Hi. Do you have status on this, please? I need the revised document to tie off a product for Mike before his meeting tomorrow. Thanks.

Matt-

I am teleworking today due to the weather. I have contacted Donna Kruse to assist me with this.

Thanks,
Trina

Subject: FW: GRSG: rangewide guidance memo re: working

Trina,

Could you please add a date to this memo and send it back to me ASAP? We need to date it for our record and so we can advise our partners re: when we issued it. You can date it February 5, 2015.

Thanks.

Matt

Subject: FW: GRSG: rangewide guidance memo re: working

Hello,

Please see attached the subject memorandum, issued recently by the ARDs to all FWS ES Project Leaders working in greater sage-grouse range. This memo regionalizes guidance first provided by Dr. Paul Henson, State Supervisor for the Oregon Fish and Wildlife Office, to that station and lays out our approach and rationale for working with rangeland owners in sage-grouse country going forward.

We will provide the attached memo to WGA for distribution to the Governors' Sage-Grouse Task Force and will post it our national GrSG site (www.fws.gov/greatersagegrouse) in the near future.

Please let us know if you have any questions on the attached. Thanks.

Matt
