

Hello,

My name is Ted Brock and our company ZenithTech Industries, Inc is about to begin a production run of Swedish Climbing Ladders. These new ladders will mate with the previous ladders offered by forestry suppliers. Due to the fact there is not mainstream demand for these ladders, we will probably only produce ladders once a year and the production run numbers will be based on current demand with a few extra going into inventory. Because we are a small manufacturing company, we can not afford to store a great deal of inventory. The price for the ladders will be \$449.00. If you are interested, please send us an email with the quantities and anything we need to do to get signed up as a vendor with your specific organization. Also, if there is demand, we will make feet for the ladders. Just let us know.

Thanks in advance for your business, we appreciate it.

Ted Brock
