

RESTORE Sacramento

Schoolyard Restoration Training

Building wildlife habitats on your schoolyard!

Bring a team from your school to join habitat experts for a fun, hands-on week!

July 16 - 20, 2012

8:30 - 4 Monday-Thursday, 8:30-1 Friday

Based at beautiful Soil Born Farms along the American River Parkway

USFWS+ Scott Wreyford-Jr.

USFWS+ Scott Wreyford-Jr.

Learn the steps to creating a restoration project on school grounds through:

- field trips to local schoolyard habitat projects & the Center for Land-Based Learning
- meeting a network of engaged educators
- learning about funding and partnership opportunities
- outdoor, content standards-based lessons designed to extend and enhance your existing curriculum

Past participants are saying:

“I can’t wait to use these lessons next year!”

“What a great week, can I come back on Monday?”

“Great hands-on activities with time to discuss practical application.”

\$50 - includes curriculum materials & lunch on Monday & Thursday
