurum), Cumberland combshell (Epioblasma brevidens), fanshell (Cyprinella stigala), fat pocketbook (Potamilus capax), littlewing pearl Mussel (Pisigus fabula), northern riffleshell (Epioblasma torulosa rangiana), orangefoot pimpleback (Plethobasus cooperianus), oyster mussel (Epioblasma capsaeformis), pink mudlet (Lampsilis abrupta), purple cat's paw (Epioblasma obliquata obliquata), ring pink (Obovaria retusa), and rough pigtoe (Pleurobema plenum). | Bats: Alabama, Arkansas, Connecticut, Delaware, District of Columbia, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New York, North Carolina, South Carolina, South Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, and Wyoming; Fish and Mussels: Kentucky, Delaware, Kentucky, Maryland, New Jersey, North Carolina, Pennsylvania, South Carolina, Tennessee, Vermont, Virginia, West Virginia, and Virginia. | Presence/absence surveys, population monitoring, genetic sampling, collection for propagation and transplantation. | Renewal.
TE 671970-0 | Tyler Black, Chapel Hill, NC. | CRAYFISH: Big Sandy crayfish (Cambarus calkinsi), Guyandotte River crayfish (Cambarus ventratus), and Nashville crayfish (Oncorhynchus shoup). FISH: Laurel dace (Etheostoma osburni), candy darter (Chrosomus veteranus), and Nashville crayfish (Cambarus callainus), and Kentucky arrow darter (Etheostoma soldatum); MUSSELS: Cumberland elktoe (Alasmidonta atrohippurum), Cumberland combshell (Epioblasma brevidens), fanshell (Cyprinella stigala), fat pocketbook (Potamilus capax), littlewing pearl Mussel (Pisigus fabula), northern riffleshell (Epioblasma torulosa rangiana), boulder darter (Etheostoma walpi), Barrens topminnow (Fundulus juliea), palezone shiner (Notropis albizonatus), Cape Fear shiner (Notropis moketscholas), smoky madtom (Noturus babyi), crucky madtom (Noturus staniei), amber darter (Percina antaeina), golden darter (Percina aurorubra), Consauga loaperch (Percina jenikai), Roanoke loaperch (Percina res). snail darter (Percina tanas), and blackside dace (Doxius cumberlandensis); MUSSELS: Cumberland elktoe (Alasmidonta atrohippurum), dwarf wedgemussel (Alasmidonta heterodon), Appalachian elktoe (Alasmidonta raveneliana), spectacled mussel (Cyprinella monodon), fanshell (Cyprinella stigala), dromedary pearl Mussel (Dromus dromus), yellow lance (Eiplio steiniata), Tar River smiynussel (Eiplio steiniata), Cumberland combshell (Epioblasma brevidens), oyster mussel (Epioblasma capsaeformis), yellow blossom (Epioblasma capsaeformis), tan slathouse (Epioblasma florentina), and Cumberland combshell (Phoxinus cumberlandensis). FISH: Laurel dace (Etheostoma osburni), candy darter (Chrosomus veteranus), and Nashville crayfish (Cambarus callainus), and Kentucky arrow darter (Etheostoma soldatum); MUSSELS: Cumberland elktoe (Alasmidonta atrohippurum), Cumberland combshell (Epioblasma brevidens), fanshell (Cyprinella stigala), fat pocketbook (Potamilus capax), littlewing pearl Mussel (Pisigus fabula), northern riffleshell (Epioblasma torulosa rangiana), tuberedd blossom (Epioblasma torulosa torulosa), snuffbox mussel (Epioblasma capsaeformis), turgid blossom (Epioblasma turgida), shiny pigtoe (Fuscoina con), finayed pigtoe (Fuscoina con), Atlantic pigtoe (Fuscoina masoni), cracking pearl Mussel (Hamstena lata), pink mucket (Lampsilis abrupta), finished pocketbook (Lampsilis altitn), Alabama lammasel (Lampsilis virescens), Carolina heelspitter (Lamringa decorata), birdwing pearl Mussel (Lebomox rimosus), scaleshell mussel (Leptoleptos lepidotom), Alabama moccasin shell (Medionioncicactus), Cocoas moccasin shell (Medionioncicactus), ring pink (Obovaria retusa), birdwing pearl Mussel (Pisigus albstana), white waterback (Plethobasus cicatricosus), orangefoot pimpleback (Plethobasus cooperianus), sheepsore (Plethobasus cyprinella), clubshell (Pleurobema clava), James smiynussel (Pleurobema deskey), southern pearl Mussel (Pleurobema georgianum), Cumberland pigtoe (Pleurobema gibberum), Georgia pigtoe (Pleurobema hanleyi), ovate clubshell (Pleurobema perovatum), rough pigtoe (Pleurobema plenum), alabamia pearl Mussel (Pleurobema dolabellides), fat pocketbook (Potamilus capax), triangular kidney Mussel (Plecopterus greeni), fluted kidney Mussel (Plecopterus suavilus), rock pigtoe (Pleurobema hispanica), Atlantic pigtoe (Pleurobema masoni), and Cumberland combshell (Quadrula sparsa), Pale lipitt (Tobiasia cylindracea), rayed bean (Villosa parvula), purple bean (Villosa purpurea), and Cumberland combshell (Quadrula sparsa). | Presence/absence surveys, population monitoring, genetic sampling, collection for propagation and transplantation. | New.
TE 66038A-1 | Arkansas Game and Fish Commission, Benton, AR. | AMPHIBIANS: Ozark hellbender (Cynops orientalis bishoff); MUSSELS: Quachita rock pocketbook (Arkansas wheat), snuffbox mussel (Epioblasma tiogadus), Arkansas fatmucket (Lampsilis powelli), speckled pocketbook (Lampsilis streaked), Neosho mucket (Lampsilis tianshina), rabbitfoot (Quadrula cylindrica cylindrica), and winged mapleleaf (Quadrula fragosa). | Bats: Enter hibernacula and summer roost caves, capture with mist nets or harp traps, handle, identify, band, radio-tag, collect hair samples, light-tag, wing-punch. Fish: Capture with hand nets and seine, handle, identify, and release. Mussels: Remove from the substrate for identification, data collection, and return. | Renewal and amendment.
TE 68453D-0 | Andrew Edelman, University of West Georgia, Carrollton, GA. | Gray bat (Myotis grisescens), northern long-eared bat (Myotis septentrionalis), and Indians bat (Myotis sodalis). | Bats: Enter hibernacula and maternity roost caves, mist-net, capture, handle, band, radio-tag, and collect hair samples. | New.

Land Acquisitions; Wyandotte Nation
AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The Assistant Secretary—Indian Affairs made a final agency determination to acquire 10.24 acres, more or less, of land in trust for the Wyandotte Nation, for gaming and other purposes on May 20, 2020.

FOR FURTHER INFORMATION CONTACT: Ms. Paula L. Hart, Director, Office of Indian Gaming, Bureau of Indian Affairs, MS–3657 MIB, 1849 C Street NW, Washington, DC 202240, telephone (202) 219–4066.

SUPPLEMENTARY INFORMATION: This notice is published in the exercise of authority delegated by the Secretary of the Interior to the Assistant Secretary—Indian Affairs by 209 Departmental Manual 8.1, and is published to comply with the requirements of 25 CFR 151.12(c)(2)(iii) that notice of the decision to acquire land in trust be promptly provided in the Federal Register.

The Assistant Secretary—Indian Affairs, on behalf of the Secretary of the Interior, will immediately acquire title to all the coal, lignite, oil, gas and other minerals in, under and that may be produced from the land, together with all rights, privileges and immunities relating thereto.

Tara Sweeney,
Assistant Secretary—Indian Affairs.
