Fish and Wildlife Service

Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Sand Skink and Blue-Tailed Mole Skink; Polk County, FL; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments and information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from Forestar Group, Inc. (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.). The applicant requests the ITP to take the federally listed sand skink (Neoseps reynoldsi) and blue-tailed mole skink (Eumeces egregius lividus) incidental to the construction of a residential development in Polk County, Florida. We request public comment on the application, which includes the applicant’s HCP, and on the Service’s preliminary determination that this HCP qualifies as “low-effect,” categorically excluded, under the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 et seq.). To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

Next Steps
The Service will evaluate the application and the comments to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number TB88352D–0 to Forestar Group, Inc. for incidental take of skinks.
