Hi Matt,

I'll be there. May or may not skip out after lunch depending on where we're at and how much I'm of service in the CCAA/SGI conversation -- however can and will be available at the RO all/most of the day. I think I may have figured out the CE data from NCED and NRCS today and will likely have it to Kevin this week. So, we may be able to either remove that agenda item or simply rip through it quickly. Might talk with you about providing them with number/acreages (asap) so they can confirm on their end or remedy discrepancies.

Folks,

This is a friendly reminder about our meeting with NRCS next Thursday (3/5) here in Denver. For those of you in the "To" line, please confirm by COB this Friday (2/27) that you will attend and/or if another person in your shop will attend.

For folks in Portland and Sacramento, we'll provide VTC information in advance of the meeting. We'll also provide a final agenda and NRCS roster when we receive same from Tim.

Please let me know if you have any immediate questions and thanks in advance for your reply.

Matt

**Importance:** High

Tim,

Hope you are doing well. Please see attached a draft agenda for our meeting next week. Please review and let me know if you have revisions. Please note I included a placeholder for your roster. A few notes on the meeting:

- We have a conference room that accommodates ~20 folks. We'll have VTC capability and a laptop projector. I anticipate 7 or so FWS folks in person and roughly ½ again that number via VTC and/or phone. In terms of our actual roster, you can expect the folks copied here, plus our other ARDs-ES (or their representatives); and key members of our technical team.
- I put the spatial data items first on the agenda be: I think we are close to tying those off and am hopeful we can spend the balance of the day working through remaining questions re: CCAAs.
- Noreen is flying back from UT that morning and has a Colorado River Recovery Program executive meeting that afternoon but will try her best to join in between those commitments.

Thanks in advance for your review and reply and we look forward to seeing you all next week here in Denver.

Matt
