Abstract: We collect information via FWS Form 3–2349 (Alaska Guide Service Evaluation) to help us evaluate commercial guide services on our national wildlife refuges in the State of Alaska (State). The National Wildlife Refuge Administration Act of 1966, as amended (16 U.S.C. 668dd–ee), authorizes us to permit uses, including commercial visitor services, on national wildlife refuges when we find the activity to be compatible with the purposes for which the refuge was established. With the objective of making available a variety of quality visitor services for wildlife-dependent recreation on National Wildlife Refuge System lands, we issue permits for commercial guide services, including big game hunting, sport fishing, wildlife viewing, river trips, and other guided activities. We use FWS Form 3–2349 as a method to:

• Monitor the quality of services provided by commercial guides.
• Assess the impacts of the activity on refuge resources.

The client is the best source of information on the quality of commercial guiding services. We collect:

• Client name.
• Guide name(s).
• Type of guided activity.
• Dates and location of guided activity.
• Information on the services received, such as the client’s expectations, safety, environmental impacts, and client’s overall satisfaction.

We encourage respondents to provide any additional comments that they wish regarding the guide service or refuge experience, and ask whether or not they wish to be contacted for additional information.
